Dear Mr. Evans:

In further regard to our ongoing discussions on the Maximization Memorandum of Understanding the Central and Southern Regions are interpreting the Agreement as permitting the assignment of full-time flexible employees to residual vacancies under the provisions of Article 37, Section 3 F 10 (unassigned regulars). It is my clear understanding of our Agreement on the Memorandum that such employees will be treated for all purposes as being assigned to duties, hours and days of work that may be changed as per the memo, with proper notice.

It is also my understanding that the Postal Service has committed to providing all of the printouts from June 16, 1983 to August 31, 1983 by September 1, 1983. Failure to provide such printouts will create a back-pay liability from the date an affected employee should have been converted to full-time as per the Memorandum.

In the event that the position of the Postal Service differs with the above I am available to meet to discuss these issues at your convenience.

Sincerely,

William Burrus,

Executive Vice President
