All these vehicles are made in the United States or Canada by members of the United Auto Workers and Canadian Auto Workers (CAW).

Because of the integration of U.S. and Canadian vehicle production, all these vehicles include significant UAW-made content and support the jobs of UAW members.

However, those marked with an asterisk (*) are produced in the United States and another country. The light-duty (LD) crew cab versions of the vehicles marked with a double asterisk (**) are manufactured only in Mexico; other models are made in the United States. When purchasing one of these models, check the Vehicle Identification

Number (VIN). A VIN beginning with "1," "4" or "5" identifies a U.S.-made vehicle; "2" identifies a Canadian-made vehicle.

Not all vehicles made in the United States or Canada are built by union-represented workers. Vehicles not listed here, even if produced in the United States or Canada, are not union-made.
