

Clerk Upgrades Coming in March

Effective March 18, 2006 all Air Records Processors, PS-05 will be upgraded to Level 6, all TACS Time and Attendance Clerks, PS-05 will be upgraded to Level 6 and all Ramp Clerks, PS-06 will be upgraded to Level 7. In addition, all Bulk Mail Clerks, PS-05 will be upgraded to Level 6 Bulk Mail Clerk.

None of the incumbents who hold duty assignments under these position descriptions will have their duty assignments reposted since the upgrades were part of a negotiated and ratified extension to the Collective Bargaining Agreement.

Affect of Bulk Mail Clerk Upgrade on Window Clerks

Their Standard Position Description states that a Bulk Mail Clerk **“accepts, classifies, and computes the chargeable postage on second- or third-class mail matter or both.”**

Bulk Mail Clerks, who normally work in Bulk Mail Acceptance Units, must attend a three-week training and testing regimen at the Academy in Norman, Oklahoma in order to become the successful bidder.

The Postal Service has also recognized in its Business Mail Acceptance Training for Associate Offices Study Guide Course #23201-09 that **“there are thousands of Postal Workers whose duties and responsibilities include the acceptance of business mailings but who are not required to attend the Academy.”**

The Standard Position Description of all Sales and Services Associates(SSA), PS-05, Sales, all Services and Distribution Associates(SS&DA), PS-05 and all Lead Sales and Services Associates(LSSA), PS-06 states they **“may verify presort and bulk mailings of all classifications, computing and maintaining on a current basis mailers’ credit balances.”**

Effective March 16, 2006, any employees who performs these duties will be performing Level 6 work when they accept and verify business mailings.

The Postal Service and the Clerk Division entered into a series of Questions and Answers on how to apply the National Agreement after the effective date of the upgrade in order to preclude grievances over higher level work assignments and to provide for the establishment of mixed duty assignments with work in two separate pay levels.

The Q&A was signed on January 3, 2006 and states that any employee who performs the duties of bulk mail acceptance must be compensated at the PS Level 6 rate.

The parties also agreed that while upgrades for SSAs and SS&DAs will not be automatic as they are for Bulk Mail Clerks, they have also agreed that **“(ELM), Section 233.3 contains the criteria regarding mixed duty assignments. Those criteria must be applied to determine if a particular duty assignment should be abolished and the newly created duty assignment posted at Level 6.”**

The ELM at Part 233.3 requires that a duty assignment be posted at the higher level, in this case Level 6 either:

- **“when a full-time employee is regularly scheduled every workday”** to perform the higher level bulk mail duties, or:
- **“when a full-time employee . . . performs the work of two separate positions in different grades . . . on intermittent days . . . the employee is placed in the position in which more than 50 percent of the time is spent. If the time is equally divided, the employee is placed in the higher grade position.”**

Simply put, if the SSA is accepting bulk mailings on a daily basis, *regardless of the amount of time spent daily*, the duty assignment should be posted as a newly established Level 6 LSSA.

If the SSA is accepting bulk mailings intermittently, but at least 20 hours per week, the duty assignment should also be posted as a newly established Level 6 LSSA.

If the SSA is accepting bulk mailings intermittently but less than 20 hours per week, they should be paid higher level pay for time actually spent on the bulk mailings.

The parties further agreed in the Q&A that when these duty assignments are upgraded by application of 233.3 of the ELM they **“will be upgraded to the position of Lead Sales and Services Associate, Level, PS-06.”**

Training

The parties also agreed in the Q&A for employees who work in a Bulk Mail Unit that, as in the past, all Bulk Mail Clerks must attend and pass the two-week Bulk Mail Academy Training Program in Norman, Oklahoma. In addition **“employees who relieve [in Bulk Mail Acceptance Units] . . . are also required to take this core training program in its entirety.”** In addition, **“for the purposes of this training program a relief assignment is an assignment in which handling business mail in a relief capacity is indicated in the bid posting.”**

For employees not working or relieving in a Bulk Mail Acceptance Unit but are performing bulk mail acceptance duties 20 or more hours per week they must also attend the Bulk Mail Academy Program in Norman.

If they are working less than 20 hours per week with bulk mailings they are to receive the eight full hours of training described in the Business Mail Acceptance Training for Associate Offices Course 23201-09. This training may be either self-taught or instructor led. There is no pas/fail examination.

Posting

It is incumbent upon all locals to look closely at all window duty assignments to ensure that clerks are compensated at Level 6 when they are performing bulk mail acceptance duties. It is also imperative to ensure that when upgrades to Level 6 are indicated by application of 233.3 of the ELM the newly created Level 6 duty assignments are posted for bid. It is important to remember that senior employees did not have an opportunity to bid on these higher level duty assignments and some may want an opportunity to increase their pay level for retirement or other purposes. Posting a duty assignment for bid is nothing but the contractual application of seniority and nothing is more important to a Union the seniority for its members.

Questions and Answers

Bulk Mail Clerk PS-5

To

Bulk Mail Clerk PS-6

Position Description Upgrade

Mixed Duty Assignments

1) Will the existing Bulk Mail Clerk, PS-5, position description be upgraded to the position of Bulk Mail Clerk, PS-6, or to the position of Bulk Mail Technician, PS-6, as a result of the 2005 extension to the 2000-2003 National Agreement between the USPS and APWU?

The Bulk Mail Clerk, PS-5, position description will be upgraded to Bulk Mail Clerk, PS-6, effective March 18, 2006.

2) Will the duty assignment of employees encumbered in the Bulk Mail Clerk, PS-5, position description, be posted for bid as a result of the upgrade?

No. Employees encumbered in Bulk Mail Clerk, PS-5, duty assignments will be upgraded to Bulk Mail Clerk, PS-6.

3) Do Sales & Services Associates, PS-5; Sales, Services & Distribution Associates, PS-5; and Lead Sales & Services Associates, PS-6, perform bulk mail duties?

Although bulk mail duties are contained in each of these position descriptions, not all incumbents in duty assignments with these position descriptions perform bulk mail duties. Dependent upon the specific duty assignment, some of the incumbents may be performing bulk mail duties. These position descriptions currently state, "May verify presort and bulk mailing of all classifications, computing and maintaining on a current basis mailers' credit balances."

4) Will the duty assignment of clerks encumbered under Sales & Services Associate, PS-5; and Sales, Services, & Distribution Associate, PS-5 positions; be automatically upgraded to PS-6?

No. Employee and Labor Relations Manual (ELM), Section 233.3, contains criteria regarding mixed duty assignments. Those criteria must be applied to determine if a particular duty assignment should be abolished and the newly created duty assignment posted at Level 6.

5) Will the position of PS-5 clerks encumbered in duty assignments containing relief duties for Bulk Mail Clerk, PS-6, be automatically upgraded to PS-6?

No. Employee and Labor Relations Manual (ELM), Section 233.3, contains criteria regarding mixed duty assignments. Those criteria must be applied to determine if a particular duty assignment should be abolished and the newly created duty assignment posted at Level 6.

6) What are the criteria for upgrade and pay regarding mixed duty assignments?

Employee and Labor Relations Manual (ELM), Section 233.3, contains criteria regarding mixed duty assignments. Those criteria must be applied to determine if a particular duty assignment should be abolished and the newly created duty assignment posted at Level 6.

7) When an upgrade to PS-6 is appropriate in accordance with Section 233.3 of the ELM, to what PS-6 position will the former PS-5 position be upgraded?

Duty assignments which meet the criteria in the ELM will be upgraded to the position of Lead Sales & Services Associate, PS-6.

8) Will a position which is upgraded as a mixed duty assignment be reposted?

Yes, it will be reposted as a newly established duty assignment. It is newly established because the duty assignment is posted under a different position description. Article 37.3.A.9 does not apply in this instance. The PS-5 duty assignment which was upgraded would be abolished.

9) What type of Bulk Mail Training is required for Bulk Mail Clerk, PS-6, or those employees who relieve this position?

Management Instruction EL-720-85-6, "Business Mail Academy Training Program requires senior bidders for Bulk Mail Clerk duty assignments "attend training and ultimately qualify for the position."

Language in the step 4 decision dated January, 9, 1997, Case # F90C-4F-C 96018356 would apply. That language states, "Employees who relieve any of the above positions are also required to take this core training program in its entirety."

The current core training program is found in Management Instruction (MI) EL-720-85-6, "Business Mail Academy Training Program." This MI also states "For the purposes of this training program a relief assignment is an assignment in which handling business mail in a relief capacity is indicated in the bid posting."

10) What type of Bulk Mail Training is required for those employees not working or relieving in a Bulk Mail Acceptance Unit, but who are working in a Lead Sales & Services Associate, PS-6 duty assignment, and who normally performs bulk mail acceptance duties on an ad hoc basis less than 20 hours per week?

By nature, the duties are normally on an ad hoc basis and not near the frequency of that of a Bulk Mail Clerk, PS-6. Language in the step 4 decision dated January 9, 1997, Case # F90C-4F-C 96018356 would apply. That language states, "Employees who are assigned bulk mail acceptance duties on an ad hoc basis should be trained according to their assignments and need not take the entire core." The current training program is "Business Mail Acceptance Training for Associate Offices", Course Number 23201-09, which is intended to be 8 full hours in length. The course may be either self-taught or instructor led. There is no pass/fail examination.

11) What type of Bulk Mail Training is required for those employees not working or relieving in a Bulk Mail Acceptance Unit, but who are working in a Lead Sales & Services Associate, PS-6 duty assignment, and who normally performs bulk mail acceptance duties 20 or more hours per week on an ongoing basis?

Language in the step 4 decision dated January, 9, 1997, Case # F90C-4F-C 96018356 would apply. See question and answer #9 above.

The current core training program is found in Management Instruction (MI) EL-720-85-6, "Business Mail Academy Training Program."

12) What type of Bulk Mail Training is required for those employees in a Sales & Services Associate, PS-5; or Sales, Services, & Distribution Associate, PS-5 duty assignment, when the employee performs bulk mail duties?

By nature, the duties are on an ad hoc basis and not near the frequency of that of a Bulk Mail Clerk, PS-6. Language in the step 4 decision dated January 9, 1997, Case # F90C-4F-C 96018356 would apply. That language states, "Employees who are assigned bulk mail acceptance duties on an ad hoc basis should be trained according to their assignments and need not take the entire core." The current training program is "Business Mail Acceptance Training for Associate Offices", Course Number 23201-09, which is intended to be 8 full hours in length. The course may be either self-taught or instructor led. There is no pass/fail examination.

13) Will the upgrade to PS-6 apply when an office currently has a Lead, Sales & Services Associate, PS-6?

Not if the LSSA is performing the bulk mail duties. However, any other upgrade will depend on whether a duty assignment held by another employee meets the mixed duty assignment criteria found in the ELM.

14) Could more than one employee in an office qualify for the upgrade to PS-6?

Normally the bulk mail duties would be assigned to one employee. However, any other upgrade would depend on whether the duty assignment held by other employees meet the mixed duty assignment criteria found in the ELM.

15) At what pay level will an employee be compensated, when performing the duties of bulk mail acceptance, but who does not meet the criteria for a mixed duty assignment or position upgrade?

Lead Sales & Services Associate, PS-6.

16) If an Installation has a Bulk Mail Unit, will employees in stations and branches of that Installation be upgraded?

Not normally, as bulk mail in those offices should normally only be accepted at the Bulk Mail Unit. However, it would depend on whether the duty assignment held by other employees meet the mixed duty assignment criteria found in the ELM.

17) Do the duty assignments of employees accepting bulk mail at Convenience Deposit Points qualify for upgrade under the ELM mixed duty assignment language?

No. These offices are only an intake point and Bulk Mail Duties are not being performed.

This Question and Answer does not set a precedent for any purpose and may not be used or cited in any forum or for any purpose other than enforcement of its terms.

233 Evaluation of Bargaining Unit Positions

233.1 Purpose

Effective evaluation requires a clear understanding of the position duties, responsibilities, and work requirements. Careful description of the position ensures that employees receive equal pay for substantively equal work.

233.2 Basis for Position Evaluation

Comparison of a position's duties, responsibilities, and work requirements to key position descriptions serves as the only basis for evaluation. Specifically, the following factors determine final ranking:

- a. Difficulty of the work to be performed.
- b. Degree of responsibility to be exercised.
- c. Scope and variety of tasks involved.
- d. Conditions under which the work is performed.

The following factors do not affect the position evaluation:

- a. The incumbent's knowledge, skills, abilities, or previous position title.
- b. Designation of the register from which the employee will be selected.

233.3 Criteria for Evaluating Mixed Assignments

Criteria for evaluating mixed assignments are as follows:

- a. *Regularly Scheduled to Two Positions on a Daily Basis.* When a full-time employee is scheduled every workday to perform the work of two separately defined positions in two different grades, the employee is placed in the position of the higher grade. The duties of the lower grade position, while included in the work assignment, represent extra duties in relation to the official position and do not affect the pay grade of the employee.
- b. *Regularly Scheduled on Intermittent Days in Two Positions.* When a full-time employee is regularly scheduled on intermittent workdays to perform the work of two separate positions in different grades, the employee is placed in the position in which more than 50 percent of the time is spent. If the time is equally divided, the employee is placed in the higher grade position.
- c. *Regularly Scheduled on Intermittent Days to More Than Two Positions.* When a full-time employee is scheduled on intermittent days to perform the work of more than two positions in different grades, and less than 50 percent of the time is spent in a single position, the total work assignment of the employee is separately defined as a position and ranked in an appropriate grade.

- d. *Regularly Scheduled to Perform Work in Two or More Positions in the Same Grade.* When a full-time employee is regularly scheduled to perform the work of two or more positions in the same salary grade, the employee is assigned to the position in which more than 50 percent of the time is spent. If the work is evenly divided between two positions, or if less than 50 percent of the time is spent in a single position, the work assignment of the employee is separately defined and an appropriate title is assigned.

234 Appeals

Employees with positions covered by a collective bargaining agreement may grieve the salary level, title, or identification of their positions through the agreement's grievance-arbitration procedures.

240 Other Bargaining Unit Positions

To establish or change bargaining unit positions that are not covered by agreements between the Postal Service and the American Postal Workers Union; National Association of Letter Carriers; National Rural Letter Carriers Association; and National Post Office Mail Handlers, Watchmen, Messengers and Group Leaders requires submission of a narrative request or PS Form 820. Any questions regarding these position evaluations should be directed to Customer Requirements.

250 Position Reviews

To ensure proper position identification and proper evaluation of position duties and responsibilities, Customer Requirements or other appropriate officials in management may review any position at any time by correspondence or onsite interview. These officials may direct appropriate action to correct improper position evaluation or identification.

Class Action
Sunnyvale CA 94086-9998

Dear Mr. McCarthy:

On December 19, 1996 we met to discuss the above captioned grievance at the fourth step of our contractual grievance procedure.

The issue in this case involves whether management violated the National Agreement, when they allegedly failed to provide required training for bid position number 3107.

After reviewing this matter, we mutually agreed that no national interpretive issue is presented in this case.

The parties at this level agree the Standard Mail Classification Training Program is applicable to the training of employees who relieve or function on an ad hoc basis as bulk mail clerks. The Administrator's and Instructor's Guide, Development Series TD-179A, January 1995, states in pertinent part:

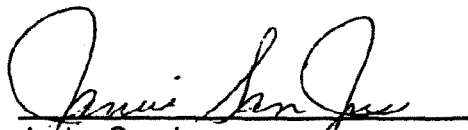

"Employees who relieve any of the above positions are also required to take this core training program in its entirety. Employees who are assigned bulk mail acceptance duties on an ad hoc basis should be trained according to their assignments and need not take the entire core."

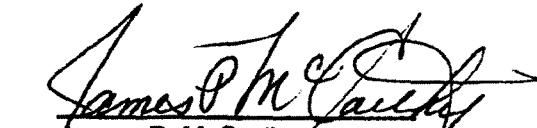

Accordingly, we agreed to remand this case to the parties at Step 3 for application of the Standard Mail Classification Training Program based on the fact circumstances.

Please sign and return the enclosed copy of this decision as your acknowledgment of agreement to remand this case.

Time limits at Step 4 were extended by mutual consent.

Summary

Introduction

In order to qualify for the positions of Bulk Mail Clerk, Bulk Mail Technician, and Mailing Requirements Clerk, bidders must attend and successfully complete the Business Mail Academy. The Academy is conducted at the National Center for Employee Development in Norman, Oklahoma. Participants learn the essentials of accepting and verifying business mailings.

In addition to the positions listed above, there are thousands of Postal workers whose duties and responsibilities include the acceptance of business mailings but who are not required to attend the Academy. This training program – Business Mail Acceptance Training for Associate Offices (23201-09) – is intended for them. Specifically, it is intended for Postal workers in small offices who accept mailings consisting of fewer than 10,000 pieces. Such mailings might be presented at the window by a church or by a local grocery, for example.

This course consists of a study guide and video . It can be administered either as self-study or as instructor-led. Due to the complexity of some of the material, an instructor is recommended. Also, whenever possible the training from this course should be reinforced by on-the-job training. All or parts of On-The-Job Training for Bulk Mail Clerks (23501-09) can be used for this purpose.

The Video and the Study Guide are designed to supplement each other. They are to be used in the following sequence:

- View Part 1 of the Video
- Complete Modules 1 through 4 in the Guide
- Complete the Midpoint Exercise in the Guide
- View Part 2 of the Video
- Complete Module 5 in the Guide
- View Part 3 of the Video
- Complete Modules 6 and 7 in the Guide
- View Part 4 of the Video
- Complete Modules 8 and 9 in the Guide
- View Part 5 in the Video

The intended length of the program is eight full hours. The timing and length of any breaks are left up to the participant and/or the instructor. Instructors are welcome to add or substitute alternative learning activities as they see fit. Finally, the student will need a calculator, and it is recommended that a Domestic Mail Manual, including Quick Service Guides, be kept handy for reference.
