(The preceding Article, Article 2, shall apply to Transitional Employees)

ARTICLE 4

TECHNOLOGICAL AND MECHANIZATION CHANGES

Both parties recognize the need for improvement of mail service.

Section 1. Advance Notice

The Unions party to this Agreement will be informed as far in advance of implementation as practicable of technological

or mechanization changes which affect jobs including new or changed jobs in the area of wages, hours or working conditions. Certain specialized technical jobs may require additional and off-site training.

An employee whose job is eliminated, if any, and who cannot be placed in a job of equal grade shall receive rate protection until such time as that employee fails to bid or apply for a position in the employee's former wage level.

The obligation hereinabove set forth shall not be construed to, in any way, abridge the right of the Employer to make such changes.

ARTICLE 5

PROHIBITION OF UNILATERAL ACTION

The Employer will not take any actions affecting wages, hours and other terms and conditions of employment as defined in Section 8(d) of the National Labor Relations Act which violate the terms of this Agreement or are otherwise inconsistent with its obligations under law.

(The preceding Article, Article 5, shall apply to Transitional Employees)

ARTICLE 6

NO LAYOFFS OR REDUCTION IN FORCE

(1) Each employee who is employed in the regular work force as of the date of the Award of Arbitrator James J . Healy, September 15, 1978, shall be protected henceforth against any involuntary layoff or force reduction.

It is the intent of this provision to provide security to each such employee during his or her work lifetime.

Members of the regular work force, as defined in Article 7 of the Agreement, include full-time regulars, part-time employees assigned to regular schedules and part-time employees assigned to flexible schedules.

(2) Employees who become members of the regular work force after the date of this Award, September 15, 1978, shall be provided the same protection afforded under (1) above on completion of six years of continuous service and having worked in at least 20 pay periods during each of the six years.

(3) With respect to employees hired into the regular work force after the date of this Award and who have not acquired the protection provided under (2) above, the Employer shall have the right to effect layoffs for lack of work or for other legitimate reasons. This right may be exercised in lieu of reassigning employees under the provisions of Article 12,

except as such right may be modified by agreement. Should the exercise of the Employer's right to lay off employees require the application of the provisions of Chapter 35 of Title S, United States Code, employees covered by that Chapter with less than three years of continuous civilian federal service will be treated as "career conditional" employees.

The Employer's right as established in this Section shall be effective July 20, 1979.

The following terms as to the employees' and Employer's rights and the rules and procedures to be followed in the implementation of Article 6 are a part of the September 15, 1978 Final Resolution and shall be final and binding upon the parties:

A. Coverage

1. Employees protected against any involuntary layoff or force reduction.

Those employees who occupy full-time, part-time regular or part-time flexible positions in the regular work force (as defined in Article 7) on September 15, 1978, are protected against layoff and reduction in force during any period of employment in the regular work force with the United States Postal Service or successor organization in his or her lifetime. Such employees are referred to as "protected employees."

Other employees achieve protected status under the **provisions** of A.3 below.

2. Employees subject to involuntary layoff or force reduction.

Except as provided in A. 1 and A.3, all employees who enter the regular work force, whether by hire, transfer, demotion, reassignment, reinstatement, and reemployment on or after September 16, 1978, are subject to layoff or force reduction and are referred to as 'non-protected employees.'

3. Non-protected employees achieving protected status.

(a) A non-protected employee achieves protected status

upon completion of six years of continuous service in their regular work force. The service requirement is computed from the first day of the pay period in which the employee enters the regular work force. To receive credit for the year, the employee must work at least one hour or receive a call-in guarantee in lieu of work in at least 20 of the 26 pay periods during that anniversary year.

Absence from actual duty for any of the following reasons will be considered as "work" solely for the purposes of this requirement:

(1) To the extent required by law, court leave, time spent in military service covered by Chapter 43 of Title 38, or time spent on continuation of pay, leave without pay or on OWCP rolls because of compensable injury on duty.

(2) Time spent on paid annual leave or sick leave, as provided for in Article 10 of the Agreement.

(3) Leave without pay for performing Union business as provided for in Article 24 of the Agreement.

All other unpaid leave and periods of suspension or time spent in layoff or RIF status will not be considered work. Failure to meet the 20 pay period requirement in any given anniversary year means the employee must begin a new six year continuous service period to achieve protected status.

(b) Temporary details outside of the regular work force in which the employee's position of record remains in the regular work force count toward fulfilling the 20 pay periods of work requirement per year.

If a non-protected employee leaves the regular work force for a position outside the Postal Service and remains there more than 30 calendar days, upon return the employee begins a new service period for purposes of attaining six years continuous service.

(d) If a non-protected employee leaves the regular work force and returns within two years from a position within the Postal Service the employee will receive credit for previously completed full anniversary years, for purposes of attaining the six years continuous service.

B. Preconditions for Implementation of Layoff and Reduction in Force.

1. The affected Union(s) shall be notified at the Regional level no less than 90 days in advance of any layoff or reduction in force that an excess of employees exists or will exist at an installation and that a layoff and reduction in force may be necessary. The Employer will explain to the Union(s) the basis for its conclusion that legitimate business reasons require the excessing and possible separation of employees.

2. No employee shall be reassigned under this Article or laid off or reduced in force unless and until that employee has been notified at least 60 days in advance that he or she may be affected by one or the other of these actions.

3. The maximum number of excess employees within an installation shall be determined by seniority unit within each category of employees (full-time, part-time regular, part-time flexible). This number determined by the Employer will be given to the Union(s) at the time of the 90-day notice.

4. Before implementation of reassignment under this Article or, if necessary, layoff and reduction in force of excess employees within the installation, the Employer will, to the fullest extent possible, separate all casuals within the craft and minimize the amount of overtime work and part-time flexible hours in the positions or group of positions covered by the seniority unit as defined in this Agreement or as agreed to by the parties. In addition, the Employer shall solicit volunteers from among employees in the same craft within the installation to terminate their employment with the Employer.

Employees who elect to terminate their employment will receive a lump sum severance payment in the amount provided by Part 435 of the Employee and Labor Relations Manual, will receive benefit coverage to the extent provided by such Manual, and, if eligible, will be given the early retirement benefits provided by Section 8336(d)(2) of Title 5, United States Code and the regulations implementing that statute.

5. No less than 20 days prior to effecting a layoff, the Employer will post a list of all vacancies in other seniority units and crafts at the same or lower level which exist within the installation and within the commuting area of the losing installation. Employees in an affected seniority unit may, within 10 days after the posting, request a reassignment under this Article to a posted vacancy. Qualified employees will be assigned to such vacancies on the basis of seniority. If a senior non-preference eligible employee within the seniority unit indicates no interest in available reassignment, then such employee becomes exposed to layoff. A preference eligible employee within the seniority unit shall be required to accept such a reassignment to a vacancy in the same level at the installation, or, if none exists at the installation, to a vacancy in the same level at an installation within the commuting area of the losing installation.

If the reassignment is to a different craft, the employee's seniority in the new craft shall be established in accordance with the applicable seniority provisions of the new craft.

C. Layoff and Reduction in Force

1. **Definition.** The term "layoff" as used herein refers to the separation of non-protected, non-preference eligible employees in the regular work force because of lack of work or other legitimate, non-disciplinary reasons. The term "reduction in force" as used herein refers to the separation or reduction in the grade of a nonprotected veterans' preference eligible in the regular work force because of lack of work or other legitimate

non-disciplinary reasons.

2. **Order of layoff.** If an excess of employees exists at an installation after satisfaction of the preconditions set forth in (B) above, the Employer may lay off employees within their respective seniority units as defined in the Agreement.

3. **Seniority units for purposes of layoff.** Seniority units within the categories of full-time regular, part-time regular, and part-time flexible, will consist of all nonprotected persons at a given level within an established craft at an installation unless the parties agree otherwise. It is the intent to provide the broadest possible unit consistent with the equities of senior non-protected employees and with the efficient operation of the installation.

4. **Union representation.** Chief stewards and union stewards whose responsibilities bear a direct relationship to the effective and efficient representation of bargaining unit employees shall be placed at the top of the seniority unit roster in the order of their relative craft seniority for the purposes of layoff, reduction in force, and recall.

5. **Reduction in force.** If an excess of employees exists at an installation after satisfaction of the preconditions set forth in (B) above and after the layoff procedure has been applied, the Employer may implement a reduction in force as defined above. Such reduction will be conducted in accordance with statutory and regulatory requirements that prevail at the time the force reduction is effected. Should applicable law and regulations require that other non-protected, non-preference eligible employees from other seniority units be laid off prior to reduction in force, such employees will be laid off in inverse order of their craft seniority in the seniority unit.

In determining competitive levels and competitive areas applicable in a force reduction, the Employer will submit its proposal to the Union(s) at least 30 days prior to the reduction. The Union(s) will be afforded a full

opportunity to make suggested revisions in the proposal. However, the Employer, having the primary responsibility for compliance with the statute and regulations, reserves the right to make the final decision with respect to competitive levels and competitive areas. In making its decision with respect to competitive levels and competitive areas the Employer shall give no greater retention security to preference eligibles than to non-preference eligibles except as may be required by law.

D. Recall Rights

1. Employees who are laid off or reduced in force shall be placed on recall lists within their seniority units and shall be entitled to remain on such lists for two years. Such employees shall keep the Employer informed of their current address. Employees on the lists shall be notified in order of craft seniority within the seniority unit of all vacant assignments in the same category and level from which they were laid off or reduced in force. Preference eligibles will be accorded no recall rights greater than non-preference eligibles except as required by law. Notice of vacant assignments shall be given by certified mail, return receipt requested, and a copy of such notice shall be furnished to the local union president. An employee so notified must acknowledge receipt of the notice and advise the Employer of his or her intentions within 5 days after receipt of the notice. If the employee accepts the position offered he or she must report for work within 2 weeks after receipt of notice. If the employee fails to reply to the notice within 5 days after the notice is received or delivery cannot be accomplished, the Employer shall offer the vacancy to the next employee on the list. If an employee declines the offer of a vacant assignment in his or her seniority unit or does not have a satisfactory reason for failure to reply to a notice, the employee shall be removed from the recall list.

2. An employee reassigned from a losing installation pursuant to B.5 above and who has retreat rights shall be entitled under this Article to exercise those retreat rights

before a vacancy is offered to an employee on the recall list who is junior to the reassigned employee in craft seniority.

E. Protective Benefits

1. **Severance pay.** Employees who are separated because of a layoff or reduction in force shall be entitled to severance pay in accordance with Part 435 of the Employee and Labor Relations Manual.

2. **Health and Life Insurance Coverage.** Employees who are separated because of a layoff or a reduction in force shall be entitled to the health insurance and life insurance coverage and to the conversion rights provided for in the Employee and Labor Relations Manual.

F. Union Representation Rights

1. The interpretation and application of the provisions of this Award shall be grievable under Article 15. Any such grievance may be introduced at the Regional level and shall be subject to priority arbitration.

2. The Employer shall provide to the affected Union(s) a quarterly report on all reassignments, layoff and reductions in force made under this Article.

3. Preference eligibles are not deprived of whatever rights of appeal such employees may have under applicable laws and regulations. However, if an employee exercises these appeal rights, the employee thereby waives access to any procedure under this agreement beyond Step 3 of the grievance-arbitration procedure.

G. Intent

The Employer shall not lay off, reduce in force, or take any other action against a non-protected employee solely to prevent the attainment of that employee of protection status.

ARTICLE 7

EMPLOYEE CLASSIFICATIONS

Section 1. Definition and Use

A. Regular Work Force. The regular work force shall be comprised of two categories of employees which are as follows:

1. **Full-Time.** Employees in this category shall be hired pursuant to such procedures as the Employer may establish and shall be assigned to regular schedules consisting of five (5) eight (8) hour days in a service week.

2. **Part-Time.** Employees in this category shall be hired pursuant to such procedures as the Employer may establish and shall be assigned to regular schedules of less than forty (40) hours in a service week, or shall be available to work flexible hours as assigned by the Employer during the course of a service week.

B. Supplemental Work Force.

1. The supplemental work force shall be comprised of casual employees. Casual employees are those who may be utilized as a limited term supplemental work force, but may not be employed in lieu of full or part-time employees.

During the course of a service week, the Employer will make every effort to insure that qualified and available part-time flexible employees are utilized at the straight-time rate prior to assigning such work to casuals.

The number of casuals who may be employed in any period, other than December, shall not exceed 5% of the total number of employees covered by this Agreement.

Casuals are limited to two (2) ninety (90) day terms of casual employment in a calendar year. In addition to such employment, casuals may be reemployed during the Christmas period for not more than twenty-one (21) days.

C. Transitional Work Force APWU

1. The transitional work force shall be comprised of noncareer, bargaining unit employees utilized to fill vacated assignments as follows:

a. Transitional employees may be used to cover duty assignments which are due to be eliminated by automation and residual vacancies withheld pursuant to Article 12.

b. Transitional employees may be used to replace part-time attrition. Over the course of a pay period, the Employer will make a reasonable effort to ensure that qualified and available part-time flexible employees are utilized at the straight-time rate prior to assigning such work to transitional employees working in the same work location and on the same tour.

2. Transitional employees shall be hired pursuant to such procedures as the Employer may establish. They will be hired for a term not to exceed 359 calendar days for each appointment. Such employees have no daily or weekly work hour guarantees. Transitional employees will have a break in service of at least 6 days between appointments.

3. The use of transitional employees will be phased out as the deployed automated equipment becomes operationally proficient.

D. Transitional Work Force--NALC

1. The transitional work force shall be comprised of noncareer, bargaining unit employees utilized to fill vacated assignments as follows:

a. Transitional employees may be used to cover duty assignments which are due to be eliminated by automation and residual vacancies withheld pursuant to Article 12.

b. Transitional employees may be used to replace part-time attrition. Over the course of a pay

period, the Employer will make every effort to ensure that qualified and available part-time flexible employees are utilized at the straight-time rate prior to assigning such work to transitional employees working in the same work location and on the same tour, provided that the reporting guarantee for transitional employee is met.

2. Transitional employees shall be hired pursuant to such procedures as the Employer may establish. They will be hired for a term not to exceed 359 calendar days for each appointment. Transitional employees will have a break in service of at least 6 days between appointments.

(Additional provisions regarding APWU and NALC Transitional Employees can be found in Appendix A and B, respectively.)

Section 2. Employment and Work Assignments

A. Normally, work in different crafts, occupational groups or levels will not be combined into one job. However, to provide maximum full-time employment and provide necessary flexibility, management may establish full-time schedule assignments by including work within different crafts or occupational groups after the following sequential actions have been taken:

1. All available work within each separate craft by tour has been combined.
2. Work of different crafts in the same wage level by tour has been combined.

The appropriate representatives of the affected Unions will be informed in advance of the reasons for establishing the combination full-time assignments within different crafts in accordance with this Article.

B. In the event of insufficient work on any particular day or days in a full-time or part-time employee's own scheduled assignment, management may assign the employee to any available work in the same wage level for which the employee is qualified, consistent with the employee's knowledge and

experience, in order to maintain the number of work hours of the employee's basic work schedule.

C. During exceptionally heavy workload periods for one occupational group, employees in an occupational group experiencing a light workload period may be assigned to work in the same wage level, commensurate with their capabilities, to the heavy workload area for such time as management determines necessary.

[see Memo, pages 265, 314B...314G]

Section 3. Employee Complements

A. The Employer shall staff all postal installations which have 200 or more man years of employment in the regular work force as of the date of this Agreement **as follows:**

**1. With respect to the combined bargaining units represented by the APWU, as set forth in Article 1
80% full-time employees.**

2. With respect to the bargaining unit represented by the NALC, as set forth in Article 1--88% full-time employees.

B. The Employer shall maximize the number of full-time employees and minimize the number of part-time employees who have no fixed work schedules in all postal installations; **however, nothing in this paragraph B shall detract from the USPS' ability to use the awarded full-time/part-time ratio as provided for in paragraph 3.A. above.**

C. A part-time flexible employee working eight (8) hours within ten (10), on the same five (5) days each week and the same assignment over a six month period will demonstrate the need for converting the assignment to a full-time position.

Section 3. Exceptions

The above shall not apply to part-time employees **and transitional employees.**

Part-time employees will be scheduled in accordance with the above rules, except they may be scheduled for less than eight (8) hours per service day and less than forty (40) hours per normal work week.

Transitional employees will be scheduled in accordance with Section 2, A and 8, of this Article.

Transitional employees shall be paid overtime for work performed in excess of forty (40) work hours in any one service week. Overtime pay for transitional employees is to be paid at the rate of one and one-half (1 1/2) times the basic hourly straight-time rate.

When an opportunity exists for overtime for qualified and available full-time employees, doing similar work in the work location where the employees regularly work, prior to utilizing a transitional employee in excess of eight (8) work hours in a service day, such qualified and available full-time employees on the appropriate Overtime Desired List will be selected to perform such work in order of their seniority on a rotating basis.

d. Recourse to the "Overtime Desired" list is not necessary in the case of a letter carrier working on the employee's own route on one of the employee's regularly scheduled days.

D. If the voluntary "Overtime Desired" list does not provide sufficient qualified people, qualified full-time regular employees not on the list may be required to work overtime on a rotating basis with the first opportunity assigned to the junior employee.

E. Exceptions to C and D above if requested by the employee may be approved by local management in exceptional cases based on equity (e.g., anniversaries, birthdays, illness, deaths).

F. Excluding December, no full-time regular employee will be required to work overtime on more than four (4) of the employee's five (5) scheduled days in a service week or work over ten (10) hours on a regularly scheduled day, over eight (8) hours on a non-scheduled day, or over six (6) days in a service week.

B. Hourly Rate Employees

Non-probationary hourly rate employees, who have been paid for less than 2000 hours during the twenty six pay periods prior to the effective date of the cash payment, i.e., June 15, 1991, shall receive a payment based on their number of paid hours during that period in accordance with the following schedule:

1 and Under 500	25
500 and Under 1000	50
1000 and Under 1500	75
1500 and Over	100

The percentage determined as a result of the above computation will be applied to the cash payment to determine the non-probationary hourly rate employee's share of the one-time cash payment. This payment does not become part of the employee's basic pay.

C. Eligibility

1. Full-Time Employees

In order to be eligible to receive a one-time cash payment, the employee must be in a full-time regular pay status during the pay period immediately prior to the effective date of the one-time cash payments, i.e., June 15, 1991.

2. Hourly Rate Employees

Section 5. Cost of Living Adjustment

A. Definitions

2. "Consumer Price Index Base" refers to the Consumer Price Index for the month of **February 1991** and is referred to herein as the "Base Index."

B. Effective Dates of Adjustment

Each employee covered by this Agreement shall receive cost-

of-living adjustments, upward, in accordance with the formula in Section 5.C, below, effective on the following dates:

- the second full pay period after the release of the **July 1991** Index

- the second full pay period after the release of the **July 1994** Index.

C. The base salary schedules provided for in this Agreement shall be increased 1 cent per hour for each full 0.4 of a point increase in the applicable Index above the Base Index. For example, if the increase in the Index from **February 1991** to **July 1991** is 1.2 points, all pay scales for employees covered by this Agreement will be increased by 3 cents per hour. In no event will a decline in the Index below the Base Index result in a decrease in the pay scales provided for in this Agreement.

D. The cost-of-living adjustment shall be taken into account only in computing base rates, overtime, and shift premiums, and in determining call-in pay, leave pay, and holiday pay.

E. The cost-of-living adjustment shall not become a fixed part of the Postal Service Basic Salary Schedules.

At the time of change to the CPI-W (1982-84=100), the cost-of-living formula in Section 5.C will be recalculated to provide the same cost-of-living adjustment that would have been granted under the formula using the CPI-W (1967 = 100).

I. In lieu of any COLA payments for the period November 21,1990, through February 28,1991, all nonprobationary full-time employees covered by this Agreement shall receive a one-time cash payment, not to be included in basic pay, in the amount of \$140. Section 1. Probationary Period

A. The probationary period for a new employee shall be ninety (90) calendar days. The Employer shall have the right to separate from its employ any probationary employee at any time during the probationary period and these probationary employees shall not be permitted access to the grievance procedure in relation thereto. If the Employer intends to separate an employee during the probationary period for scheme failure, the employee shall be given at least seven (7) days advance notice of such intent to separate the employee. If the employee qualifies on the scheme within the notice period, the employee will not be separated for prior scheme failure.

B. The parties recognize that the failure of the Employer to discover a falsification by an employee in the employment application prior to the expiration of the probationary period shall not bar the use of such falsification as a reason for discharge.

C. When an employee completes the probationary period, seniority will be computed in accordance with this Agreement as of the initial day of full-time or part-time employment.

D. When an employee who is separated from the Postal Service for any reason is re-hired, the employee shall serve a new probationary period. If the separation was due to disability, the employee's seniority shall be established in accordance with Section 2, if applicable.

Section 2. Principles of Seniority

A. Except as specifically provided in this Article, the principles of seniority are established in the craft Articles of this Agreement.

B. An employee who left the bargaining unit on or after July 21, 1973 and returns to the same craft:

1. will begin a new period of seniority if the employee returns from a position outside the Postal Service; or
2. will begin a new period of seniority if the employee returns from a non-bargaining unit position within the Service, unless the employee returns within 2 years from the date the employee left the unit.

Section 3. Principles of Posting

A. To insure a more efficient and stable work force, an employee may be designated a successful bidder no more than five (5) times during the duration of this Agreement unless such bid:

1. is to a job in a higher wage level;
2. is due to elimination or reposting of the employee's duty assignment; or
3. enables an employee to become assigned to a station closer to the employee's place of residence.

B. Specific provisions for posting for each craft are con-

tained in the craft posting provisions of this Agreement.

Section 4. Principles of Reassignments

A. A primary principle in effecting reassignments will be that dislocation and inconvenience to employees in the regular work force shall be kept to a minimum, consistent with the needs of the service. Reassignments will be made in accordance with this Section and the provisions of Section 5 below.

B. When a major relocation of employees is planned in major metropolitan areas or due to the implementation of national postal mail networks, the Employer will apply this Article in the development of the relocation and reassignment plan. At least 90 days in advance of implementation of such plan, the Employer will meet with the Unions at the national level to fully advise the Unions how it intends to implement the plan. If the Unions believe such plan violates the National Agreement, the matter may be grieved.

Such plan shall include a meeting at the regional level in advance (as much as six months whenever possible) of the reassignments anticipated. The Employer will advise the Unions based on the best estimates available at the time of the anticipated impact; the numbers of employees affected by craft; the locations to which they will be reassigned; and, in the case of a new installation, the anticipated complement by tour and craft. The Unions will be periodically updated by the Region should any of the information change due to more current data being available.

C. When employees are excessed out of their installation, the Union at the national level may request a comparative work hour report of the losing installation 60 days after the excessing of such employees.

If a review of the report does not substantiate that business conditions warranted the action taken, such employees shall have their retreat rights activated. If the retreat right is denied, the employees have the right to the grievance-arbitration procedure.

D. In order to minimize the impact on employees in the regular work force, the Employer agrees to separate, to the extent possible, casual employees working in the affected craft and installation prior to excessing any regular employee in that craft out of the installation. The junior full-time employee who is being excessed has the option of reverting to part-time flexible status in his/her craft, or of being reassigned to the gaining installation.

Section 5. Reassignments

A. Basic Principles and Reassignments

When it is proposed to:

1. Discontinue an independent installation;
2. Consolidate an independent installation (i.e., discontinue the independent identity of an installation by making it part of another and continuing independent installation);
3. Transfer a classified station or classified branch to the jurisdiction of another installation or make an independent installation;
4. Reassign within an installation employees excess to the needs of a section of that installation;
5. Reduce the number of regular work force employees of an installation other than by attrition;
6. Centralized mail processing and/or delivery installation (Clerk Craft only);
7. Reassignment--motor vehicles;
8. Reassignment--part-time flexibles in excess of quota; such actions shall be subject to the following principles and requirements.

B. Principles and Requirements

1. Dislocation and inconvenience to full-time and part-time flexible employees shall be kept to the minimum consistent with the needs of the service.

2. The Regional Postmasters General shall give full consideration to withholding sufficient full-time and part-time flexible positions within the area for full-time and part-time flexible employees who may be involuntarily reassigned.
3. No employee shall be allowed to displace, or "bump" another employee, properly holding a position or duty assignment.
4. Unions affected shall be notified in advance (as much as six (6) months whenever possible), such notification to be at the regional level, except under A.4 above, which shall be at the local level.
5. Full-time and part-time flexible employees involuntarily detailed or reassigned from one installation to another shall be given not less than 60 days advance notice, if possible, and shall receive moving, mileage, per diem and reimbursement for movement of household goods as appropriate if legally payable will be governed by the standardized Government travel regulations as set forth in Methods Handbook F- 10 Travel.
6. Any employee volunteering to accept reassignment to another craft or occupational group another branch of the Postal Service, or another installation shall start a new period of seniority beginning with such assignment, except as provided herein.
7. Whenever changes in mail handling patterns are undertaken in an area including one or more postal installations with resultant successive reassignments of clerks from those installations to one or more installations, the reassignment of clerks shall be treated as details for the first 180 days in order to prevent inequities in the seniority lists at the gaining installations. The 180 days is computed from the date of the first detail of a clerk to the central, consolidated or new installation in that specific planning program. If a tie develops in establishing the merged seniority roster at the gaining installation,

it shall be broken by total continuous service in the regular work force in the same craft.

8. In determining seniority of special delivery messengers who received career status under Civil Service Regulation 3.101, that period of continuous service as a special delivery messenger prior to attaining career status shall be included.
9. Whenever in this Agreement provision is made for reassignments, it is understood that any full-time or part-time flexible employee reassigned must meet the qualification requirements of the position to which reassigned.
10. Whenever the provisions of the Section establishing seniority are inconsistent with the provisions of the Craft Article of this Agreement, the provisions of the Craft Articles shall prevail.
11. It is understood that any employee entitled hereunder to a specific placement may exercise such entitlement only if no other employee has a superior claim hereunder to the same position.
12. Surplus U.S. Postal Service Employees-Surplus U.S. Postal Service employees from non-mail processing and non-mail delivery installations, regional offices, the U.S. Postal Service Headquarters or from other Federal departments or agencies shall be placed at the foot of the part-time flexible roll and begin a new period of seniority effective the date of reassignment.

C. Special Provisions on Reassignments

In addition to the general principles and requirements above specified, the following specific provisions are applicable:

1. Discontinuance of an Independent Installation

- a. When an independent installation is discontinued, all full-time and part-time flexible employees shall, to the maximum extent possible, be involuntarily reassigned to continuing postal positions in accordance with the following:

- b. Involuntary reassignment of full-time employees with their seniority for duty assignments to vacancies in the same or lower level in the same craft or occupational group in installations within 100 miles of the discontinued installation, or in more distant installations, if after consultation with the affected Unions, it is determined that it is necessary. The Postal Service will designate such installations for the reassignment of excess full-time employees. When two or more such vacancies are simultaneously available, first choice of duty assignment shall go to the senior employee entitled by displacement from a discontinued installation to such placement.
- c. Involuntary reassignment of full-time employees for whom consultation did not provide for placement under C. I. b above in other crafts or occupational groups in which they meet minimum qualifications at the same or lower level with permanent seniority for duty assignments under (1) and (2) below, whichever is lesser:
 - (1) One day junior to the seniority of the junior full-time employee in the same level and craft or occupation in the installation to which assigned, or
 - (2) The seniority the employee had in the craft from which reassigned. The 5-year rule does not apply.
- d. Involuntary reassignment of part-time flexible employees with seniority in any vacancy in the parttime flexible quota in the same craft or occupational group at any installation within 100 miles of the discontinued installation, or in more distant installations, if after consultation with the affected Unions it is determined that it is necessary, the Postal Service will designate such installations for the reassignment of the part-time flexible employees.
- e. Involuntary reassignment of part-time flexible em

ployees for whom consultation did not provide for placement under C.1.d above in other crafts or occupational groups in which they meet minimum qualification at the same or lower level at the foot of the existing part-time flexible roster at the receiving installation and begin a new period of seniority.

- f. Full-time employees for whom no full-time vacancies are available by the time the installation is discontinued shall be changed to part-time flexible employees in the same craft and placed as such, but shall for six months retain placement rights to full-time vacancies developing within that time within any installation within 100 miles of the discontinued installation, or in more distant installations, if after consultation with affected Unions it is necessary, U.S. Postal Service will designate such installations for the reassignment of excess full-time employees on the same basis as if they had remained full-time.
- g. Employees, full-time or part-time flexible in reassigned as above provided shall upon the reestablishment of the discontinued installation be entitled to reassignment with full seniority to the first vacancy in the reestablished installation in the level, craft or occupational group from which reassigned.

2. Consolidation of an Independent Installation

- a. When an independent postal installation is consolidated with another postal installation, each fulltime or part-time flexible employee shall be involuntarily reassigned to the continuing installation without loss of seniority in the employee s craft or occupational group.
- b. Where reassignments under 2.a, preceding, result in an excess of employees in any craft or occupational group in the continuing installation, identification and placement of excess employees shall be accomplished by the continuing installation in ac

cordance with the provisions of this Agreement covering such situations.

- c. If the consolidated installation again becomes an independent installation, each full-time and parttime flexible employee whose reassignment was necessitated by the previous consolidation shall be entitled to the first vacancy in the reestablished installation in the level and craft or occupational group held at the time the installation was discontinued.

3. Transfer of a Classified Station or Classified Branch to the Jurisdiction of Another Installation or Made an Independent Installation

- a. When a classified station or classified branch is transferred to the jurisdiction of another installation or made an independent installation, all full-time employees shall at their option remain with the classified station or classified branch without loss of seniority, or remain with the installation from which the classified station or classified branch is being transferred.
- b. A realistic appraisal shall be made of the number of employees by crafts or occupations who will be needed in the station after transfer, and potential vacancies within these requirements created by the unwillingness of employees to follow the station to the new jurisdiction shall be posted for bid on an office-wide basis in the losing installation.
- c. If the postings provided in paragraph 3.b, preceding, do not result in sufficient employees to staff the transferred classified station or classified branch, junior employees, by craft or occupational group on an installation-wide seniority basis in the losing installation, shall be involuntarily reassigned to the classified station or classified branch and each employee thus involuntarily reassigned shall be entitled to the first vacancy in such employee's level and craft or occupational group in the installation from which transferred.

4. **Reassignment Within an Installation of Employees Excess to the Needs of a Section**
- a. The identification of assignments comprising for this purpose a section shall be determined locally by local negotiations. If no sections are established immediately by local negotiations, the entire installation shall comprise the section.
 - b. Full-time employees excess to the needs of a section, starting with that employee who is junior in the same craft or occupational group and in the same level assigned in that section, shall be reassigned outside the section but within the same craft or occupational group. They shall retain their seniority and may bid on any existing vacancies for which they are eligible to bid. If they do not bid, they may be assigned in any vacant duty assignment for which there was no senior bidder in the same craft and installation. Their preference is to be considered if more than one such assignment is available.
 - c. Such reassigned full-time employee retains the right to retreat to the section from which withdrawn only upon the occurrence of the first residual vacancy in the salary level after employees in the section have completed bidding. Such bidding in the section is limited to employees in the same salary level as the vacancy. Failure to bid for the first available vacancy will end such retreat right. The right to retreat to the section is optional with the employee who has retreat rights with respect to a vacancy in a lower salary level. Failure to exercise the option does not terminate the retreat rights in the salary level in which the employee was reassigned away from the section. In the Clerk Craft, an employee may exercise the option to retreat to a vacancy in a lower salary level only to an assignment for which the employee would have been otherwise eligible to bid.
 - d. The duty assignment vacated by the reassignment

of the junior full-time employee from the section shall be posted for bid of the full-time employees in the section. If there are no bids, the junior remaining unassigned full-time employee in the section shall be assigned to the vacancy.

5. Reduction in the Number of Employees in an Installation Other Than by Attrition

a. Reassignments within installation. When for any reason an installation must reduce the number of employees more rapidly than is possible by normal attrition, that installation:

- (1) Shall determine by craft and occupational group the number of excess employees;
- (2) Shall, to the extent possible, minimize the impact on regular work force employees by separation of all casuals;
- (3) Shall, to the extent possible, minimize the impact on full-time positions by reducing parttime flexible hours;
- (4) Shall identify as excess the necessary number of junior full-time employees in the salary level, craft, and occupational group affected on an installation-wide basis within the installation; make reassignments of excess full-time employees who meet the minimum qualifications for vacant assignments in other crafts in the same installation; involuntarily reassign them (except as provided for letter carriers and special delivery messengers and vehicle service employees in Section C.5.b below) in the same or lower level with seniority, whichever is the lesser of:
 - (a) One day junior to the seniority of the junior full-time employee in the same level and craft or occupational group in the installation to which assigned, or
 - (b) The seniority the employee had in the craft

from which reassigned. The 5-year rule does not apply.

- (5) The employee shall be returned at the first opportunity to the craft from which reassigned.
- (6) When returned, the employee retains seniority previously attained in the craft augmented by intervening employment in the other craft.
- (7) The right of election by a senior employee provided in paragraph b(3), below is not available for this cross-craft reassignment within the installation.

b. Reassignments to other installations after making **assignments** within the installation:

- (1) Involuntarily reassign such excess full-time employees starting with the junior with their seniority for duty assignments to vacancies in the same or lower level in the same craft or occupational group in installations within 100 miles of the losing installation. or in more distant installations if after consultation with the affected Union it is determined that it is necessary, the Postal Service will designate such installations for the reassignment of excess full-time employees. However:
 - (a) Whenever full-time PS-5 letter carrier routes are transferred from one installation to another, the full-time letter carriers whose complete routes are transferred shall have the option of transferring with their routes with their seniority.
 - (b) Whenever full-time or part-time motor vehicle craft assignments are discontinued in an installation and there is an excess in a position designation and salary level, the excess shall be adjusted to the maximum extent possible by making voluntary reassignments to vacant motor vehicle craft positions in installations within 100 miles

unless the employee applies for a vacancy in a more distant installation. Senior qualified applicants for such vacant positions shall be reassigned. When reassignment is in the same designation and salary level, the reassigned employee retains his/her seniority.

- (c) When the entire special delivery messenger unit is moved from one independent installation to another and all special delivery territory is transferred, the special delivery messengers will be reassigned in the gaining unit with full seniority credit for all seniority gained in the craft and installation. When less than the entire special delivery messenger unit is transferred and it is necessary to reassign one or more special delivery messengers to the gaining installation, senior special delivery messengers shall be given option for reassignment. If no special delivery messenger elects to be reassigned, the junior special delivery messenger shall be reassigned.
- (2) Involuntarily reassign full-time employees for whom consultation did not provide for placement under b(I) above in other crafts or occupational groups in which they meet minimum qualifications at the same or lower level with permanent seniority for duty assignments whichever is lesser of:
- (a) one day junior to the seniority of the junior full-time employee in the same level and craft or occupational group in the installation to which assigned, or
 - (b) the seniority he/she had in the craft from which reassigned. The S-year rule does not apply.
- (3) Any senior employee in the same craft or oc-

cupational group in the same installation may elect to be reassigned to the gaining installation and take the seniority of the senior full-time employee subject to involuntary reassignment. Such senior employees who accept reassignment to the gaining installation do not have retreat rights.

- (4) When two or more such vacancies are simultaneously available, first choice of duty assignment shall go to the senior employee entitled by displacement from a discontinued installation to such placement.
- (5) A full-time employee shall have the option of changing to part-time flexible in the same craft or occupational group in lieu of involuntary reassignment.
- (6) Employees involuntarily reassigned under b(1) and (2) above, other than senior employees who elect to be reassigned in place of junior employees, shall be entitled at the time of such reassignment to file a written request to be returned to the first vacancy in the level, in the craft or occupational group in the installation from which reassigned, and such request shall be honored so long as the employee does not withdraw it or decline to accept an opportunity to return in accordance with such request.

In the Clerk Craft, an employee(s) involuntarily reassigned shall be entitled at the time of such reassignment to file a written request to return to the first vacancy in the **craft and** installation from which reassigned. Such request for retreat rights must indicate whether the employee(s) desires to retreat to **the same**, lower, **and/or higher salary** level assignment and, if so, what salary level(s). **The employee(s) shall have the right to bid for vacancies within the former installation and the written request for retreat rights shall serve as a bid for all vacancies in the level from which the employee was reassigned and for all residual vacancies in other levels for which the**

employee(s) may retreat to only those assignments for which the employee(s) would have been otherwise eligible to bid. If vacancies are available in a specified lower, **higher or same** salary level, the employee will be given the option. Failure to exercise retreat rights to the first available vacancy terminates such rights. Furthermore, employee(s) electing to retreat to a lower level assignment are not entitled to salary protection.

[see Memo, page 277]

6. Centralized Mail, Processing and/or Delivery Installation (Clerk Craft Only)

- a. When the operations at a centralized installation or other mail processing and/or delivery installation result in an excess of full-time clerks at another installation(s), full-time clerks who are excess in a losing installation(s) by reason of the change, shall be reassigned as provided in Section C.5.b. Reassignments of clerks shall be treated as details for the first 180 days to avoid inequities in the selection of preferred duty assignments by full-time clerks in the gaining installation.
- b. Previously established preferred duty assignments which become vacant before expiration of the detail period must be posted for bid and awarded to eligible full-time clerks then permanently assigned in the gaining installation. Excess part-time flexible clerks may be reassigned as provided for in Section C.8.
- c. All new duty assignments created in the gaining installation and all other vacant duty assignments in the centralized installation shall be posted for bid. One hundred eighty (180) days is computed from the date of the first detail of an employee. Bidding shall be open to all full-time clerks of the craft involved at the gaining installation. This includes full-time clerks assigned to the gaining installation.
- d. When the centralized installation is a new one:
 - (1) Full-time clerks who apply for reassignment

from the losing installation, shall be reassigned with their seniority.

- (2) Reassignments shall be in the order of seniority and shall not exceed the number of excess full-time clerks in the losing installation.
- (3) The provisions of 5.a, above, apply to reassign junior full-time excess clerks, with their seniority, when there are excess full-time clerks after the reassignment of senior full-time clerks who apply for reassignment.

7. Reassignments - Motor Vehicle

- a. When a vehicle maintenance facility is established to replace an auxiliary garage, full-time and part-time flexible craft positions in the gaining installation are to be posted in the losing installation for applications by full-time and part-time flexible employees, respectively. Senior qualified applicants shall be reassigned without loss of seniority, but not to exceed the number of excess employees in the losing installation.
- b. When a vehicle maintenance facility is established to replace vehicle maintenance in a perimeter office, full-time and part-time flexible craft positions in the new maintenance facility shall be posted in the losing installation for applications by full-time and part-time flexible employees, respectively. Senior qualified applicants shall be reassigned without loss of seniority, but not to exceed the number of excess employees in the losing installation.
- c. When vehicle operations are changed by transfer from one installation to another, new full-time and part-time flexible craft positions shall be posted for applications in the losing installation by full-time and part-time flexible employees in the craft, respectively. Senior qualified applicants shall be reassigned without loss of seniority, but not to exceed the number of excess employees in the los-

ing installation.

- d. After all reassignments have been made to the gaining installation, pursuant to Subsections a, b and c, the new full-time assignments in the gaining installation shall be posted for bids.
- e. If, after establishment of a new installation, operations result in further excess at losing installation(s), the procedures in Subsections a, b, c and d, above, apply to reassign senior applicants from the losing installation(s) to positions in the new installation.

8. **Reassignment - Part-Time Flexible Employees in Excess of Quota (Other Than Motor Vehicle)**

Where there are part-time flexible employees in excess of the part-time flexible quota for the craft for whom work is not available, part-time flexibles lowest on the part-time flexible roll equal in number to such excess may at their option be reassigned to the foot of the part-time flexible roll in the same or another craft in another installation.

- a. An excess employee reassigned to another craft in the same or another installation shall be assigned to the foot of the part-time flexible roll and begin a new period of seniority.
- b. An excess part-time flexible employee reassigned to the same craft in another installation shall be placed at the foot of the part-time flexible roll. Upon change to full-time from the top of the part-time flexible roll, the employee's seniority for preferred assignments shall include the seniority the employee had in losing installation augmented by part-time flexible service in the gaining installation.
- c. A senior part-time flexible in the same craft or occupational group in the same installation may elect to be reassigned in another installation in the same or another craft and take the seniority, if any, of the senior excess part-time flexible being reas-

signed, as set forth in a and b, above.

- d. The Postal Service will designate, after consultation with the affected Union, vacancies at installations in which excess part-time flexibles may request to be reassigned beginning with vacancies in other crafts in the same installation; then vacancies in the same craft in other installations; and finally vacancies in other crafts in other installations making the designations to minimize relocation hardships to the extent practicable.
- e. Part-time flexibles reassigned to another craft in the same installation shall be returned to the first part-time flexible vacancy within the craft and level from which reassigned.
- f. Part-time flexibles reassigned to other installations have retreat rights to the next such vacancy according to their standing on the part-time flexible roll in the losing installation but such retreat right does not extend to part-time flexibles who elect to request reassignment in place of the junior part-time flexibles.
- g. The right to return is dependent upon a written request made at the time of reassignment from the losing installation and such request shall be honored unless it is withdrawn or an opportunity to return is declined.

D. Part-Time Regular Employees

Part-time regular employees assigned in the craft units shall be considered to be in a separate category. All provisions of this Section apply to part-time regular employees within their own category.

Section 6. Transfers

A. Installation heads will consider requests for transfers submitted by employees from other installations.

B. Providing a written request for a voluntary transfer has

been submitted, a written acknowledgement shall be given in a timely manner.

[see Memo, page 279]

ARTICLE 13

ASSIGNMENT OF ILL OR INJURED REGULAR WORKFORCE EMPLOYEES

Section 1. Introduction

A. Part-time fixed schedule employees assigned in the craft unit shall be considered to be in a separate category. All provisions of this Article apply to part-time fixed schedule employees within their own category.

B. The U.S. Postal Service and the Unions recognizing their responsibility to aid and assist deserving full-time regular or part-time flexible employees who through illness or injury are unable to perform their regularly assigned duties, agree to the following provisions and conditions for reassignment to temporary or permanent light duty or other assignments. It will be the responsibility of each installation head to implement the provisions of this Agreement within the installation, after local negotiations.

Section 2. Employee's Request for Reassignment

A. Temporary Reassignment

Any full-time regular or part-time flexible employee recuperating from a serious illness or injury and temporarily unable to perform the assigned duties may voluntarily submit a written request to the installation head for temporary assignment to a light duty or other assignment. The request shall be supported by a medical statement from a licensed physician or by a written statement from a licensed chiropractor stating, when possible, the anticipated duration of the convalescence period. Such employee agrees to submit to a further examination by a Public Health Service doctor or physician designated by the installation head, if that official so requests.

B. Permanent Reassignment

1. Any ill or injured full-time regular or part-time flexible employee having a minimum of five years of postal service, or any full-time regular or part-time flexible employee who sustained injury on duty, regardless of years of service, while performing the assigned duties can submit a voluntary request for permanent reassignment to light duty or other assignment to the installation head if the employee is permanently unable to perform all or part of the assigned duties. The request shall be accompanied by a medical certificate from the United States Public Health Service or a physician designated by the installation head giving full evidence of the physical condition of the employee, the need for reassignment, and the ability of the employee to perform other duties. A certificate from the employee's personal physician will not be acceptable.

2. The following procedures are the exclusive procedures for resolving a disagreement between the employee's physician and the physician designated by the USPS concerning the medical condition of an employee who has requested a permanent light duty assignment. These procedures shall not apply to cases where the employee's medical condition arose out of an occupational illness or injury. On request of the Union, a third physician will be selected from a list of five Board Certified Specialists in the medical field for the condition in question, the list to be supplied by the local Medical Society. The physician will be selected by the alternate striking of names from the list by the Union and the Employer. The Employer will supply the selected physician with all relevant facts including job description and occupational physical requirements. The decision of the third physician will be final as to the employee's medical condition and occupational limitations, if any. Any other issues relating to the employee's entitlement to a light duty assignment shall be resolved through the grievance-ar

bitration procedure. The costs of the services of the third physician shall be shared by the Union and the Employer.

C. Installation heads shall show the greatest consideration for full-time regular or part-time flexible employees requiring light duty or other assignments, giving each request careful attention, and reassign such employees to the extent possible in the employee's office. When a request is refused, the installation head shall notify the concerned employee in writing, stating the reasons for the inability to reassign the employee.

Section 3. Local Implementation

Due to varied size installations and conditions within installations, the following important items having a direct bearing on these reassignment procedures (establishment of light duty assignments) should be determined by local negotiations.

A. Through local negotiations, each office will establish the assignments that are to be considered light duty within each craft represented in the office. These negotiations should explore ways and means to make adjustments in normal assignments, to convert them to light duty assignments without seriously affecting the production of the assignment.

B. Light duty assignments may be established from parttime hours, to consist of 8 hours or less in a service day and 40 hours or less in a service week. The establishment of such assignment does not guarantee any hours to a part-time flexible employee.

C. Number of Light Duty Assignments. The number of assignments within each craft that may be reserved for temporary or permanent light duty assignments, consistent with good business practices, shall be determined by past experience as to the number of reassignments that can be expected during each year, and the method used in reserving these assignments to insure that no assigned full-time regular employee will be adversely affected, will be defined through local negotiations. The light duty employee's tour hours, work location and basic work week shall be those of the light

duty assignment and the needs of the service, whether or not the same as for the employee's previous duty assignment.

Section 4. General Policy Procedures

A. Every effort shall be made to reassign the concerned employee within the employee's present craft or occupational group, even if such assignment reduces the number of hours of work for the supplemental work force. After all efforts are exhausted in this area, consideration will be given to reassignment to another craft or occupational group within the same installation.

B. The full-time regular or part-time flexible employee must be able to meet the qualifications of the position to which the employee is reassigned on a permanent basis. On a temporary reassignment, qualifications can be modified provided excessive hours are not used in the operation.

C. The reassignment of a full-time regular or part-time flexible employee to a temporary or permanent light duty or other assignment shall not be made to the detriment of any full-time regular on a scheduled assignment or give a reassigned part-time flexible preference over other part-time flexible employees.

D. The reassignment of a full-time regular or part-time flexible employee under the provisions of this Article to an agreed-upon light duty temporary or permanent or other assignment within the office, such as type of assignment, area of assignment, hours of duty, etc., will be the decision of the installation head who will be guided by the examining physician's report, employee's ability to reach the place of employment and ability to perform the duties involved.

E. An additional full-time regular position can be authorized within the craft or occupational group to which the employee is being reassigned, if the additional position can be established out of the part-time hours being used in that operation without increasing the overall hour usage. If this cannot be accomplished, then consideration will be given to reassignment to an existing vacancy.

F. The installation head shall review each light duty reas

signment at least once each year, or at any time the installation head has reason to believe the incumbent is able to perform satisfactorily in other than the light duty assignment the employee occupies. This review is to determine the need for continuation of the employee in the light duty assignment. Such employee may be requested to submit to a medical review by the United States Public Health Service or by a physician designated by the installation head if the installation head believes such examination to be necessary.

G. The following procedures are the exclusive procedures for resolving a disagreement between the employee's physician and the physician designated by the USPS concerning the medical condition of an employee who is on a light duty assignment. These procedures shall not apply to cases where the employee's medical condition arose out of an occupational illness or injury. On request of the Union, a third physician will be selected from a list of five Board Certified Specialists in the medical field for the condition in question, the list to be supplied by the local Medical Society. The physician will be selected by the alternate striking of names from the list by the Union and the Employer. The Employer will supply the selected physician with all relevant facts including job description and occupational physical requirements. The decision of the third physician will be final as to the employee's medical condition and occupational limitations, if any. Any other issues relating to the employee's entitlement to a light duty assignment shall be resolved through the grievance-arbitration procedure. The costs of the services of the third physician shall be shared by the Union and the Employer.

H. When a full-time regular employee in a temporary light duty assignment is declared recovered on medical review, the employee shall be returned to the employee's former duty assignment, if it has not been discontinued. If such former regular assignment has been discontinued the employee becomes an unassigned full-time regular employee.

I. If a full-time regular employee is reassigned in another craft for permanent light duty and later is declared recovered, on medical review, the employee shall be returned to the first available full-time regular vacancy in complement in the em-

ployee's former craft. Pending return to such former craft, the employee shall be an unassigned full-time regular employee. The employee's seniority shall be restored to include service in the light duty assignment.

J. When a full-time regular employee who has been awarded a permanent light duty assignment within the employee's own craft is declared recovered, on medical review, the employee shall become an unassigned full-time regular employee.

K. When a part-time flexible on temporary light duty is declared recovered, the employee's detail to light duty shall be terminated.

L. When a part-time flexible who has been reassigned in another craft on permanent light duty is declared recovered, such assignment to light duty shall be terminated. Section 4.I, above, does not apply even though the employee has advanced to full-time regular while on light duty.

Section 5. Filling Vacancies Due to Reassignment of an Employee to Another Craft

When it is necessary to permanently reassign an ill or injured full-time regular or part-time flexible employee who is unable to perform the regularly assigned duties, from one craft to another craft within the office, the following procedures will be followed:

A. When the reassigned employee is a full-time regular employee, the resulting full-time regular vacancy in the complement, not necessarily in the particular duty assignment of the losing craft from which the employee is being reassigned, shall be posted to give the senior of the full-time regular employees in the gaining craft the opportunity to be reassigned to the vacancy, if desired.

B. If no full-time regular employee accepts the opportunity to be assigned to the vacancy in the complement, not necessarily in the particular duty assignment in the other craft, the senior of the part-time flexibles on the opposite roll who wishes to accept the vacancy shall be assigned to the full-time regular vacancy in the complement of the craft of the reas-

signed employee.

C. When the reassigned employee is a part-time flexible, the resulting vacancy in the losing craft shall be posted to give the senior of the full-time regular or part-time flexible employees in the gaining craft the opportunity to be assigned to the part-time flexible vacancy, if desired, to begin a new period of seniority at the foot of the part-time flexible roll.

D. The rule in A and B, above, applies when a full-time regular employee on permanent light duty is declared recovered and is returned to the employee's former craft, to give the senior of the full-time regular or part-time flexible employees in the gaining craft the opportunity, if desired, to be assigned in the resulting full-time regular vacancy in the complement, not necessarily in the particular duty assignment of the losing craft.

Section 6. Seniority of an Employee Assigned to Another Craft

A. Except as provided for in Section 4.1, above, a full-time regular employee assigned to another craft or occupational group in the same or lower level in the same installation shall take the seniority for preferred tours and assignments, whichever is the lesser of (a) one day junior to the junior full-time regular employee in the craft or occupational group, (b) retain the seniority the employee had in the employee's former craft.

B. A part-time flexible employee who is permanently assigned to a full-time regular or part-time flexible assignment in another craft, under the provisions of this Article, shall begin a new period of seniority. If assigned as a part-time flexible, it shall be at the foot of the part-time flexible roll.

ARTICLE 14

SAFETY AND HEALTH

Section 1. Responsibilities

It is the responsibility of management to provide safe working conditions in all present and future installations and to develop

a safe working force. The Unions will cooperate with and assist management to live up to this responsibility. The Employer will meet with the Unions on a semiannual basis and inform the Unions of its automated systems development programs. The Employer also agrees to give appropriate consideration to human factors in the design and development of automated systems. Human factors and ergonomics of new automated systems are a proper subject for discussion at the National Joint Labor-Management Safety Committee.

Section 2. Cooperation

The Employer and the Unions insist on the observance of safe rules and safe procedures by employees and insist on correction of unsafe conditions. Mechanization, vehicles and vehicle equipment, and the work place must be maintained in a safe and sanitary condition, including adequate occupational health and environmental conditions. The Employer shall make available at each installation forms to be used by employees in reporting unsafe and unhealthful conditions. If an employee believes he/she is being required to work under unsafe conditions, such employees may:

- (a) notify such employee's supervisor who will immediately investigate the condition and take corrective action if necessary;
- (b) notify such employee's steward, if available, who may discuss the alleged unsafe condition with such employee's supervisor;
- (c) file a grievance at Step 2 of the grievance procedure within fourteen (14) days of notifying such employee's supervisor if no corrective action is taken during the employee's tour, and/or
- (d) make a written report to the Union representative from the local Safety and Health Committee who may discuss the report with such employee's supervisor.

Upon written request of the employee involved in an accident, a copy of the PS Form 1769 (Accident Report) will be provided.

Any grievance which has as its subject a safety or health

issue directly affecting an employee(s) which is subsequently properly appealed to arbitration in accordance with the provisions of Article 15 may be placed at the head of the appropriate arbitration docket at the request of the Union.

Section 3. Implementation

To assist in the positive implementation of the program:

A. There shall be established at the Employer's Headquarters level, a Joint Labor-Management Safety Committee. Representation on the Committee, to be specifically determined by the Employer and the Unions, shall include one person from each of the Unions and representatives from appropriate Departments in the Postal Service. Not later than 60 days following the effective date of this Collective Bargaining Agreement, designated representatives of the Union and Management will meet for the purpose of developing a comprehensive agenda which will include all aspects of the Employer's Safety Program. Subsequent to the development of this agenda priorities will be established and a tentative schedule will be developed to insure full discussion of all topics. Meetings may also be requested by either party for the specific purpose of discussing additional topics of interest within the scope of the Committee.

The responsibility of the Committee will be to evaluate and make recommendations on all aspects of the Employer's Safety Program, to include program adequacy, implementation at the local level, and studies being conducted for improving the work environment.

The Chairman will be designated by the Employer. The Union may designate a coordinator who, in conjunction with the Chairman, shall schedule the meetings, and recommended priorities on new agenda items. In addition, the coordinator may assist the Chairman in conducting the activities of the Committee. The Employer shall furnish the Unions information relating to injuries, illness and safety, including the morbidity and mortality experience of employees. This report shall be in form of reports furnished OSHA on a quarterly basis.

The Headquarters level Committee will meet quarterly and the Employer and Union Representatives will exchange proposed agenda items two weeks before the scheduled meetings. If problems or items of significant, national nature arise between scheduled quarterly meetings either party may request a special meeting of the Committee. Either party will have the right to be accompanied to any Committee meeting by no more than two technical advisors.

B. There shall be established at the Employer's Regional level, a Regional Joint Labor-Management Safety Committee, which will be scheduled to meet quarterly. The Employer and Union Representatives will exchange proposed agenda items two weeks before the scheduled meetings. If problems or items of a significant, regional nature arise between scheduled quarterly meetings, either party may request a special meeting of the Committee. Either party will have the right to be accompanied to any Committee meeting by no more than two technical advisors.

Representation on the Committee shall include one person from each of the Unions and appropriate representatives from the Postal Service Regional Office. The Chairman will be designated by the Employer.

C. The Employer will make Health Service available for the treatment of job related injury or illness where it determines they are needed. The Health Service will be available from any of the following sources: U.S. Public Health Service; other government or public medical sources within the area; independent or private medical facilities or services that can be contracted for; or in the event funds, spaces and personnel are available for such purposes, they may be staffed at the installation. The Employer will promulgate appropriate regulations which comply with applicable regulations of the Office of Workers' Compensation Programs, including employee choice of health services.

D. The Employer will comply with Section 19 of the Williams-Steiger Occupational Safety and Health Act.

Section 4. Local Safety Committee

At each postal installation having 50 or more employees, a

Joint Labor-Management Safety and Health Committee will be established. In installations having fewer than 50 employees, installation heads are encouraged to establish similar committees when requested by the Unions. Where no Safety and Health Committee exists, safety and health items may be placed on the agenda and discussed at labor-management meetings. There shall be equal representation on the Committee between the Unions and management. The representation on the Committee to be specifically determined by the Employer and the Unions shall include one person from each of the Unions and appropriate management representatives. The Chairman will be designated by the Employer.

It is recognized that under some circumstances, the presence of an additional employee employed at the installation will be useful to the local Safety and Health Committee because of that employee's special expertise or experience with the agenda item being discussed. Under these circumstances, which will not normally be applicable to most agenda items, the employee may, at the request of the Union, be in attendance only for the time necessary to discuss that item. Payment for the actual time spent at such meetings by the employee will be at the applicable straight-time rate, providing the time spent is a part of the employee's regular workday.

[see Memo, page 282]

Section 5. Subjects for Discussion

Individual grievances shall not be made the subject of discussion during Safety and Health Committee meetings.

Section 6. Employee Participation

It is the intent of this program to insure broad exposure to employees, to develop interest by active participation of employees, to insure new ideas being presented to the Committee and to make certain that employees in all areas of an installation have an opportunity to be represented. At the same time, it is recognized that for the program to be effective, it is desirable to provide for a continuity in the committee work from year to year. Therefore, except for the Chairman and Secretary, the Committee members shall serve three-year

terms and shall at the discretion of the Union be eligible to succeed themselves.

Section 7. Local Committee Meetings

The Safety and Health Committee shall meet at least quarterly and at such other times as requested by a Committee member and approved by the Chairman in order to discuss significant problems or items. The meeting shall be on official time. Each Committee member shall submit agenda items to the Secretary at least three (3) days prior to the meeting. A member of the Health Unit will be invited to participate in the meeting of the Labor-Management Safety and Health Committee when agenda item(s) relate to the activities of the Health Unit.

Section 8. Local Committee Responsibilities

A. The Committee shall review the progress in accident prevention and health at the installation; determine program areas which should have increased emphasis; and it may investigate major accidents which result in disabling injuries. Items properly relating to employee safety and health shall be considered appropriate discussion items. Upon a timely request, information or records necessary for the local Safety and Health Committee to investigate real or potential safety and health issues will be made available to the Committee.

In addition, the Committee shall promote the cause of safety and health in the installation by:

1. Reviewing safety and health suggestions, safety training records and reports of unsafe conditions or practices.
2. Reviewing local safety and health rules.
3. Identifying employee unsafe work practices and assisting in enforcing safety work rules.
4. Reviewing updated list of hazardous materials used in the installation.
5. Reviewing local dog bite prevention efforts.

The Committee shall at its discretion render reports to the

installation head and may at its discretion make recommendations to the installation head for action on matters concerning safety and health. The installation head shall within a reasonable period of time advise the Committee that the recommended action has been taken or advise the Headquarters Safety and Health Committee and the Presidents of the local Unions as to why it has not. Any member of the Committee may also submit a written report to the Headquarters Safety and Health Committee in the event the Committee's recommendations are not implemented.

Upon proper written request to the Chairman of the Committee, on-the-spot inspection of particular troublesome areas may be made by individual Committee members or a Subcommittee or the Committee as a whole. Such request shall not be unreasonably denied. When so approved, the Committee members shall be on official time while making such inspection.

The Union representatives from the local Safety and Health Committee may participate on the annual inspection, conducted by divisional safety and health services personnel in the main facility of each MSC and BMC, provided that the Union represents employees at the main facility of the MSC or BMC being inspected. In no case shall there be more than two (2), one (1) per Union, Union representatives on such inspections.

The Union representatives from the local Safety and Health Committee may participate on other inspections of the main facility of each post office, MSC, BMC, or other installation with 100 or more man years of employment in the regular work force, and of an individual station or branch where the station or branch has 100 or more man years of employment in the regular work force, provided that the Union represents employees at the main facility or station or branch and provided that the Union representatives are domiciled at the main facility or station or branch to be inspected. If such Union representatives to the local Safety and Health Committee are not domiciled at the main facility or station or branch to be inspected and if such Unions represent employees at the main facility or station or branch, at each Union's option, represen-

tatives from the Committee may participate on the inspection (at no additional cost for the Employer) or such Unions may designate representatives domiciled at the main facility or station or branch to be inspected to participate on the inspection. In no case shall there be more than two (2), one (1) per Union, Union representatives on such inspections.

The Union representatives from the local Safety and Health Committee may participate on the annual inspection of each installation with less than 100 man years of employment in the regular work force, where such Committee exists in the installation being inspected. In those installations that do not have a Safety and Health Committee, the inspector shall afford the opportunity for a bargaining unit employee from each Union that represents employees in that installation to accompany him/her during these inspections. If requested, these bargaining unit employees should be selected by the various exclusive bargaining representatives in that installation. In no case shall there be more than two (2), one (1) per Union, Union representatives on such inspections.

B. An appointed member of a local committee will receive an orientation by the Employer which will include:

1. Responsibilities of the Committee and its members.
2. Basic elements of the Safety and Health Program.
3. Identification of hazards and unsafe practices.
4. Explanation of reports and statistics reviewed and analyzed by the Committee.

C. Where an investigation board is appointed by a Regional Postmaster General or a Field Division General Manager/Postmaster to investigate a fatal or serious industrial non-criminal accident and/or injury, the appropriate Union at the installation will be advised promptly. When requested by the Union, a representative from the local Safety and Health Committee will be permitted to accompany the board in its investigation.

D. In installations where employees represented by the Unions accept, handle and/or transport hazardous materials, the Employer will establish a program of promoting safety awareness through communications and/or training, as ap-

propriate. Elements of such a program would include, but not be limited to:

1. Informational postings, pamphlets or articles in Postal and Regional Bulletins.
2. Distribution of Publication 52 to employees whose duties require acceptance of and handling hazardous or perishable items.
3. On-the-job training of employees whose duties require the handling and/or transportation of hazardous or perishable items. This training will include, but is not limited to, hazard identification; proper handling of hazardous materials; personal protective equipment availability and its use; cleanup and disposal requirements for hazardous materials.
4. All mailbags containing any hazardous materials, as defined in Publication 52, will be appropriately identified so that the employee handling the mail is aware that the mailbag contains one or more hazardous material packages.
5. Personal protective equipment will be made available to employees who are exposed to spills and breakage of hazardous materials.

Section 9. Field Federal Safety and Health Councils

In those cities where Field Federal Safety and Health Councils exist, one representative of the Unions who is on the Local Safety and Health Committee in an independent postal installation in that city and who serves as a member of such Councils, will be permitted to attend the meetings. Such employee will be excused from regularly assigned duties without loss of pay. Employer authorized payment as outlined above will be granted at the applicable straight time rate, provided the time spent in such meetings is a part of the employee's regular work day.

(The preceding Article, Article 14, shall apply to Transitional Employees)

ARTICLE 15

GRIEVANCE-ARBITRATION PROCEDURE

Section 1. Definition

A grievance is defined as a dispute, difference, disagreement or complaint between the parties related to wages, hours, and conditions of employment. A grievance shall include, but is not limited to, the complaint of an employee or of the Unions which involves the interpretation, application of, or compliance with the provisions of this Agreement or any local Memorandum of Understanding not in conflict with this Agreement.

Section 2. Grievance Procedure Steps

Step 1:

(a) Any employee who feels aggrieved must discuss the grievance with the employee's immediate supervisor within fourteen (14) days of the date on which the employee or the Union first learned or may reasonably have been expected to have learned of its cause. The employee, if he or she so desires, may be accompanied and represented by the employee's steward or a Union representative. The Union also may initiate a grievance at Step 1 within 14 days of the date the Union first became aware of (or reasonably should have become aware of) the facts giving rise to the grievance. In such case the participation of an individual grievant is not required. A Step 1 Union grievance may involve a complaint affecting more than one employee in the office.

(b) In any such discussion the supervisor shall have authority to settle the grievance. The steward or other Union representative likewise shall have authority to settle or withdraw the grievance in whole or in part. No resolution reached as a result of such discussion shall be a precedent for any purpose.

(c) If no resolution is reached as a result of such discussion, the supervisor shall render a decision orally stating the reasons for the decision. The supervisor's decision should be stated during the discussion, if possible, but in no event shall

it be given to the Union representative (or the grievant, if no Union representative was requested) later than five (5) days thereafter unless the parties agree to extend the five (5) day period. Within five (5) days after the supervisor's decision, the supervisor shall, at the request of the Union representative, initial the standard grievance form that is used at Step 2 confirming the date upon which the decision was rendered.

(d) The Union shall be entitled to appeal an adverse decision to Step 2 of the grievance procedure within ten (10) days after receipt of the supervisor's decision. Such appeal shall be made by completing a standard grievance form developed by agreement of the parties, which shall include appropriate space for at least the following:

1. Detailed statement of facts;
2. Contentions of the grievant;
3. Particular contractual provisions involved; and
4. Remedy sought.

Step 2:

(a) The standard grievance form appealing to Step 7 shall be filed with the installation head or designee. In any associate post office of twenty (20) or less employees, the Employer shall designate an official outside of the installation as the Step 2 official, and shall so notify the Union Step I representative.

(b) Any grievance initiated at Step 2, pursuant to Article 2 or 14 of this Agreement, must be filed within 14 days of the date on which the Union or the employee first learned or may reasonably have been expected to have learned of its cause.

(c) The installation head or designee will meet with the steward or a Union representative as expeditiously as possible, but no later than seven (7) days following receipt of the Step 2 appeal unless the parties agree upon a later date. In all grievances appealed from Step I or filed at Step 2, the grievant shall be represented in Step 2 for all purposes by a steward or a Union representative who shall have authority to settle or withdraw the grievance as a result of discussions or compromise in this Step. The installation head or designee

in Step 2 also shall have authority to grant or settle the grievance in whole or in part.

(d) At the meeting the Union representative shall make a full and detailed statement of facts relied upon, contractual provisions involved, and remedy sought. The Union representative may also furnish written statements from witnesses or other individuals. The Employer representative shall also make a full and detailed statement of facts and contractual provisions relied upon. The parties' representatives shall cooperate fully in the effort to develop all necessary facts, including the exchange of copies of all relevant papers or documents in accordance with Article 31. The parties' representatives may mutually agree to jointly interview witnesses where desirable to assure full development of all facts and contentions. In addition, in cases involving discharge either party shall have the right to present no more than two witnesses. Such right shall not preclude the parties from jointly agreeing to interview additional witnesses as provided above.

(e) Any settlement or withdrawal of a grievance in Step 2 shall be in writing or shall be noted on the standard grievance form, but shall not be a precedent for any purpose, unless the parties specifically so agree or develop an agreement to dispose of future similar or related problems.

(f) Where agreement is not reached the Employer's decision shall be furnished to the Union representative in writing, within ten (10) days after the Step 2 meeting unless the parties agree to extend the ten (10) day period. The decision shall include a full statement of the Employer's understanding of (1) all relevant facts, (2) the contractual provisions involved, and (3) the detailed reasons for denial of the grievance.

(g) If the Union representative believes that the facts or contentions set forth in the decision are incomplete or inaccurate, such representative should, within ten (10) days of receipt of the Step 2 decision, transmit to the Employer's representative a written statement setting forth corrections or additions deemed necessary by the Union. Any such statement must be included in the file as part of the grievance record in the case. The filing of such corrections or additions shall not

affect the time limits for appeal to Step 3.

(h) The Union may appeal an adverse Step 2 decision to Step 3. Any such appeal must be made within fifteen (15) days after receipt of the Employer's decision unless the parties' representatives agree to extend the time for appeal. Any appeal must include copies of (1) the standard grievance form, (2) the Employer's written Step 2 decision, and, if filed, (3) the Union corrections or additions to the Step 2 decision.

Step 3:

(a) Any appeal from an adverse decision in Step 2 shall be in writing to the Regional Director for Human Resources, with a copy to the Employer's Step 2 representative, and shall specify the reasons for the appeal.

(b) The grievant shall be represented at the Employer's Regional Level by a Union's Regional representative, or designee. The Step 3 meeting of the parties' representatives to discuss the grievance shall be held within fifteen (15) days after it has been appealed to Step 3. Each party's representative shall be responsible for making certain that all relevant facts and contentions have been developed and considered. The Union representative shall have authority to settle or withdraw the grievance in whole or in part. The Employer's representative likewise shall have authority to grant the grievance in whole or in part. In any case where the parties' representatives mutually conclude that relevant facts or contentions were not developed adequately in Step 2, they shall have authority to return the grievance to the Step 2 level for full development of all facts and further consideration at that level. In such event, the parties' representatives at Step 2 shall meet within seven (7) days after the grievance is returned to Step 2. Thereafter, the time limits and procedures applicable to Step 2 grievances shall apply.

(c) The Employer's written Step 3 decision on the grievance shall be provided to the Union's Step 3 representative within fifteen (15) days after the parties have met in Step 3, unless the parties agree to extend the fifteen (15) day period. Such decision shall state the reasons for the decision in detail and

shall include a statement of any additional facts and contentions not previously set forth in the record of the grievance as appealed from Step 2. Such decision also shall state whether the Employer's Step 3 representative believes that no interpretive issue under the National Agreement or some supplement thereto which may be of general application is involved in the case.

(d) The Union may appeal an adverse decision directly to arbitration at the Regional level within twenty-one (21) days after the receipt of the Employer's Step 3 decision in accordance with the procedure hereinafter set forth; provided the Employer's Step 3 decision states that no interpretive issue under the National Agreement or some supplement thereto which may be of general application is involved in the case.

(e) If either party's representative maintains that the grievance involves an interpretive issue under the National Agreement, or some supplement thereto which may be of general application, the Union representative shall be entitled to appeal an adverse decision to Step 4 (National level) of the grievance procedure. Any such appeal must be made within twenty-one (21) days after receipt of the Employer's decision and include copies of the standard grievance form, the Step 2 and Step 3 decision and, if filed, any Union corrections and additions filed at Step 2 or 3. The Union shall furnish a copy of the Union appeal to the Regional Director of Human Resources.

(f) Where grievances appealed to Step 3 involve the same, or substantially similar issues or facts, one such grievance to be selected by the Union representative shall be designated the "representative" grievance. If not resolved at Step 3, the "representative" grievance may be appealed to Step 4 of the grievance procedure or to arbitration in accordance with the above. All other grievances which have been mutually agreed to as involving the same, or substantially similar issues or facts as those involved in the "representative" grievance shall be held at Step 3 pending resolution of the "representative" grievance, provided they were timely filed at Step 1 and properly appealed to Steps 2 and 3 in accordance with the

grievance procedure.

Following resolution of the "representative" grievance, the parties involved in that grievance shall meet at Step 3 to apply the resolution to the other pending grievances involving the same, or substantially similar issues or facts. Disputes over the applicability of the resolution of the "representative" grievance shall be resolved through the grievance-arbitration procedures contained in this Article; in the event it is decided that the resolution of the "representative" grievance is not applicable to a particular grievance, the merits of that grievance shall also be considered.

Step 4:

(a) In any case properly appealed to this Step the parties shall meet at the National level promptly, but in no event later than thirty (30) days after filing such appeal in an attempt to resolve the grievance. The Union representative shall have authority to settle or withdraw the grievance in whole or in part. The Employer's representative shall have authority to grant or settle the grievance in whole or in part. The parties' Step 4 representatives may, by mutual agreement, return any grievance to Step 3 where (a) the parties agree that no national interpretive issue is fairly presented or (b) it appears that all relevant facts have not been developed adequately. In such event, the parties shall meet at Step 3 within fifteen (15) days after the grievance is returned to Step 3. Thereafter the procedures and time limits applicable to Step 3 grievances shall apply. Following their meeting in any case not returned to Step 3, a written decision by the Employer will be rendered within fifteen (15) days after the Step 4 meeting unless the parties agree to extend the fifteen (15) day period. The decision shall include an adequate explanation of the reasons therefor. In any instance where the parties have been unable to dispose of a grievance by settlement or withdrawal, the National President of the Union involved shall be entitled to appeal it to arbitration at the National level within thirty (30) days after receipt of the Employer's Step 4 decision.

[see Memo, page 284]

Section 3. Grievance Procedure - General

A. The parties expect that good faith observance, by their respective representatives, of the principles and procedures set forth above will result in settlement or withdrawal of substantially all grievances initiated hereunder at the lowest possible step and recognize their obligation to achieve that end.

B. The failure of the employee or the Union in Step 1, or the Union thereafter to meet the prescribed time limits of the Steps of this procedure, including arbitration, shall be considered as a waiver of the grievance. However, if the Employer fails to raise the issue of timeliness at Step 2, or at the step at which the employee or Union failed to meet the prescribed time limits, whichever is later, such objection to the processing of the grievance is waived.

C. Failure by the Employer to schedule a meeting or render a decision in any of the Steps of this procedure within the time herein provided (including mutually agreed to extension periods) shall be deemed to move the grievance to the next Step of the grievance-arbitration procedure.

D. It is agreed that in the event of a dispute between the Union and the Employer as to the interpretation of this Agreement, such dispute may be initiated as a grievance at the Step 4 level by the President of the Union. Such a grievance shall be initiated in writing and must specify in detail the facts giving rise to the dispute, the precise interpretive issues to be decided and the contention of the Union. Thereafter the parties shall meet in Step 4 within thirty (30) days in an effort to define the precise issues involved, develop all necessary facts, and reach agreement. Should they fail to agree, then, within fifteen (15) days of such meeting, each party shall provide the other with a statement in writing of its understanding of the issues involved, and the facts giving rise to such issues. In the event the parties have failed to reach agreement within sixty (60) days of the initiation of the grievance in Step 4, the Union then may appeal it to arbitration, within thirty (30) days thereafter.

Section 4. Arbitration

A. General Provisions

1. A request for arbitration shall be submitted within the specified time limit for appeal.
2. No grievance may be arbitrated at the National level except when timely notice of appeal is given the Employer in writing by the National President of the Union involved. No grievance may be appealed to arbitration at the Regional level except when timely notice of appeal is given in writing to the appropriate Regional official of the Employer by the certified representative of the Union in the particular Region. Such representative shall be certified to appeal grievances by the National President of the Union to the Employer at the National level.
3. All grievances appealed to arbitration will be placed on the appropriate pending arbitration list in the order in which appealed. The Employer, in consultation with the particular Unions involved, will be responsible for maintaining appropriate dockets of grievances, as appealed, and for administrative functions necessary to assure efficient scheduling and hearing of cases by arbitrators at all levels.
4. In order to avoid loss of available hearing time, except in National level cases, back-up cases should be scheduled to be heard in the event of late settlement or withdrawal of grievances before hearing. In the event that either party withdraws a case less than five (5) days prior to the scheduled arbitration date, and the parties are unable to agree on scheduling another case on that date, the party withdrawing the case shall pay the full costs of the arbitrator for that date. In the event that the parties settle a case or either party withdraws a case five (5) or more days prior to the scheduled arbitration date, the back-up case on the appropriate arbitration list shall be scheduled. If the parties settle a case less than five (5) days prior to the scheduled arbitration date and are unable to agree

to schedule another case, the parties shall share the costs of the arbitrator for that date. This paragraph shall not apply to National level arbitration cases.

5. Arbitration hearings normally will be held during working hours where practical. Employees whose attendance as witnesses is required at hearings during their regular working hours shall be on Employer time when appearing at the hearing, provided the time spent as a witness is part of the employee's regular working hours.
6. All decisions of an arbitrator will be final and binding. All decisions of arbitrators shall be limited to the terms and provisions of this Agreement, and in no event may the terms and provisions of this Agreement be altered, amended, or modified by an arbitrator. Unless otherwise provided in this Article, all costs, fees, and expenses charged by an arbitrator will be shared equally by the parties.
7. All arbitrators on the Regular Regional Panels and the Expedited Panels and on the National Panel shall serve for the term of this Agreement and shall continue to serve for six (6) months thereafter, unless the parties otherwise mutually agree.
8. Arbitrators on the national and on the Regular and Expedited Regional Panels shall be selected by the method agreed upon by the parties at the National Level.
9. In any arbitration proceeding in which a Union feels that its interests may be affected, it shall be entitled to intervene and participate in such arbitration proceeding, but it shall be required to share the cost of such arbitration equally with any or all other Union parties to such proceeding. Any dispute as to arbitrability may be submitted to the arbitrator and be determined by such arbitrator. The arbitrator's determination shall be final and binding.

B. Regional Level Arbitration - Regular

1. At the Regional level three (3) separate lists of cases

to be heard in arbitration shall be maintained for each Union: (a) one for all removal cases and cases involving suspensions for more than 14 days, (b) one for all cases referred to Expedited Arbitration, and (c) one for all other cases appealed to arbitration at the Regional Level. Separate panels will be established for scheduling (a) removal cases and cases involving suspensions for more than 14 days, (b) for all cases referred to Expedited Arbitration, and (c) for all other cases appealed to arbitration at the Regional Level.

2. Cases will be scheduled for arbitration in the order in which appealed, unless the Union and Employer otherwise agree.
3. Only discipline cases involving suspensions of 14 days or less and those other disputes as may be mutually determined by the parties shall be referred to Expedited Arbitration in accordance with Section C hereof.
4. Cases referred to arbitration, which involve removals or suspensions for more than 14 days, shall be scheduled for hearing at the Regional Level at the earliest possible date in the order in which appealed by the particular Union involved.
5. If either party concludes that a case referred to Regional Arbitration involves an interpretative issue under the National Agreement or some supplement thereto which may be of general application, that party may withdraw the case from arbitration and refer the case to Step 4 of the grievance procedure.

[see Memo, page 284]

6. The arbitrators on each Regular Regional Panel shall be scheduled to hear cases on a rotating system basis, unless otherwise agreed by the parties. The hearing time to be made available to each of the signatory Unions for arbitration in any given Region shall be determined on a pro-rata basis in light of the relative size of the bargaining units represented by the Unions in the given Region.

7. Normally, there will be no transcripts of arbitration hearings or filing of post-hearing briefs in cases heard in Regular Regional level arbitration, except either party at the National level may request a transcript, and either party at the hearing may request to file a post-hearing brief. However, each party may file a written statement setting forth its understanding of the facts and issues and its argument at the beginning of the hearing and also shall be given an adequate opportunity to present argument at the conclusion of the hearing.
8. The arbitrator in any given case should render an award therein within thirty (30) days of the close of the record in the case.

C. Regional Level Arbitration - Expedited

1. The parties agree to continue the utilization of an expedited arbitration system for disciplinary cases of 14 days suspension or less which do not involve interpretation of the Agreement and for such other cases as the parties may mutually determine. This system may be utilized by agreement of the Union involved through its National President or designee and the Senior Assistant Postmaster General, Human Resources Group, or designee. In any such case, the FMCS or AAA shall immediately notify the designated arbitrator. The designated arbitrator is that member of the Expedited Panel who, pursuant to a rotation system, is scheduled for the next arbitration. Immediately upon such notification the designated arbitrator shall arrange a place and date for the hearing promptly but within a period of not more than ten (10) working days. If the designated arbitrator is not available to conduct a hearing within the ten (10) working days, the next panel member in rotation shall be notified until an available arbitrator is obtained.
2. If either party concludes that the issues involved are of such complexity or significance as to warrant refer

ence to the Regular Regional Arbitration Panel, that party shall notify the other party of such reference at least twenty-four (24) hours prior to the scheduled time for the expedited arbitration.

3. The hearing shall be conducted in accordance with the following:
 - a. the hearing shall be informal;
 - b. no briefs shall be filed or transcripts made;
 - c. there shall be no formal rules of evidence;
 - d. the hearing shall normally be completed within one day;
 - e. if the arbitrator or the parties mutually conclude at the hearing that the issues involved are of such complexity or significance as to warrant reference to the Regular Regional Arbitration Panel, the case shall be referred to that panel; and
 - f. the arbitrator may issue a bench decision at the hearing but in any event shall render a decision within forty-eight (48) hours after conclusion of the hearing. Such decision shall be based on the record before the arbitrator and may include a brief written explanation of the basis for such conclusion. These decisions will not be cited as a precedent. The arbitrator's decision shall be final and binding. An arbitrator who issues a bench decision shall furnish a written copy of the award to the parties within forty-eight (48) hours of the close of the hearing.
4. No decision by a member of the Expedited Panel in such a case shall be regarded as a precedent or be cited in any future proceeding, but otherwise will be a final and binding decision.
5. The Expedited Arbitration Panel shall be developed by the National parties, on an area basis, with the aid of the American Arbitration Association and the Federal Mediation and Conciliation Service.

D. National Level Arbitration

1. Only cases involving interpretive issues under this Agreement or supplements thereto of general application will be arbitrated at the National level.
2. Separate dockets of cases appealed to arbitration at the National level shall be maintained for each Union. The arbitrators on the National Panel shall be scheduled to hear cases on a rotating system basis, unless otherwise agreed by the parties. All available hearing time at the National level shall be pro-rated among the Unions on the basis of the relative size of the respective bargaining units represented. Cases on each docket will be scheduled for arbitration in the order in which appealed, unless the Union and Employer otherwise agree.

[see Memo, page 265]

Section 5. Administration

The parties recognize their continuing joint responsibility for efficient functioning of the grievance procedure and effective use of arbitration. Commencing April 1, 1979, and quarterly thereafter, the Employer will furnish to the President of each Union a copy of a quarterly report containing the following information covering operation of the arbitration procedure at the National level, and for each Region separately:

- (a) number of cases appealed to arbitration;
- (b) number of cases scheduled for hearing;
- (c) number of cases heard;
- (d) number of scheduled hearing dates, if any, which were not used;
- (e) the total number of cases pending but not scheduled at the end of the quarter.

(The preceding Article, Article 15, shall apply to Transitional Employees; additional provisions regarding Article 15 and APWU and NALC Transitional Employees can be found in Appendix A and B, respectively.)

ARTICLE 16

DISCIPLINE PROCEDURE

Section 1. Principles

In the administration of this Article, a basic principle shall be that discipline should be corrective in nature, rather than punitive. No employee may be disciplined or discharged except for just cause such as, but not limited to, insubordination, pilferage, intoxication (drugs or alcohol), incompetence, failure to perform work as requested, violation of the terms of this Agreement, or failure to observe safety rules and regulations. Any such discipline or discharge shall be subject to the grievance-arbitration procedure provided for in this Agreement, which could result in reinstatement and restitution, including back pay.

[see Memo, page 285]

Section 2. Discussion

For minor offenses by an employee, management has a responsibility to discuss such matters with the employee. Discussions of this type shall be held in private between the employee and the supervisor. Such discussions are not considered discipline and are not grievable. Following such discussions, there is no prohibition against the supervisor and/or the employee making a personal notation of the date and subject matter for their own personal record(s). However, no notation or other information pertaining to such discussion shall be included in the employee's personnel folder. While such discussions may not be cited as an element of prior adverse record in any subsequent disciplinary action against an employee, they may be, where relevant and timely, relied upon to establish that employees have been made aware of their obligations and responsibilities.

Section 3. Letter of Warning

A letter of warning is a disciplinary notice in writing, identified as an official disciplinary letter of warning, which shall include an explanation of a deficiency or misconduct to be corrected.

Section 4. Suspensions of 14 Days or Less

In the case of discipline involving suspensions of fourteen (14) days or less, the employee against whom disciplinary action is sought to be initiated shall be served with a written notice of the charges against the employee and shall be further informed that he/she will be suspended after ten (10) calendar days during which ten-day period the employee shall remain on the job or on the clock (in pay status) at the option of the Employer.

Section 5. Suspensions of More Than 14 Days or Discharge

In the case of suspensions of more than fourteen (14) days, or of discharge, any employee shall, unless otherwise provided herein, be entitled to an advance written notice of the charges against him/her and shall remain either on the job or on the clock at the option of the Employer for a period of thirty (30) days. Thereafter, the employee shall remain on the rolls (non-pay status) until disposition of the case has been had either by settlement with the Union or through exhaustion of the grievance-arbitration procedure. A preference eligible who chooses to appeal a suspension of more than fourteen (14) days or his/her discharge to the Merit Systems Protection Board (MSPB) rather than through the grievance-arbitration procedure shall remain on the rolls (nonpay status) until disposition of the case has been had either by settlement or through exhaustion of his/her MSPB appeal. When there is reasonable cause to believe an employee is guilty of a crime for which a sentence of imprisonment can be imposed, the Employer is not required to give the employee the full thirty (30) days advance written notice in a discharge action, but shall give such lesser number of days advance written notice as under the circumstances is reasonable and can be justified. The employee is immediately removed from a pay status at the end of the notice period.

Section 6. Indefinite Suspension Crime Situation

A. The Employer may indefinitely suspend an employee in those cases where the Employer has reasonable cause to believe an employee is guilty of a crime for which a sentence

of imprisonment can be imposed. In such cases, the Employer is not required to give the employee the full thirty (30) days advance notice of indefinite suspension, but shall give such lesser number of days of advance written notice as under the circumstances is reasonable and can be justified. The employee is immediately removed from a pay status at the end of the notice period.

B. The just cause of an indefinite suspension is grievable. The arbitrator shall have the authority to reinstate and make the employee whole for the entire period of the indefinite suspension.

C. If after further investigation or after resolution of the criminal charges against the employee, the Employer determines to return the employee to a pay status, the employee shall be entitled to back pay for the period that the indefinite suspension exceeded seventy (70) days, if the employee was otherwise available for duty, and without prejudice to any grievance filed under B. above.

D. The Employer may take action to discharge an employee during the period of an indefinite suspension whether or not the criminal charges have been resolved, and whether or not such charges have been resolved in favor of the employee. Such action must be for just cause, and is subject to the requirements of Section 5 of this Article.

Section 7. Emergency Procedure

An employee may be immediately placed on an off-duty status (without pay) by the Employer, but remain on the rolls where the allegation involves intoxication (use of drugs or alcohol), pilferage, or failure to observe safety rules and regulations, or in cases where retaining the employee on duty may result in damage to U.S. Postal Service property, loss of mail or funds. or where the employee may be injurious to self or others. The employee shall remain on the rolls (non-pay status) until disposition of the case has been had. If it is proposed to suspend such an employee for more than thirty (30) days or discharge the employee, the emergency action taken under this Section may be made the subject of a separate grievance.

Section 8. Review of Discipline

In no case may a supervisor impose suspension or discharge upon an employee unless the proposed disciplinary action by the supervisor has first been reviewed and concurred in by the installation head or designee.

In associate post offices of twenty (20) or less employees, or where there is no higher level supervisor than the supervisor who proposes to initiate suspension or discharge, the proposed disciplinary action shall first be reviewed and concurred in by a higher authority outside such installation or post office before any proposed disciplinary action is taken.

Section 9. Veterans' Preference

A preference eligible is not hereunder deprived of whatever rights of appeal such employee may have under the Veterans' Preference Act; however, if the employee appeals under the Veterans' Preference Act, the employee thereby waives access to any procedure under the Agreement beyond Step 3 of the grievance-arbitration procedure.

Section 10. Employee Discipline Records

The records of a disciplinary action against an employee shall not be considered in any subsequent disciplinary action if there has been no disciplinary action initiated against the employee for a period of two years.

Upon the employee's written request, any disciplinary notice or decision letter will be removed from the employee's official personnel folder after two years if there has been no disciplinary action initiated against the employee in that two-year period.

(Additional provisions regarding the removal of APWU and NALC Transitional Employees can be found in Appendix A and B, respectively.)

ARTICLE 17
REPRESENTATION

Section 1. Stewards

Stewards may be designated for the purpose of investigating, presenting and adjusting grievances.

Section 2. Appointment of Stewards

A. Each Union signatory to this Agreement will certify to the Employer in writing a steward or stewards and alternates in accordance with the following general guidelines. Where more than one steward is appointed, one shall be designated chief steward. The selection and appointment of stewards or chief stewards is the sole and exclusive function of each Union. Stewards will be certified to represent employees in specific work location(s) on their tour; provided no more than one steward may be certified to represent employees in a particular work location(s). The number of stewards certified shall not exceed, but may be less than, the number provided by the formula hereinafter set forth.

Employees in the same craft per tour or station

Up to 49	1 steward
50 to 99	2 stewards
100 to 199	3 stewards
200 to 499	4 stewards
500 or more	5 stewards
	plus additional steward for each 100 employees

[see Memo, page 286]

B. At an installation, a Union may designate in writing to the Employer one Union officer actively employed at that installation to act as a steward to investigate, present and adjust a specific grievance or to investigate a specific problem to determine whether to file a grievance. The activities of

such Union officer shall be in lieu of a steward designated under the formula in Section 2.A and shall be in accordance with Section 3. Payment, when applicable, shall be in accordance with Section 4.

C. To provide steward service to installations with twenty or less craft employees where the Union has not certified a steward, a Union representative certified to the Employer in writing and compensated by the Union may perform the duties of a steward.

D. At the option of a Union, representatives not on the Employer's payroll shall be entitled to perform the functions of a steward or chief steward, provided such representatives are certified in writing to the Employer at the regional level and providing such representatives act in lieu of stewards designated under the provisions of 2.A or 2.B above.

E. A steward may be designated to represent more than one craft, or to act as a steward in a craft other than his/her own, whenever the Union or Unions involved so agree, and notify the Employer in writing. Any steward designations across craft lines must be in accordance with the formula set forth in Section 2.A above.

(The preceding Section, Article 17.2, shall apply to Transitional Employees.)

Section 3. Rights of Stewards

When it is necessary for a steward to leave his/her work area to investigate and adjust grievances or to investigate a specific problem to determine whether to file a grievance, the steward shall request permission from the immediate supervisor and such request shall not be unreasonably denied.

In the event the duties require the steward leave the work area and enter another area within the installation or post office, the steward must also receive permission from the supervisor from the other area he/she wishes to enter and such request shall not be unreasonably denied.

The steward, chief steward or other Union representative

properly certified in accordance with Section 2 above may request and shall obtain access through the appropriate supervisor to review the documents, files and other records necessary for processing a grievance or determining if a grievance exists and shall have the right to interview the aggrieved employee(s), supervisors and witnesses during working hours. Such requests shall not be unreasonably denied.

While serving as a steward or chief steward, an employee may not be involuntarily transferred to another tour, to another station or branch of the particular post office or to another independent post office or installation unless there is no job for which the employee is qualified on such tour, or in such station or branch, or post office.

If an employee requests a steward or Union representative to be present during the course of an interrogation by the Inspection Service, such request will be granted. All polygraph tests will continue to be on a voluntary basis.

Section 4. Payment of Stewards

The Employer will authorize payment only under the following conditions:

Grievances:

Steps I and 2-- The aggrieved and one Union steward (only as permitted under the formula in Section 2.A) for time actually spent in grievance handling, including investigation and meetings with the Employer. The Employer will also compensate a steward for the time reasonably necessary to write a grievance. In addition, the Employer will compensate any witnesses for the time required to attend a Step 2 meeting.

Meetings called by the Employer for information exchange and other conditions designated by the Employer

concerning contract application.

Employer authorized payment as outlined above will be granted at the applicable straight time rate, providing the time spent is a part of the employee's or steward's (only as provided for under the formula in Section 2.A) regular work day.

Section 5. Labor-Management Committee Meetings

A. The Unions party to this Agreement through their designated agents shall be entitled at the national, regional, and local levels, and at such other intermediate levels as may be appropriate, to participate in regularly scheduled Joint Labor Management Committee meetings for the purpose of discussing, exploring, and considering with management matters of mutual concern; provided neither party shall attempt to change, add to or vary the terms of this Collective Bargaining Agreement.

B. All other national level committees established pursuant to the terms of this Agreement shall function as subcommittees of the national level Labor-Management Committee.

C. Meetings at the national and regional (except as to the Christmas operation) levels will not be compensated by the Employer. The Employer will compensate one designated representative from the Union or Unions concerned with the subject matter of the meeting for actual time spent in the meeting at the applicable straight time rate, providing the time spent in such meetings is a part of the employee's regular scheduled work day.

Section 6. Union Participation in New Employee Orientation

During the course of any employment orientation program for new employees, a representative of the Union representing the craft or occupational group to which the new employees are assigned shall be provided ample opportunity to address such new employees, provided that this provision does not preclude the Employer from addressing employees concerning the same subject.

Health benefit enrollment information and forms will not be provided during orientation until such time as a representative of the Union has had an opportunity to address such new employees.

(The preceding Section, Article 17.6, shall apply to Transitional Employees.)

Section 7. Checkoff

A. In conformity with Section 2 of the Act, 39 U.S.C. 1205, without cost to the Unions, the Employer shall deduct and remit to the appropriate Union the regular and periodic Union dues from the pay of employees who are members of such Union, provided that the Employer has received a written assignment which shall be irrevocable for a period of not more than one year, from each employee on whose account such deductions are to be made. The Employer agrees to remit to each Union all deductions to which it is entitled fourteen (14) days after the end of the pay period for which such deductions are made. Deductions shall be in such amounts as are designated to the Employer in writing by each Union.

B. The authorization of such deductions shall be in the following form:

**AUTHORIZATION FOR DEDUCTION

I hereby assign to (Union) from any salary or wages earned or to be earned by me as your employee (in my present or any future employment by you) such regular and periodic membership dues as the Union may certify as due and owing from me, as may be established from time to time by said Union. I authorize and direct you to deduct such amounts from my pay and to remit same to said Union at such times and in such manner as may be agreed upon between you and the Union at any time while this authorization is in effect.

This assignment, authorization and direction shall be irrevocable for a period of one (1) year from the date of delivery hereof to you, and I agree and direct that this assignment, authorization and direction shall be automatically renewed, and shall be irrevocable for successive periods of one (1) year, unless written notice is given by me to you and the Union not more than twenty (20) days and not less than ten (10) days prior to the expiration of each period of one (1) year. This assignment is freely made pursuant to the provisions of the Postal Reorganization Act and is not contingent upon the existence of any agreement between you and my Union.

D. The Employer agrees that it will continue in effect, but without cost to employees, its existing program of payroll deductions at the request and on behalf of employees for remittance to financial institutions including credit unions. In addition the Employer agrees without cost to the employee to make payroll deductions on behalf of such organization or organizations as one or more of the Unions shall designate to receive funds to provide group automobile insurance for employees and/or homeowners/tenant liability insurance for employees, provided only one insurance carrier is selected to provide such coverage.

(The preceding Section, Article 17.7, shall apply to Transitional Employees.)

ARTICLE 18

NO STRIKE

Section 1. Statement of Principle

The Unions in behalf of their members agree that they will not call or sanction a strike or slowdown.

Section 2. Union Actions

The Unions or their local Unions (whether called branches or by other names) will take reasonable action to avoid such activity and where such activity occurs, immediately inform striking employees they are in violation of this Agreement and order said employees back to work.

Section 3. Union Liability

It is agreed that Unions or their local Unions (whether called

branches or by other names) which comply with the requirements of this Article shall not be liable for the unauthorized action of their members or other postal employees.

Section 4. Legal Impact

The parties agree that the provisions of this Article shall not be used in any way to defeat any current or future legal action involving the constitutionality of existing or future legislation prohibiting Federal employees from engaging in strike actions. The parties further agree that the obligations undertaken in this Article are in no way contingent upon the final determination of such constitutional issues.

(The preceding Article, Article 18, shall apply to Transitional Employees)

ARTICLE 19

HANDBOOKS AND MANUALS

Those parts of all handbooks, manuals and published regulations of the Postal Service, that directly relate to wages, hours or working conditions, as they apply to employees covered by this Agreement, shall contain nothing that conflicts with this Agreement, and shall be continued in effect except that the Employer shall have the right to make changes that are not inconsistent with this Agreement and that are fair, reasonable, and equitable. This includes, but is not limited to, the Postal Service Manual and the F-21. Timekeeper's Instructions.

Notice of such proposed changes that directly relate to wages, hours, or working conditions will be furnished to the Unions at the national level at least sixty (60) days prior to issuance. At the request of the Unions, the parties shall meet concerning such changes. If the Unions, after the meeting, believe the proposed changes violate the National Agreement (including this Article), they may then submit the issue to arbitration in

accordance with the arbitration procedure within sixty (60) days after receipt of the notice of proposed change. Copies of those parts of all new handbooks, manuals and regulations that directly relate to wages, hours or working conditions, as they apply to employees covered by this Agreement, shall be furnished the Unions upon issuance.

Article 19 shall apply in that those parts of all handbooks, manuals and published regulations of the Postal Service, which directly relate to wages, hours or working conditions shall apply to transitional employees only to the extent consistent with other rights and characteristics of transitional employees negotiated in this Agreement and otherwise as they apply to the supplemental work force. The Employer shall have the right to make changes to handbooks, manuals and published regulations as they relate to transitional employees pursuant to the same standards and procedures found in Article 19 of this Agreement.

Section 3. Labor-Management Committee

Parking is a proper subject for discussion at local Labor-Management Committee meetings. The location of new, additional, or improved parking facilities; the number of parking spaces; security and lighting in the parking areas as well as similar subjects are proper agenda items for such meetings. D. There shall be withheld from the pay of each enrolled employee and there shall be contributed by the Employer, amounts, in the same ratio as the contributions of the employee and the Employer which are necessary for the administrative costs and reserves provided for by 5 U.S.C. Section 8909(b).

Section 1. Continuation of Benefits

Any employee on leave without pay to devote full or part-time service to a Union signatory to this Agreement shall be credited with step increases as if in a pay status. B. If the requested leave falls within the choice vacation period and if the request is submitted prior to the determination of the choice vacation period schedule, it will be granted prior to making commitments for vacations during the choice period, and will be considered part of the total choice vacation plan for the installation, unless agreed to the contrary at the local level. Where the specific delegates to the Convention (Assembly) have not yet been determined, upon the request of the Union, the Employer will make provision for leave for these delegates prior to making commitments for vacations.

An employee's higher level rate shall be determined as if promoted to the position. An employee temporarily assigned or detailed to a lower level position shall be paid at the employee's own rate.

Section 3. Written Orders

Any employee detailed to higher level work shall be given a

written management order, stating beginning and approximate termination, and directing the employee to perform the duties of the higher level position. Such written order shall be accepted as authorization for the higher level pay. The failure of management to give a written order is not grounds for denial of higher level pay if the employee was otherwise directed to perform the duties.

Section 4. Higher Level Details

Detailing of employees to higher level bargaining unit work in each craft shall be from those eligible, qualified and available employees in each craft in the immediate work area in which the temporarily vacant higher level position exists. However, for details of an anticipated duration of one week (five working days within seven calendar days) or longer to those higher level craft positions enumerated in the craft Articles of this Agreement as being permanently filled on the basis of promotion of the senior qualified employee, the senior, qualified, eligible, available employee in the immediate work area in which the temporarily vacant higher level position exists shall be selected.

Section 5. Leave Pay

Leave pay for employees detailed to a higher level position will be administered in accordance with the following:

Employees working short term on a higher level assignment or detail will be entitled to approved sick and annual paid leave at the higher level rate for a period not to exceed three days.

Short term shall mean an employee has been on an assignment or detail to a higher level for a period of 29 consecutive work days or less at the time leave is taken and such assignment or detail to the higher level position is resumed upon return to work. All short term assignments or details will be automatically canceled if replacements are required for absent detailed employees.

Long term shall mean an employee has been on an assignment or detail to the higher level position for a period of 30 consecutive workdays or longer at the time leave is taken and such

assignment or detail to the higher level position is resumed upon return to work.

Terminal leave payments resulting from death will be paid at the higher level for all employees who are assigned or detailed to higher level assignments on their last workday.

ARTICLE 28

EMPLOYER CLAIMS

The parties agree that continued public confidence in the Postal Service requires the proper care and handling of the USPS property, postal funds and the mails. In advance of any money demand upon an employee for any reason, the employee must be informed in writing and the demand must include the reasons therefor.

Section 1. Shortages in Fixed Credits

Employees who are assigned fixed credits or vending credits shall be strictly accountable for the amount of the credit. If any shortage occurs, the employee shall be financially liable unless the employee exercises reasonable care in the performance of his duties. In this regard, the Employer agrees to:

- B. Prohibit an employee from using the fixed credit or other financial accountability of any other employee without permission;
- C. Grant the opportunity to an employee to be present whenever that employee's fixed credit is being audited and if the employee is not available to have a witness of the employee's choice present;

Such employee shall not be financially liable for any loss, rifling, damage, wrong delivery of, or deprecation on, the mails or failure to collect or remit C.O.D. funds unless the employee failed to exercise reasonable care.

LIMITATION ON REVOCATION OF OF-346

An employee's OF-346, Operator's Identification Card, may be revoked or suspended when the on-duty record shows that the employee is an unsafe driver.

Elements of an employee's on-duty record which may be used to determine whether the employee is an unsafe driver include but are not limited to, traffic law violations, accidents or failure to meet required physical or operation standards.

The report of the Safe Driver Award Committee cannot be used as a basis for revoking or suspending an OF-346. When a revocation, suspension, or reissuance of an employee's OF-346 is under consideration, only the on-duty record will be considered in making a final determination. An employee's OF-346 will be automatically revoked or suspended concurrently with any revocation or suspension of State driver's license and restored upon reinstatement. Every reasonable effort will be made to reassign such employee to non-driving duties in the employee's craft or in other crafts. In the event such revocation or suspension of the State driver's license is with the condition that the employee may operate a vehicle for employment purposes, the OF-346 will not be automatically revoked. When revocation, suspension, or reissuance of an employee's OF-346 is under consideration based on the on-duty record, such conditional revocation or suspension of the State driver's license may be considered in making a final determination.

Initial issuance--an employee shall be issued an OF-346 when such employee has a valid State driver's license, passes the driving test of the U.S. Postal Service, and has a satisfactory driving history.

An employee must inform the supervisor immediately of the revocation or suspension of such employee's State driver's license.

If an employee requests a correction of seniority standing, it is the responsibility of the requesting employee to identify and restate the specific instructions, rule or practice in support of the request.

B. Coverage

These rules apply to all employees in the regular work force when a guide is necessary for filling vacant assignments and for other purposes. No employee, solely by reason of this Article, shall be displaced from an assignment the employee gained in accord with former rules.

C. Responsibility

The Employer is responsible for day-to-day application of the seniority provisions of this Article. The installation head shall post and furnish a copy of an updated seniority list to the local union on a semi-annual basis, unless otherwise negotiated locally. The application of this Article shall be open to negotiation at the installation level with the designated official of the Union.

D. Application of Seniority

1. Seniority for full-time employees for preferred assignments and other purposes shall be applied in accordance with the National Agreement and the following:
 - a. This seniority determines the relative standing among full-time employees. It is computed from

the date of career appointment in the Clerk Craft and continues to accrue so long as service is uninterrupted in the same craft and in the same installation, except as otherwise specifically provided for.

- b. When a postal employee enters the Clerk Craft in an installation where the entry level for the Clerk Craft is higher than the employee's level, the employee begins a new period of seniority, except as otherwise specifically provided in the Agreement.

2. Change Between Part-Time Flexible Craft Rosters

Change by Employee Request--When a part-time flexible employee transfers from one craft to another craft, the employee shall be assigned to the bottom of that part-time flexible roll and begin a new period of seniority effective the date of reassignment.

3. Relative Standing on the Part-Time Flexible Roll

- a. Part-time flexible employees are placed on the parttime flexible roll of their respective crafts in the order of the date of career appointment as a parttime flexible from a competitive Postal Service eligible register or other means. In cases of appointment of more than one eligible on the same day from the same competitive register, their positions on the part-time flexible roster will be in accord with their standing on the Postal Service eligible register. If a tie still exists, total Federal creditable service as shown in the service computation date will determine their standing on the part-time flexible roster.
- b. A reinstated or transferred employee shall be placed on the part-time flexible roll ahead of one appointed from the register on the same day.
- c. The date of career appointment in that installation in the Clerk Craft shall be used for vacation scheduling.

4. **Seniority Tie Breaker**

Except as otherwise specifically provided for in this Agreement, effective the date of this Agreement, when it is necessary to resolve a tie in seniority between two or more Clerk Craft employees, the following criteria shall apply in the order set forth below:

- (a) Total continuous postal career service in the Clerk Craft within the installation.
- (b) Total postal career service in the Clerk Craft within the installation.
- (c) Total postal career service within the installation.
- (d) Total postal career service in the Clerk Craft.
- (e) Total postal career service.
- (f) Total postal service.
- (g) Total Federal service as shown in the service computation date.
- (h) **Numerical by the last 3 or more numbers (using enough numbers to break the tie, but not fewer than 3 numbers) of the employee's social security number, from the lowest to highest.**

5. **Conversion/Part-Time Flexible Preference**

Part-time flexible employees shall be converted to full-time in the manner set forth in this section. When an opportunity for conversion to a Clerk Craft position exists employees shall, in accordance with this section, exercise a preference as to the duty assignment they desire to be converted into based on their standing on the appropriate part-time flexible roll. The Employer will continue present practice in maintaining part-time flexible rolls.

- a. When there is one or more full-time duty assignment(s) to be filled by conversion, the full-time duty assignment(s) shall be matched with the identical number of senior part-time flexible employee(s) eligible to state a preference on the appropriate part-time flexible roll. Any part-time flexible

employee from the above list, currently qualified on any of the duty assignments to be filled, shall be converted to full-time and placed into the appropriate assignment.

- (1) When a part-time flexible is currently qualified on two or more available full-time assignments and is eligible for conversion per a. above, the employee will be given an option based on the employee's standing on the part-time flexible roll except when it would reduce the number of employees who could be matched and converted to full time.
- b. When there are one or more duty assignment(s) which cannot be filled by currently qualified employees in accordance with a. above, part-time flexible employees who have passed the appropriate entrance examination(s) shall be given the opportunity to exercise a preference for such Vacancies in the order of their standing on the appropriate part-time flexible roll except as provided for in (5) below.
- (1) When there are one (1) or more duty assignment(s) available, part-time flexible employees must state a preference(s) for the assignment(s) for which they are currently qualified. The assignment(s) for which they are currently qualified must be listed ahead of any assignment for which they are not currently qualified. Parttime flexible employees are not required to express a preference for assignments for which they are not currently qualified.
 - (2) If not currently qualified, the senior part-time flexible exercising a preference for a full-time duty assignment shall be converted and placed into the assignment upon successful completion of the required training.
 - (a) Should the senior part-time flexible fail to qualify the senior part-time flexible em-

ployee currently qualified will be converted and placed into the assignment.

- (3) When a part-time flexible is converted to fulltime due to being identified as currently qualified in a. or b. (2) a. above or per Article 7, Section 3.A. and is pending qualifications from a stated preference on an earlier vacancy, the employee has the option of remaining in training for the earlier vacancy or withdrawing. If the employee does not withdraw and subsequently qualifies, the employee shall be placed into the duty assignment for which the employee was in training.
 - (a) If the employee withdraws, the senior parttime flexible currently qualified will be converted and placed in the assignment.
- (4) When a duty assignment cannot be filled by a currently qualified part-time flexible employee in accordance with (2) (a) or (3) (a) above, the senior part-time flexible on the roll having passed the appropriate entrance examination(s) and not presently in training for a conversion opportunity. shall be assigned. Upon successful completion of the required training, the employee shall be converted and placed into the assignment.
- (5) Part-time flexible employees who were appointed from the O/N 400 examination (machine) shall be entitled to, based on their standing on the part-time flexible roll, exercise a preference for a manual assignment, except when a part-time flexible distribution clerk (manual) is eligible for conversion per Section 2.D.5.a. above. In this situation, they may exercise a preference in the order of their standing on the roll unless the exercise of such preference would deprive an eligible manual parttime flexible distribution clerk of an opportunity for conversion into a full-time manual po

sition. Once a part-time flexible distribution clerk (manual) has had an opportunity to exercise a preference and declines, the normal order of selection shall continue.

- (6) Part-time flexible employees who express a preference may not withdraw from the assignment or training except as specifically provided for in (3) above. Such employees may not express a preference for any other assignment while in training except for assignments for which currently qualified (b. (1) above).
 - (7) Part-time flexible employees who have exercised a preference and fail to qualify shall not be discharged or disciplined as a result of such failure.
 - (8) Normally, the senior part-time flexible stating a preference will be placed into training within ten (10) calendar days.
 - (9) When a part-time flexible employee is identified as currently qualified or successfully completes the training for a stated preference, the employee should be converted to full-time and placed in the duty assignment within 28 days except in the month of December.
- c. Full-time flexible assignments created as a result of the Maximization Memorandum of Understanding shall be filled in accordance with the above procedures.
 - d. If the opportunity for conversion is to a full-time clerical assignment, which is to be filled by application, the successful applicant shall be converted. Applications from part-time flexible employees shall not be considered if sufficient (equal or greater in number than available assignments) full-time employees apply meeting the minimum qualifications.

6. Changes in Which Seniority is Retained, Regained or Restored

- a. **Reemployment After Disability Separation.** On reinstatement or reemployment after separation caused by disability, retirement or resignation because of personal illness and the employee so stated in the resignation and furnished satisfactory evidence for inclusion in the employee's personnel folder, the employee receives seniority credit for past service for the time on the disability retirement or for illness if reinstated or reemployed in the same postal installation and craft and in the same or lower PS salary level from which originally separated; provided application for reinstatement or reemployment is made within six months from the date of recovery. The date of recovery in the case of disability retirement must be supported by notice of recovery from The Compensation Group, Office of Personnel Management, and in the case of resignation due to illness, by a statement from the applicant's attending physician or practitioner. When reinstatement is to the part-time flexible roll, standing on the roll shall be the same as if employment had not been interrupted by the separation.
- b. **Restoration.** On restoration in the same craft in the same installation after return from military service, transfer under letter of authority or unjust removal, the employee shall regain the same seniority rights he/she would have if not separated.
- c. **Reassignment and Return in 90 Days.** A regular work force employee voluntarily reassigned from one craft to another at the same installation with or without change in PS salary level, and voluntarily reassigned within 90 days to the employee's former craft retains seniority previously acquired in the craft augmented by the intervening employment.
- d. When a **non-bargaining unit** employee, either voluntarily or for disciplinary reasons, returns to the

same installation and to the last craft the employee left, the seniority shall be established after reassignment as the seniority the employee had when he/she left that craft **subtracting** seniority credit for service outside that craft **if he/she returns within two years.**

- e. **Any senior clerk employee in the level in the same installation may elect to be reassigned to the gaining installation in lieu of an involuntary reassignment. The senior employees who elect to be reassigned to the gaining facility will take their seniority with them. Reassignment of those clerks shall be treated as details for the first 180 days to avoid inequities in the selecting of preferred duty assignments by full-time clerks in the gaining installation. Such senior employees who accept reassignment to the gaining installation do not have retreat rights.**

7. **Changes in Which Seniority is Lost**

Except as specifically provided elsewhere in this Agreement, a full-time employee begins a new period of seniority:

2. Vacant part-time regular assignments shall be posted for bid to part-time regular employees in the same salary level who are currently qualified.
3. Part-time regular assignments shall not be reposted due to a change in hours, off days, or duties.
4. A part-time regular employee who qualified on a particular skill requirement, e.g., scheme, a keyboard at specific speed, etc., within two (2) years prior to the posting of a vacant part-time regular assignment requiring the same qualification(s) will be deemed to have a live record and, therefore, currently qualified on that qualification(s).
5. A part-time regular employee who qualified on the skill requirements, within five (5) years prior to the posting of a vacant assignment listed in Section 3.F.7. will be deemed to have a live record and, therefore, currently qualified.
6. A part-time regular clerical employee who applies for and is changed to part-time flexible shall be placed at the foot of the part-time flexible roster and shall begin a new period of seniority. Part-time regular clerical employees may not bid or apply for full-time clerical vacancies.
7. Full-time and part-time flexible clerks may request reassignment to a residual part-time regular vacancy

 - a. No assignment will be reposted when the change in starting time is one hour or less;
 - b. The criteria negotiated above will also apply to cumulative changes in starting time. Cumulative changes are changes that move the starting time outside a circle which has the starting time as its center and the agreed upon time as its radius.

6. The provisions of 3, 4, and 5 above do not apply to multicraft positions. A multicraft position is a position which is posted for bid to more than one (1) craft and is awarded based on seniority.
7. **If the decision is to repost an encumbered duty assignment and there are two or more identical (hours, off days and duties) assignments within the section, the duty assignment of the junior incumbent of such assignment will be reposted.**
8. In instances where more than one duty assignment is posted, clerks may indicate preferences on the bid form. An employee who has submitted a bid, shall have the right to withdraw, in writing, anytime but not later than the closing time (hour and date) of the posting, except as follows:

d. Such withdrawal, to be official, shall be back stamped.

9. Clerks temporarily detailed to a nonbargaining-unit position (204b) may not bid on vacant Clerk Craft duty assignments while so detailed. The duty assignment of a full-time clerk detailed to a nonbargaining-unit position, including a nonbargaining-unit training program, in excess of 4 months shall be declared vacant and shall be posted for bid in accordance with this Article. Upon return to the craft the clerk will become an unassigned full-time clerk with a fixed schedule.  - (2) The employee withdraws prior to completion of 25% of the position qualification training hours.
8. When an employee is designated as successful bidder and remains a live bidder on other bids, the employee shall notify management in writing within ten (10) days of his/her election to remain a bidder on one

or more of those assignments. The notice shall identify the assignment(s) by job and posting number. Failure to notify within ten (10) days will cancel such other bids.

9. Pursuant to the Memorandum of Understanding, dated March 3, 1975, concerning use of full-time employees on Relief and Pool duty assignments, such assignments in the Clerk Craft shall normally be used to cover:
 - a. Absences of employees holding full-time bid assignments in:
 - (1) Stations or Branches;
 - (2) Window Service;
 - (3) Customer Service, Finance or E&LR.
 - b. Functions which predictably occur at the end of the accounting period (Timekeeper, Examination Specialist, etc.).

10. Full-time **employees not encumbered in a bid duty assignment** should bid on duty assignments posted for bid. **These** employees shall be assigned in residual assignments in the same or higher salary level for which the employees meet the minimum qualifications. **The assignments will be made in the following order:**
 - a. **Involuntarily assign employees who are currently qualified on all of the requirements of a residual assignment. When the employee is qualified on two or more residual duty assignments, the employee will be given an option and be awarded their choice based on seniority or if no preference is expressed, the junior, qualified, unencumbered employee shall be assigned.**
 - b. **Involuntarily assign employees who are currently qualified on at least one, but not all, of the requirements of a residual assignment and have not encumbered a bid assignment during**

the last 90 days. When the employee is partially qualified on two or more residual duty assignments, the employee will be given an option and be awarded their choice based on seniority.

- c. **After application of a. and b., involuntarily assign employees who have not encumbered a bid duty assignment during the last 90 days. When there is more than one residual vacancy, the employees will be given an option and be awarded their choice based on seniority.**
- d. An employee **not** hired from the O/N 400 register and who has not subsequently passed machine training may not be involuntarily assigned to a machine position regardless of salary level. This provision does not prohibit the Employer from making a job offer to an unassigned employee in the same level.
- e. Except for an employee who has already served a lock-in, an employee hired from the O/N 400 register or from the O/N 440 register, who has subsequently passed machine training, may not state a preference for or be involuntarily assigned to a manual assignment **unless there are no vacant machine positions.**
- f. Full-time clerks who are not encumbered in a full-time assignment but are detailed to a nonbargaining position are considered to be unavailable for assignment per a., b., **and c.** above.

- 11. Lower-level residual vacancies that still exist after application of 10 above may be offered to full-time employees not encumbered in a duty assignment and their preference shall be honored by seniority. Then assign full-time employees not encumbered in a bid by inverse seniority to lower-level residual duty assignments. Full-time employees assigned to a position of lower grade will receive rate protection until such time as that employee**

fails to bid or apply for any position in a higher wage level.

12. Normally, the successful bidder shall work the duty assignment as posted and shall not be displaced by a junior employee. This does not prohibit the Employer from assigning other employees to work the assignment for training purposes.

 - (4) The sample letters were representative of the general mail mix and not solely nixie mail, mark-up mail, or 400 bin mail.
- b. Special EDIT runs of an individual operator may be made; however, they will be used only for analysis of that operator's keying problems so that corrective training can be effectively undertaken. Results of special EDIT runs should be handled in accordance with a.(2), (3) and (4) above.

B. Parcel Post Sorting Machines

ARTICLE 38
MAINTENANCE CRAFT

Section 1. Introduction

Section 2. Definitions

Section 3. Seniority

Section 4. Posting

Section 5. Selection Methods

Section 6. Training

Section 7. Special Provisions

Section 1. Introduction

All craft positions listed in the P-I Handbook assigned to the Maintenance Craft shall be under the jurisdiction of the Maintenance Craft Division of the American Postal Workers Union, AFL-CIO.

Section 2. Definitions

A. Maintenance Craft. All employees in maintenance craft positions for which the Union has secured recognition at the national level.

B. Installations. A main post office, airport mail facility, terminal, bulk mail center, maintenance overhaul and technical service center or any similar organizational unit under the direction of one postal official, together with all stations, branches and other subordinate units.

C. Duty Assignments. A set of duties and responsibilities within a recognized occupational group and level regularly scheduled during specific hours of duty.

D. Preferred Duty Assignment. A duty assignment preferred over the present duty assignment by an employee eli

gible to bid for such duty assignment when it is posted for bid. This bidding is done among qualified employees in the same level and occupational group as the vacant duty assignment.

E. Service Seniority. Service Seniority is based on total part-time or full-time service in the Maintenance Craft, regardless of occupational group and level. It begins with an appointment to the regular part-time or full-time work force in the Maintenance Craft. An exception is a part-time regular employee who is converted to a full-time regular position begins a new period of service seniority. Employees who were on the rolls before May 1, 1958, who had temporary or indefinite appointments, which continued to career appointments, retain seniority credit for combined temporary, indefinite and career employment which was continuous in the same position designation and installation.

F. Seniority for Preferred Assignments. This seniority determines relative standing among regular work force employees eligible to bid for preferred assignments.

1. **Employees who enter into a regular work force position in a particular occupational group and level prior to June 25, 1992, shall have seniority for preferred assignments computed** from entry into regular work force position in a particular occupational group and level. It continues to accrue so long as service in the same occupational group and level. and installation is uninterrupted. See **section 5.A.3. of this Article for order of placement on preferred assignment registers.**
2. **Employees who enter into a regular work force position in a particular occupational group and level on or after June 25, 1992, shall have seniority for preferred assignment computed from entry into the maintenance craft in the installation. It continues to accrue so long as service in the maintenance craft and installation is uninterrupted. See section 5.A.3. of this Article for order of placement on preferred assignments registers.**

G. Occupational Group. In the Maintenance Craft, occupational group shall be determined by position designation and level.

H. Arbitrary. The word arbitrary, when used in Article 38, shall mean a management initiated, non-disciplinary reassignment of an employee.

Section 3. Seniority

A. Introduction

The U.S. Postal Service and the Maintenance Craft Division, APWU, AFL-CIO, agree to the following seniority principles which replace all former rules, instructions and practices. This Section of this Article will continue relative seniority standings properly established under past instructions, rules, and regulations. Provisions of this Section of this Article shall be so applied in determining those relative seniority standings.

B. Coverage

This Seniority Section applies to all regular work force Maintenance Craft employees when it is necessary for filling vacant assignments and for other purposes. No employee solely by reason of this Article shall be displaced from an assignment he gained in accordance with former rules.

C. Responsibility

The installation head is responsible for day-to-day administration of seniority. The application of this Article shall be open to negotiations at the installation level with the designated agent of the Union.

D. Seniority Lists

A current seniority list shall be posted in each installation. A copy of an updated seniority list shall be furnished quarterly to the local Union. For each employee, it shall show:

1. Service seniority.
2. Seniority for preferred assignments.

E. Loss of Seniority

1. Employees who change from one craft or occupational group and/or level to another **prior to June 25, 1992,**

shall begin a new period of seniority for preferred assignment. **Employees who change from one craft to another on or after June 25, 1992, shall begin a new period of seniority for preferred assignment.**

2. Change from one postal installation to another; except as specified under F and I below, will require the start of a new period of seniority for preferred assignment.

F. Restoration of Service Seniority and Seniority for Preferred Assignments

Except as provided in Article 12, Section 2.B, seniority is restored as if service had been continuous upon:

1. Reemployment after Disability Separation. On reinstatement or reemployment after separation caused by disability, retirement, or resignation because of personal illness and the employee so stated this reason in the resignation and furnished satisfactory evidence for inclusion in the employee's personnel folder, the employee receives seniority credit for past service for time on the disability retirement or for illness if reinstated or reemployed in the same installation and in the same salary level from which separated; provided application for reinstatement or reemployment is made within six months from the date of recovery. The date of recovery in the case of disability retirement must be supported by notice of recovery from the Compensation Group, Office of Personnel Management, and in the case of resignation due to illness by statement from the applicant's attending physician or practitioner.
2. Restoration in the same installation after military duty.
3. Restoration to the employee's former position in the same installation after unwarranted or unjustified separation.
4. Voluntary return within the same installation to the same occupational group and level from which voluntarily changed within the preceding 90 days.

5. Involuntary reassignment to another installation.
6. Arbitrary change in the same installation to a lower PS level to the position designation and level from which promoted.

G. Reduction of Seniority for Preferred Assignments

1. When an employee is voluntarily or for disciplinary reasons changed to a lower salary level in the same installation and the salary level is in the same occupational group and level from which promoted, seniority is established as the employee's former period of seniority without credit for employment in any other higher level or levels, **if the employee is changed to a lower salary level prior to June 25, 1992.**
2. When the change is to a lower salary level in the same installation and the level is other than the occupational group from which promoted, whether the change is for voluntary, arbitrary or disciplinary reasons, seniority will be established as one day less than the junior regular work force employee in that level and occupational group or the employee's own seniority, whichever is lesser, **if the employee is changed to a lower salary level prior to June 25, 1992.**
3. **If the change to a lower salary level occurs on or after June 25, 1992, seniority for preferred assignments shall be determined in accordance with section 2.F.2 of this Article. See section 5.A.3 of this Article for order of placement on preferred assignment registers.**

H. Seniority Granted by Law

Employees who are restored to postal duty in compliance with law or regulation after military training or extended military duty lose no seniority.

I. Change in Which Seniority is Modified

The seniority for Maintenance Craft employees who are reassigned between installations as the result of a mutual exchange in accordance with applicable provisions of the Employee

and Labor Relations Manual will be established for both employees as that of the junior employee involved.

J. Seniority for Breaking Ties

When it is necessary to determine the seniority ranking for two or more employees who are reassigned or promoted to vacancies in the same occupational group and level in the Maintenance Craft on the same day, the following shall be used to break any tie that might exist:

1. Total Maintenance Craft Service in the installation
2. Total Maintenance Craft Service
3. Total Postal Service
4. Total Federal Career Civilian Service

K. Excess Employees

Length of regular work force service in the Maintenance Craft in the same installation governs in identifying excess employees within a position designation.

3. If the vacant assignment is reverted, a notice shall be posted within 10 days advising of the action taken and the reasons therefor.
4. When it is necessary that fixed scheduled day(s) of work in the basic work week for a craft assignment be permanently changed, or that the starting time for such an assignment be changed by 2 or more hours, the affected assignment(s) shall be reposted, by notice of intent. An exception to the requirement to repost an assignment where the change in starting time is a or more hours may be negotiated locally. If the incumbent in the assignment has more seniority for the preferred assignment than the senior employee on the preferred assignment eligibility register for those off days or hours, the employee may remain in the duty assignment, if the employee so desires.
5. The determination of what constitutes a sufficient change of duties or principal assignment areas, to cause the duty assignment to be reposted shall be a subject of negotiations at the local level.

ARTICLE 39

MOTOR VEHICLE CRAFT

Section 1. Seniority

Section 2. Posting

Section 3. Special Provisions

Section 1. Seniority

A. Introduction

1. The U.S. Postal Service and the Motor Vehicle Craft Division, APWU, AFL-CIO, agree to the following seniority principles which replace all former rules, instructions and practices.
2. This Article continues relative seniority standings properly established under past instructions, rules, practices and agreements and this Article shall be so applied. Seniority standings so established shall not be changed except to correct an error. If an employee requests a correction of seniority standing, it is the responsibility of the requesting employee to identify and restate the specific instructions, rule or practice in support of the request.

3. **Service seniority is based on total part-time or full-time service in the Motor Vehicle Craft regardless of occupational codes and levels. It begins with an appointment to the regular work force in the Motor Vehicle Craft. Employees who were on the rolls before May 1,1958, who had temporary or indefinite appointments which continued to career appointments, retain seniority credit for combined temporary or indefinite appointments during continuous employment in the same installations.**

B. Seniority for Preferred Assignments

1. This **seniority** determines relative standing among full-time regular **and full-time flexible employees eligible to bid for preferred assignments**. It is computed from **entry into a regular work force position in a particular occupational group and . It continues to accrue as long as service in the same occupational group, level, and installation continues**. See BS and B6 below.
2. Employees who change, or have changed, from one designation to another and who during continuous employment in the Motor Vehicle Service and in the same installation return to the former position designation and salary level regain the seniority they had in that position, without seniority credit for intervening employment in other position designations, except as provided for in paragraphs 4, 5 & 6 below.
3. Except as specifically provided for elsewhere in this Agreement, full-time regulars, upon entering the Motor Vehicle Craft from another craft or installation, begin a new period of seniority.
4. When two or more employees in the same installation, salary level, and position designation have seniority for preferred assignments from the same date, the tie will be broken **as follows**:
 - a. By standing on the part-time flexible roll when both were appointed as a part-time flexible in the

same installation, position designation, and salary level.

- b. By total length of full-time regular or part-time flexible Motor Vehicle Service in the installation if the tie is not broken by the preceding rule.
 - c. When a Motor Vehicle Service employee's casual appointment is converted to a career appointment the same day there is a new career appointment, reinstatement, reassignment, transfer or promotion to the same salary level and position designation, the converted employee is senior and precedes the other on the part-time flexible roll.
 - d. When two or more employees from other crafts enter the Motor Vehicle Craft on the same date, their seniority will be determined by their total continuous postal service.
5. Seniority is restored under the following conditions:
- a. **Reemployment After Disability Separation.** On reinstatement or reemployment after separation caused by disability, retirement or resignation because of personal illness and the employee so stated in his resignation and furnished satisfactory evidence for inclusion in his personnel folder, the employee receives seniority credit for past service for the time on the disability retirement or for illness if reinstated or reemployed in the same postal installation and craft and in the same or lower PS salary level from which originally separated; provided application for reinstatement or reemployment is made within six months from the date of recovery. The date of recovery in the case of disability retirement must be supported by notice of recovery from the Bureau of Retirement Insurance and Occupational Health, Office of Personnel Management, and in the case of resignation due to illness, by a statement from the applicant's attending physician or practitioner. When reinstatement is to the

part-time flexible roll, standing on the roll shall be the same as if employment had not been interrupted by the separation.

- b. Restoration.** On restoration in the same craft in the same installation after return from military service, transfer under letter of authority or unjust removal, an employee shall regain the same seniority rights such employee would have if not separated.
- c. Reassignment and Return in 90 Days.** A fulltime regular or part-time flexible employee, voluntarily reassigned from one craft to another at the same installation with or without change in PS salary level, who is voluntarily reassigned within 90 days back to the former craft, position designation, and salary level. retains seniority previously acquired in the craft augmented by the intervening employment.

6. Motor Vehicle Operators and Tractor-Trailer Operators:

- a. Full-time regular tractor-trailer operators bidding for PS-6 tractor-trailer assignments shall be assigned before posting any vacant level 6 assignment for bids by full-time regular level 5 operators.
- b. Remaining PS-6 tractor-trailer assignments shall be filled by promoting the senior qualified PS-5 motor vehicle operator who bids.
- c. A PS-6 tractor-trailer operator may bid in competition with a PS-5 motor vehicle operator for a PS-5 motor vehicle operator assignment.
- d. Seniority for **preferred** assignments is retained upon change from a motor vehicle operator to a tractor-trailer operator, or the reverse.
- e. **For purposes of conversion to full-time, parttime flexible Motor Vehicle Operators will be placed together with part-time flexible Trac**

tor-Trailer Operators (TTO) on the same Roll. When the opportunity for conversion to a vacant TTO position exists, the senior TTO qualified part-time flexible, regardless of level, will be converted and placed into the vacant fulltime position. When the opportunity for conversion to a vacant Motor Vehicle Operator position exists, and the senior part-time flexible is a Motor Vehicle Operator, he/she will be converted and placed into the position. If the senior part-time flexible is a TractorTrailer Operator, he/she will be given the option of accepting the conversion. If the conversion is declined, the next senior part-time flexible will be converted (if the employee is a Motor Vehicle Operator) or will be given the option (if the employee is a Tractor-Trailer Operator). This procedure will continue until the position is filled or until all part-time flexibles on the list have been considered.

7. **Motor Vehicle Operations New in Installation.** In an installation which has had no motor vehicle operations assignment, any such newly established motor vehicle operator or tractor-trailer operator assignments shall be awarded to qualified vehicle maintenance service applicants who are employed in the same installation. The provisions of Article 12, Section 5.C.7, shall be complied with before application of this paragraph.
8. When tractor-trailer assignments are established, motor vehicle operators who are not qualified to drive tractor-trailers, will be given on-the-clock training, starting with the senior motor vehicle operator.
9. When filling Motor Vehicle Craft assignments other than those identified in 2.A.10. below, the service seniority of Motor Vehicle Craft employees who submit an application and meet the qualification standards established for that position will be con

sidered in keeping with the provisions of Article 33.

10. Auxiliary garages beyond the normal commuting area of the home Vehicle Maintenance Facility shall be treated as independent facilities for the purposes of administering this Agreement, except for the application of the provisions of Article 1, Section 6; Article 7, Section 3; and Article 8, Section 8.
11. **Changes in Which Seniority is Modified.** Mutual exchanges may be made only between full-time Motor Vehicle Service employees who are the same level and have the same occupational code. The seniority for Motor Vehicle Craft employees, who are reassigned between installations as a result of a mutual exchange in accordance with applicable provisions of the Employee and Labor Relations Manual (ELM), will be established for both employees as that of the junior employee involved.

2. **The assignment for which employees exercise a preference must be (a) one for which they are qualified, (b) at the unit to which the employee is assigned, and (c) for full-time employees, on the same tour to which they are assigned. Employees on detail, holddown, absent and/or on any type of leave at the time of the temporary holddown bidding will be considered as being unavailable.**

3. The posting and awarding of temporary holddown bids shall not exceed 72 hours.
4. Selection of a part-time flexible for a holddown assignment in no way modifies the part-time flexible's employment status as to benefits and rights under the National Agreement not otherwise modified as above.

Section 2. Posting

4. No assignment will be posted because of change in starting time unless the change exceeds an hour. Whether to post or not is negotiable at the local level, if it exceeds one hour.
5. An unassigned full-time employee may bid on duty assignments posted for bid by employees in the craft. **If the employee does not bid or is the unsuccessful bidder, such employee shall be assigned in any residual assignment within the same position designa**

tion. When there is more than one residual vacancy, the vacancies shall be offered to the unassigned full-time employees beginning with the senior employee and their preference shall be honored. If additional vacancies still exist after all available full-time regulars have been assigned to residual vacancies, full-time flexible employees will be assigned to such vacancies in the same manner as provided above.

6. When requested by the Union, all full-time regular Motor Vehicle Operator and Tractor-Trailer Operator craft assignments shall be posted for bid once each calendar year.
7. All full-time regular Motor Vehicle Maintenance Craft duty assignments may be posted for bid once each calendar year upon mutual agreement between the parties at the local level.  - a. The incumbent will remain in the upgraded job provided such employee has been in that job for

more than one year.

- b. The job will be posted for bid in accordance with the Agreement if the incumbent has not been in the job for more than one year.
2. When an occupied level 5 position is upgraded on the basis of duties which are added to the position:
 - a. The incumbent will remain in the upgraded job provided such employee has been in that job for more than one year. The year of required incumbency in the job begins when the duty or duties were added which permitted the job to be reranked.
 - b. The job will be posted for bid in accordance with the Agreement if the incumbent has not been in the job more than one year since the date when the duty or duties were added which later permitted the job to be re-ranked.

I. Reassignment

When a Special Delivery Messenger is involuntarily reassigned to any craft or position within the U.S.P.S. the employee has the option of returning to the first available Special Delivery Messenger vacancy and when so reassigned through the exercise of the employee's option, retains full seniority, including intervening employment in any other craft or position within the U.S.P.S.

J. Conversion from Temporary to Regular Work From Appointment

1. Under Civil Service Regulations 315.703 (formerly 3.101:). When two or more employees are converted under this regulation, effective the same date, their seniority on the flexible rolls will be determined by the date their names came within reach on the register. If their names were reached on the same date, standing on the flexible roll shall be determined by order of standing on the register.
2. Under Public Law 836 and Executive Order 10880. When two or more employees are converted under

these authorities, on the same date, entry on the flexible rolls will be determined by the total length of postal field service.

3. When an employee is converted to the regular work force the same day an employee is appointed from the register, the converted employee stands first on the part-time flexible roll. The employee also is placed ahead of any employee reinstated or transferred on the same day except for those employees given a higher standing by specific provisions in this Agreement. In like manner, a reinstated or transferred employee shall be entered on the part-time flexible roll ahead of one appointed from the register the same day.
4. First preference for filling vacancies shall be given to qualified regular work force employees.

K. Disability Incurred in Military Service, PL 739 of June 22, 1948

1. No full-time regular employee shall be reduced to a part-time flexible employee to accord the benefits of the Act to another employee.
2. When the Postal Service approves the restoration of seniority to employees under P.L. 739 and the employees are part-time flexibles, such employees shall be placed on the part-time flexible roll according to the position the employees should have attained thereon had they originally been appointed to that part-time flexible roll from the register.

Section 2. Posting

- A. In the Special Delivery Messenger Craft, newly established and vacant craft duty assignments shall be posted as follows:
 1. All newly established Special Delivery Messenger Craft duty assignments shall be posted for full-time craft employees eligible to bid within 30 days except for newly established positions as defined in Article 1, Section 5. Such positions shall be posted as they are assigned to the craft unit.

2. All vacant duty assignments, except those positions excluded by the provisions of Article 1, Section 2, shall be posted or reverted within 30 days after the duty assignment becomes vacant unless such vacancy is being held pursuant to Article 12. When vacancies are withheld, the local Union President will be notified in writing.
3. When a vacant position is under consideration for reversion, the local Union President will be given an opportunity for input prior to a decision. The decision to revert or not to revert the position shall be made not later than 30 days after it becomes vacant. If the vacant assignment is reverted, a notice shall be posted advising of the action taken and the reasons therefor.
4. When a vacancy occurs in the Special Delivery Messenger Craft, two (2) regular Special Delivery Messengers will be assigned scheduled non-work days according to their preference and in order of seniority before the position is posted; provided the reassignments of non-work days are consistent with the needs of the service. The unassigned basic work week remaining after reassignment under this policy will become the schedule of the vacant position. Special Delivery messengers who bid on vacant or newly-created duty assignments in the employees' craft can, at the employees' option, retain previously acquired non-scheduled work days, except the right to retain previously acquired non-scheduled work days shall be limited to the original vacancy and the first residual vacancy.
5. In the Special Delivery Messenger Craft a permanently changed scheduled non-work day shall be posted. The Special Delivery Messenger whose fixed schedule non-work day was necessarily changed retains present assigned route. The senior eligible Special Delivery Messenger who applies for the changed non-work day in the craft involved shall be assigned to the new basic schedule without changing from present route. Special Delivery Messengers eligible to bid are those within the sections as established with the craft by local

negotiation, which negotiation shall be for the specific purpose of implementing this subparagraph as it applies to the Special Delivery Messenger Craft. In the absence of such designation of sections by local negotiation, all full-time regular special delivery messengers may bid for the changed non-work day within their craft on an installation-wide basis.

6. The determination of what constitutes a sufficient change of duties, or principal assignment area, to cause the duty assignment to be reposted shall be a subject of negotiation at the local level.
7. No assignment will be posted because of change in starting time unless the change exceeds an hour including all cumulative changes in the starting time during the life of this Agreement which total more than one hour from the original starting time. Whether to post or not is negotiable at the local level, if it exceeds one hour.
8. An unassigned full-time regular special delivery employee may bid on duty assignments posted for bid by employees in the Special Delivery Messenger Craft. If the employee does not bid, the employee may be assigned in any vacant duty assignment for which there was no senior bidder in the same craft and installation. The employee's preference by seniority should be honored if more than one such assignment is available.
9. Position currently designated in the Special Delivery Messenger Craft:

KP 11 Special Delivery Messenger, PS-5
10. Special delivery messengers temporarily detailed to a supervisory position (204b) may not bid on a vacant special delivery messenger craft duty assignment while so detailed. However, nothing contained herein shall be construed to preclude such temporarily detailed employees from voluntarily terminating a 204b detail and returning to their craft assignment. Upon return to the craft assignment, such employees may

exercise their right to bid on vacant special delivery messenger craft duty assignments.

The duty assignment of a full-time special delivery messenger detailed to a supervisory position, including a supervisory training program, in excess of four (4) months shall be declared vacant and shall be posted for bid in accordance with this Article. Upon return to the Special Delivery Messenger Craft, the employee will become an unassigned regular and assume the residual duty assignment. An employee temporarily detailed to a supervisory position will not be returned to the craft solely to circumvent the intent of this provision.

PS Form 1723, Notice of Assignment, shall be used in detailing special delivery messengers to temporary supervisory positions (204b). The Employer will provide the Union at the local level with a copy of PS Form(s) 1723 showing the beginning and ending of all such details.

B. Place of Posting

The notice inviting bids for a Special Delivery Messenger assignment shall be posted on all official bulletin boards at the installation where the vacancy exists, including stations and branches, as to assure that it comes to the attention of employees eligible to submit bids. Copies of the notice shall be given to the local Union. When an absent employee has so requested in writing, stating employee's mailing address, a copy of any notice inviting bids from the employee's craft shall be mailed to the employee by the installation head. Posting and bidding for preferred duty assignments shall be installation-wide unless the local agreement or established past practice specifically limits bidding to sections defined in compliance with the reassignment agreements. (Article 12. Section 5, C.4.a)

C. Length of Posting

The notice shall remain posted for 10 days, unless a different length for the posting period is established by local negotiation.

D. Information on Notices

Information shall be as shown below and shall be specifically stated:

1. The duty assignment by position title and number (e.g., key, standard, or individual position).
2. PS salary level.
3. Hours of duty (beginning and ending).
4. The principle assignment area (e.g., section and/or location of activity).
5. Qualification standards, including occupational code number when such standards and numbers are **available**.
6. Physical requirement unusual to the specific assignment.
7. Invitation to employees to submit bids.
8. The fixed or rotating schedule of days of work, as presently established. No further rotating schedules will be created.
9. The Postal Service shall provide a standard form for use by bidders who are members of the Special Delivery Messenger Craft. Posted notices shall inform bidders of convenient locations from which to obtain bid forms.
10. The posted notice shall inform Special Delivery Messenger Craft bidders of their right to withdraw, in writing, bids before closing dates of the posting. Such withdrawal, to be effective, must be "back stamped" and dated by a responsible supervisor.

E. Successful Bidder

1. Within 10 days after the closing date for the posting (including December), the installation head shall post a notice stating the successful bidder and seniority date. The senior qualified bidder meeting the qualification standards established for that position shall be **designated** the "successful bidder."

2. The successful bidder must be placed in the new assignment within 21 days except in the month of December. The local agreement may set a shorter period.
3. Normally, the successful bidder shall work the duty assignment as posted.

F. Transfers

1. Consideration will be given to unsolicited requests for transfer to other installations before hiring new employees to fill residual vacancies in the Special Delivery Messenger Craft. Employees voluntarily transferring under this provision shall be solely responsible for all travel, transportation, relocation and other expenses incurred pursuant to the transfer.

Section 3. Special Provisions

A. When a sufficient number of Postal Service owned vehicles are not available for the needs of the Special Delivery Service, Special Delivery Messengers may be given an opportunity to provide their privately owned vehicles. Special Delivery Messengers who voluntarily agree to furnish their privately owned vehicles shall be reimbursed in accordance with postal regulations at the rate of \$2.20 per hour. Where available and practical the Employer will provide parking for messengers using their own vehicles for the above purpose.

B. No special delivery messenger shall be coerced into the use of a privately owned vehicle for Postal Service business. Such use shall be voluntary.

C. In the interest of safety and health and other appropriate considerations, properly designated national representatives of the Union will be given an opportunity to examine, comment and submit recommendations on new vehicles during the developmental stage, before and after the completion of manufacturing of vehicles.

Section 4. Miscellaneous Provisions

A. Policy on Telephones

The parties recognize that the telephones are for official use for USPS business. However, the Employer at the local level

shall establish a policy for the use of telephones by designated Union representatives for legitimate business related to the administration of the National Agreement, subject to sound business judgment and practices.

B. Inspection of Lockers

The Employer agrees that, except in matters where there is reasonable cause to suspect criminal activity, a steward or the employee shall be given the opportunity to be present at any inspection of employees' lockers. For a general inspection where employees have had prior notice for at least a week, the above is not applicable.

C. The Employer will not assess or hold a Special Delivery Messenger responsible for incorrect fees collected on mail improperly rated prior to being distributed to the messenger, who is expected to exercise reasonable care and judgment in the matter.

D. When the Employer requires the use of certain supply items and equipment for the proper performance of a Special Delivery Messenger's functions, such items shall be supplied by the Employer.

All city letter carrier craft full-time duty assignments other than letter routes, utility or T-6 swings, parcel post routes, collection routes, combination routes, official mail messenger service, special carrier assignments and night routers, shall be known as full-time Reserve Letter Carrier duty assignments. The term "unassigned regular" is to be used only in those instances where full-time letter carriers are excess to the needs of the delivery unit and not holding a valid bid assignment.

Positions currently designated in the Letter Carrier Craft:

KP-11 City Carrier, PS-5 (includes the duty assignment of Official Mail Messenger Service in the Washington, D.C. Post Office)

KP-11 Special Carrier, PS-S

SP 2-261 Carrier Technician, PS-6

Positions that may in the future be designated in the Letter Carrier Craft.

Changes in the foregoing position titles shall not affect the application of this provision.

When a position is under consideration for reversion, the decision to revert or not to revert the position shall be made not later than 30 days after it becomes vacant. If the decision is made not to revert, the assignment must be posted within 30 days of the date it becomes vacant. The Employer shall provide written notice to the Union, at the local level, of the assignments that

are being considered for reversion and of the results of such consideration.

[See Memo, page 311]

2. Letter carriers temporarily detailed to a supervisory position (204b) may not bid on vacant Letter Carrier Craft duty assignments while so detailed. However, nothing contained herein shall be construed to preclude such temporarily detailed employees from voluntarily terminating a 204b detail and returning to their craft position. Upon return to the craft position, such employees may exercise their right to bid on vacant letter carrier craft duty assignments.

The duty assignment of a full-time carrier detailed to a supervisory position, including a supervisory training program in excess of four months shall be declared vacant and shall be posted for bid in accordance with this Article. Upon return to the craft the carrier will become an unassigned regular. A letter carrier temporarily detailed to a supervisory position will not be returned to the craft solely to circumvent the provisions of Section I.A.2.

3. The existing local procedures for scheduling fixed or rotating non-work days and the existing local method of posting and of installation-wide or sectional bidding shall remain in effect unless changes are negotiated locally.
4. No assignment shall be posted because of a change in starting time or in non-scheduled days (except as provided in Section I.A.5 below). No overtime payment will be made for a permanent change in starting time.
5. Whether or not a letter carrier route will be posted

when there is a change of more than one (1) hour in starting time shall be negotiated locally.

6. When a fixed schedule non-work day is permanently changed, the new non-work day shall be posted.
7. An unassigned full-time carrier may bid on duty assignments posted for bids by employees in the craft. If the employee does not bid, assignment of the employee may be made to any vacant duty assignment for which there was no senior bidder in the same craft and installation. In the event there is more than one vacancy due to the lack of bids, these vacancies may be filled by assigning the unassigned full-time carriers, who may exercise their preference by use of their seniority. In the event that there are more unassigned full-time carriers than vacancies, these vacancies may be filled by assigning the unassigned employees by juniority.

B. Method of Posting

1. The notice inviting bids for Letter Carrier Craft assignments, and to such other assignments to which a letter carrier is entitled to bid, shall be posted on all official bulletin boards at the installation where the vacancy exists, including stations and branches, as to assure that it comes to the attention of employees eligible to submit bids. Copies of the notice shall be given to the local Union. When an absent employee has so requested in writing, stating a mailing address, a copy of any notice inviting bids from the craft employees shall be mailed to the employee by the installation head.
2. Posting and bidding for duty assignments and/or permanent changes in fixed non-work days shall be installation-wide, unless local agreements or established past practice provide for sectional bidding or other local method currently in use.
3. The notice shall remain posted for 10 days, unless a different length for the posting period is established by local negotiations.

4. Information on notices shall be shown as below and shall be specifically stated:

[see Memo. page 311]

C. Successful Bidder

1. The senior bidder meeting the qualification standards established for that position shall be designated the "successful bidder."
2. Within ten (10) days after the closing date of the posting, the Employer shall post a notice indicating the successful bidder, seniority date and number.

3. The successful bidder must be placed in the new assignment within 15 days except in the month of December.
4. The successful bidder shall work the duty assignment as posted. Unanticipated circumstances may require a temporary change in assignment. This same rule shall apply to T-6 and utility assignments, unless the local agreement provides otherwise.

D. Other Positions

City letter carriers shall continue to be entitled to bid or apply for all other positions in the U. S. Postal Service for which they have, in the past, been permitted to bid or apply, including the positions listed below and any new positions added to the list:

SP 2-188 Examination Specialist
SP 2-195 Vehicle Operations-Maintenance Assistant

Section 2. Seniority

A. Coverage

1. This seniority section applies to all regular work force Letter Carrier Craft employees when a guide is necessary for filling assignments and for other purposes and will be so used to the maximum extent possible.
2. Seniority is computed from date of appointment in the Letter Carrier Craft and continues to accrue so long as service is uninterrupted in the Letter Carrier Craft in the same installation, except as otherwise specifically provided.
3. No employee solely by reason of this Article shall be displaced from an assignment the employee gained in accordance with former rules.

B. Definitions

1. Seniority for bidding on preferred Letter Carrier Craft duty assignments and for other purposes for application of the terms of the National Agreement shall be restricted to all full-time regular city letter carriers.

2. Part-time regular letter carriers are considered to be a separate category and seniority for assignment and other purposes shall be restricted to this category.
3. Full-time reserve letter carriers, and any unassigned full-time letter carriers whose duty assignment has been eliminated in the particular delivery unit, may exercise their preference by use of their seniority for available craft duty assignments of anticipated duration of five (5) days or more in the delivery unit within their bid assignment areas, except where the local past practice provides for a shorter period.
4. Part-time flexible letter carriers may exercise their preference by use of their seniority for vacation scheduling and for available full-time craft duty assignments of anticipated duration of five (5) days or more in **the delivery** unit to which they are assigned.
5. A letter carrier who, pursuant to subsections 3 and 4 above, has selected a craft duty assignment by exercise of seniority **shall** work that duty assignment for its duration.

6. **Relative Seniority Standing**

- (a) In cases of appointment on the same day, where there is a tie in seniority, the relative standing on the appointment register will determine the more senior carrier.
- (b) Part-time flexible letter carriers shall be converted to full-time positions of the same designation and PS salary level in the order of their standing on the part-time flexible roll.

7. **Seniority Tie Breaker**

Except as otherwise specifically provided for in this Agreement, effective the date of this Agreement, when it is necessary to resolve a tie in seniority between two or more Carrier Craft employees, the following criteria shall apply in the order set forth below:

The Employer shall be responsible for the day-to-day administration of seniority rules. Every installation, station, branch, and/or delivery unit shall have a roster posted in an appropriate place listing all carriers in order of seniority number. Said roster shall be updated during the months of July and January of every calendar year.

D. Transfers, Separations, etc.

Changes in which seniority is restored as if service had been continuous:

1. On reinstatement or reemployment after separation caused by disability, retirement or injury on duty or resignation because of personal illness, and the employee so stated in the resignation and furnished satisfactory evidence for inclusion in the personnel folder, the employee shall receive seniority credit for past service and for time on the disability retirement or for the injury or the illness if reinstated or reemployed in the same postal installation and in the same or lower PS salary level from which originally separated; provided application for reinstatement or reemployment is made within six months from the date of recovery. The date of recovery in the case of disability must be supported by notice of recovery from the Bureau of Retirement, Insurance and Occupational Health, Office of Personnel Management, or the Office of Workers' Compensation Programs; and in the case of injury on duty or resignation due to illness, by a statement from the applicant's attending physician or practitioner.

2. Letter carriers who enter the military shall not have their seniority broken or interrupted because of military service.
3. Letter carriers in leave without pay status while serving as Union officers on either part-time or full-time basis shall retain their former seniority and have their seniority computed as though they had remained in an active duty status.

5. Letter carriers who are changed from a higher level position within the Letter Carrier Craft to a lower level position in the Letter Carrier Craft, whether voluntary or involuntary, shall not have their seniority broken.

E. Change in Which Seniority is Modified

When mutual exchanges are made between letter carriers from one installation to another, the carriers will retain their seniority or shall take the seniority of the other exchangee, whichever is the lesser.

F. Return From Any Position for Which Selection Was Based on Best Qualified

Effective July 21, 1978, when an employee, either voluntarily or involuntarily returns to the Letter Carrier Craft at the same installation, seniority shall be established after reassignment as the seniority the employee had when leaving the Letter Carrier Craft without seniority credit for service outside the craft.

G. Changes in Which a New Period of Seniority is Begun:

1. When an employee from another agency transfers to the Letter Carrier Craft.
2. Except as otherwise provided in this Agreement, when an employee from another USPS craft is reassigned voluntarily or involuntarily to the Letter Carrier Craft.

3. When a letter carrier transfers from one postal installation to another at the carrier's own request (except as provided in subsection E of this Article).
4. Any former employee of the U.S. Postal Service entering the Letter Carrier Craft by reemployment or reinstatement shall begin a new period of seniority, except as provided in subsections D. I and D.4 above.
5. Any surplus employees from non-processing and nonmail delivery installations, regional offices or the United States Postal Service Headquarters, begin a new period of seniority effective the date of reassignment.

Section 3. Miscellaneous Provisions

A. The carrier may use stools while casing mail and performing other office duties, provided the use of such stools does not interfere with or affect efficiency and standard job performance.

B. The Employer will not assess or hold a carrier responsible for incorrect fees collected on mail improperly rated prior to being distributed to the carrier, who is expected to exercise reasonable care and judgment in the matter.

C. The Employer will not assess or hold a carrier responsible for faulty checks accepted in payment for postal fees or postal charges provided the carrier follows regulations governing the acceptance of checks.

D. The USPS may initiate the T-6 program in those offices in which the program has not been implemented. In such cases, the Union will be notified.

E. When the Employer requires the use of certain supply items for the proper performance of a carrier's functions, such items will be supplied by the Employer.

F. A newly appointed carrier or a carrier permanently assigned to a route with which the carrier is not familiar will be allowed a reasonable period to become familiar with the route and to become proficient.

G. The Employer will advise a carrier who has properly submitted a Carrier Auxiliary Control Form 3996 of the dispo

sition of the request promptly after review of the circumstances at the time. Upon request, a duplicate copy of the completed Form 3996 and Form 1 57 1, Report of Undelivered Mail, etc., will be provided the carrier.

H. The Postal Service recognizes that representatives of the NALC should be permitted to use available telephones. Accordingly, the Employer at the local level shall establish a reasonable policy regarding the use of telephones by authorized Union officials and stewards for calls relating to the administration of the National Agreement. The policy will be made known to the President of the NALC Branch.

I. Carriers shall not finger mail when driving, or when walking up or down steps or curbs, when crossing streets, or at any time it would create a safety hazard to the carriers or the public. Consistent with the efficiency of the operation, mail shall be placed in the delivery sequence in a bundle(s) during strapping out. The Employer shall not be required to conduct a special count or route inspection as a result of this Agreement.

J. The Employer agrees that, except in matters where there is reasonable cause to suspect criminal activity, postal management or inspectors shall not inspect lockers unless the employee or the Union representative has been given the opportunity to be present. For a general inspection, in which a number of lockers are to be inspected, where employees have had prior notification of at least a week, the above is not applicable.

K. Supervisors shall not require, nor permit, employees to work off the clock.

L. In the interest of safety and health and other appropriate considerations, representatives designated by the NALC will be given an opportunity to examine, comment and to submit recommendations on new vehicle specifications during their development and before the specifications are transmitted to potential contractors, before manufacturing and upon completion of vehicles.

M. The NALC will be informed concerning changes in existing regulations relating to the duties and functions of

city letter carriers. Further, it is agreed that when changes of a substantive nature are made they will only be made in accordance with the contractual obligations already binding upon the parties under Article 34, "Work and/or Time Standards."

N. Letter Carriers may cross lawns while making deliveries if customers do not object and there are no particular hazards to the carrier.

O. The following provision without modification shall be made a part of a local agreement when requested by the local branch of the NALC during the period of local implementation; provided, however, that the local branch may on a onetime basis during the life of this Agreement elect to delete the provision from its local agreement:

"When a letter carrier route or full-time duty assignment, other than the letter carrier route(s) or full-time duty assignment(s) of the junior employee(s), is abolished at a delivery unit as a result of, but not limited to, route adjustments, highway, housing projects, all routes and full-time duty assignments at that unit held by letter carriers who are junior to the carrier(s) whose route(s) or full-time duty assignment(s) was abolished shall be posted for bid in accordance with the posting procedures in this Article."

That provision may, at the local NALC Branch's request during local implementation, be made applicable (including the right to delete it) to selected delivery units within an installation. For purposes of applying that provision, a delivery unit shall be a postal station, branch or ZIP code area. Any letter carrier in a higher level craft position who loses his/her duty assignment due solely to the implementation of that provision shall be entitled to the protected salary rate provisions (Article 9, Section 7) of this Agreement.

P. The Employer shall promptly notify the local Union President of any job-related vehicle accidents involving city letter carriers.

Q. The Employer agrees to continue efforts to improve the comfort and temperature level in postal vehicles.

R. A seasonal route is a route on which the weekly hours of required service are substantially increased as a result of an increase in the number of customers served during a specific period each year. These routes are generally located in resort or vacation areas. The following steps will be taken in regard to the service of those routes during the abnormal period or periods:

- (a) The duration of the seasonal periods shall be determined by management after discussion with the local Union.
- (b) During those periods, auxiliary assistance if requested shall be provided to the maximum extent possible.

S. City letter carrier mail counts and route inspections and adjustments shall be conducted in accordance with Methods Handbook M-39, Management of Delivery Services, as modified by the parties' Memorandum of Understanding dated July 21, 1981 and October 22, 1984 (incorporated into December 24, 1984 Award).

[see Memo, page 3121

APWU Transitional Employee
Memoranda

MEMORANDUM OF UNDERSTANDING
BETWEEN THE
UNITED STATES POSTAL SERVICE
AND THE
AMERICAN POSTAL WORKERS UNION, AFL-CIO

Re: Transitional Employee

1. The parties agree to the following principles:
 - a. The transitional work force will be comprised of noncareer, bargaining unit employees.
 - b. Transitional employees will be hired for a term not to exceed 359 calendar days and will have a break in service of at least 6 days between appointments.
 - c. Transitional employees will be used to cover duty assignments held pending reversion due to automation and residual vacancies withheld pursuant to Article 12. The term "held pending reversion" is a vacant duty assignment which is due to be reverted. The term "residual vacancies" are those positions that remain vacant after the completion of the voluntary bidding process.
 - d. Transitional employees may also be used to replace part-time attrition. The term "attrition" refers to the reduction in the career employee complement for any reason.
 - e. The use of transitional employees will be phased out as the deployed automated equipment becomes operationally proficient. Transitional employees covering positions withheld for career employees will be retained until the reassigned employees, who require training, qualify for their new duty assignments. The

phase-out period for the accomplishment of the above objectives (individually or in combination) may not exceed 90 days from the date of deployment.

- f. Transitional employees who are covering duty assignments held pending reversion or residual vacancies withheld pursuant to Article 12 will not be displaced from these assignments for the purpose of utilizing a casual employee.
 - g. Leave provisions for transitional employees are included in Attachment A.
2. On a quarterly basis, the local union at the impacted office will be provided with an updated report which will provide the following (see Attachment B; Impacted Office Employee Status Report):
- a. The projected reduction for the transition period separated by category as follows: LDC 11, LDC 12 (letters), LDC 12 (Flats), LDC 13, and other clerical (except LDC 42).
 - b. A baseline number for each category and a quarterly update of each category for full-time positions and part-time positions.
 - c. A listing of transitional employees by name and the job number these employees are working on for positions withheld (see Attachment B1; Positions Withheld).
 - d. A listing of transitional employees by name and the job number these employees are working on for positions held pending reversion (see Attachment B2; Positions Held Pending Reversion).
 - e. A listing of transitional employees by name and a listing of part-time employees who were replaced by name for part-time assignments (see Attachment B3; Part-Time Assignments).
 - f. Management will supply the local union, at the impacted site, with information regarding the equipment deployment schedule for the transition period. The deployment schedule will include specific information

(i.e., types of equipment, date of deployment, deployment site). The equipment deployment schedule will be updated annually.

- g. Management will supply the local union at the impacted site with information regarding the impact. This information will also include the time frames for these impacts. Any changes to this information by management requires a 14-day advance notice to the local union. As equipment is deployed and becomes fully operational, the number of transitional employees specific to that deployment will be removed from those assignments in accordance with I.e. above.
3. On a quarterly basis, management agrees to provide the following information at the regional level:
- a. Management will supply the union with a projected regional reduction of employees for the transition period (see Attachment C; REGIONAL COMPLEMENT REDUCTION REPORT).
 - b. On a quarterly basis, management will supply the union with the projected reduction in each MSC, a listing of impacted offices, the actual attrition in the current quarter by impacted office, and a current listing of positions withheld by impacted office.
 - c. Management will total the information in Item number 2 and supply a regional summary.
4. Regional Determination--Number of Withheld Vacancies:
- a. Within 7 days from the effective date of this agreement, the parties at the regional level will meet to determine the number of vacancies withheld during the previous 90-day period.
 - b. Solely for the purpose of applying this memorandum, withheld residual vacancies will be identified as those vacancies for which the union has received Article 12 notification at the regional level as being withheld for employees who may be involuntarily reassigned outside the installation. In order to be considered a with

held vacancy, the union, at the local level, had to be advised of the specific vacancy withheld by assignment number. This requirement had to be accomplished either by posted notice, letter to the local union, or verbally. Verbal notification can be considered only if the local union official agrees that such verbal notification occurred.

- c. Once the withheld residual vacancies are identified, management may use transitional employees to backfill withheld vacancies consistent with the provisions of this Memorandum of Understanding.

5. Career Employee Option for Vacant Duty Assignment:

- a. Prior to assigning a transitional employee to an impacted vacancy (held pending reversion), full-time career employees who are potentially impacted, who are performing identical duties, and who possess the identical skills of the vacant duty assignment, may opt for the vacant assignment.

This option procedure will consist of a written preselection of hours and days off by potentially impacted employees. The option procedure will not exceed 7 calendar days, and employees who failed to submit their preselection choices will be bypassed.

- b. Employees will have 21 days from the effective date of this memorandum to submit their preselection options. Employees who assume new positions on different tours or employees new to a facility will have the opportunity to submit their preselection options within 7 days of assuming their new position. Employees will also have an opportunity to change or modify their preselection options once every 6 months.

6. Assignment of Part-Time Flexible Employees to a Withheld Vacancy:

- a. Prior to assigning transitional employees to withheld/ held pending reversion vacant positions, management will assign the senior qualified part-time flexible employee to cover the withheld/ held pending reversion vacancy, and may backfill the part-time flexible em

ployee's position with a transitional employee. The assignment of the part-time flexible employee to the withheld/held pending reversion vacancy does not change the workhour guarantees.

- b. Part-time flexible employee hours worked in withheld/ held pending reversion vacancies will not be considered when determining whether the criteria has been met for conversion to full-time pursuant to any maximization obligations the employer may have, or otherwise entitle the part-time flexible to any rights or benefits greater than other part-time flexible employees.
- c. If the senior part-time flexible employee does not possess the required skills for the withheld/held pending reversion vacancy, the part-time flexible will be bypassed. If there are no qualified part-time flexible employees, management may use a transitional employee to backfill the withheld/held pending reversion vacancy.

7. Bidding Provisions--Full-time Distribution Clerk. Ma

- a. A full-time Distribution Clerk. Machine. who is restricted from bidding in accordance with Article 37.3.B will be allowed to bid and these restrictions will be waived provided:
 - (1) The employee is currently working in a position which is identified to be eliminated due to automation;
 - (2) The employee has completed a 90-day probationary period.
- b. If a full-time Distribution Clerk. Machine. is restricted from bidding pursuant to Article 37.3.B, and is the successful bidder on a duty assignment pursuant to Subsections a(1) and (2) above, the duty assignment will be held for the employee until his/her current position is eliminated or management may assign the employee to the duty assignment pursuant to the applicable craft articles of the National Agreement.

This duty assignment will be covered in the same manner as a withheld position.

- c. An employee who is restricted from bidding pursuant to Article 37.3.B may bid and be deemed the successful bidder only once.
8. Reassignment of Career Employees Outside of a Section, Craft, or Installation:
 - a. Prior to reassigning career employees outside of a section, craft, or installation, management will offer impacted career employees, on a seniority basis, the opportunity to work any existing transitional assignment. Impacted career employees must be currently qualified to backfill these assignments.
 - b. There will be no out-of-schedule pay or training provided to qualify the impacted employees for these temporary assignments.
 9. Layoff of Career Employees:
 - a. Prior to laying off career employees, management will offer the impacted employees the opportunity to work any existing transitional assignments within the installation. The impacted employee must be currently qualified to backfill these assignments.
 - b. There will be no out-of-schedule pay or training provided to qualify the impacted employees for these temporary assignments.
 10. Article 15:
 - a. The parties recognize that transitional employees will have access to the grievance procedure for those provisions which the parties have agreed apply to transitional employees.
 - b. Nothing herein will be construed as a waiver of the employer's obligation under the National Labor Relations Act. Transitional employees will not be discharged for exercising their rights under the grievance arbitration procedure.
 - c. Such employees will not be protected by the "just

cause" provisions of Article 16. However, the employer cannot retaliate against transitional employees for filing grievances or invoking applicable contractual rights.

- d. In any arbitration case concerning a discharge of a transitional employee, the union will bear the burden of proof in establishing that the employer's chief motivation for such a discharge was for retaliation for protected activity.

2. Biweekly Crediting. Annual leave accrues and is credited in whole hours at the end of each biweekly pay period.

3. Payment For Accumulated Annual Leave. A separating transitional employee may receive a lump-sum payment for accumulated annual leave subject to the following condition:

II. AUTHORIZING ANNUAL LEAVE

A. General. Except for emergencies, annual leave for transitional employees must be requested on Form 3971 and approved in advance by the appropriate supervisor.

B. Emergencies and Illness or Injury. An exception to

the advance approval requirement is made for emergencies and illness or injury; however, in these situations, the transitional employee must notify appropriate postal authorities as soon as possible as to the emergency or illness/injury and the expected duration of the absence. As soon as possible after return to duty, transitional employees must submit Form 3971 and explain the reason for the emergency or illness/injury to their supervisor. Supervisors approve or disapprove the leave request. When the request is disapproved, the absence may be recorded as AWOL at the discretion of the supervisor as outlined in Section IV.B below.

III. UNSCHEDULED ABSENCE

- A. Definition. Unscheduled absences are any absences from work that are not requested and approved in advance.
- B. Transitional Employee Responsibilities. Transitional employees are expected to maintain their assigned schedule and must make every effort to avoid unscheduled absences. In addition, transitional employees must provide acceptable evidence for absences when required.

NALC BARGAINING UNIT

OPINION AND AWARD

BOARD OF ARBITRATORS

RICHARD MITTENTHAL, Chairman
JOSEPH J. MAHON, JR., Board Member
BRUCE H. SIMON, Board Member

Washington, D.C.
January 16, 1992

BACKGROUND

On page 41 of the June 12, 1991, Interest Arbitration Award, the five member Panel had determined that a non-career bargaining unit employee classification should be established and be known as "transitional employees." Such transitional employees were to be employed to fill anticipated impacted positions as a result of automation. Pursuant to the June 12, 1991, Award, the parties were required to meet and resolve all other aspects pertaining to the transitional employee classification. In the event that no agreement was reached, the dispute was to be referred to this Panel for a final and binding decision.

Commencing in July of 1991, the parties met both formally and informally on numerous occasions with the intent of negotiating all other aspects pertaining to the transitional employee classification. Despite the efforts of the parties, these negotiations were not successful. On December 11, 1991, the negotiations terminated with the parties at impasse.

The record was opened on December 12, 1991, and the second day of hearing was held on January 3, 1992. The parties also met on December 30, 1991, January 2, 6 and 7, 1992, and the Panel met in executive session on January 3, 7, and 8, 1992. Representing the Postal Service before the Board were Edward F. Ward, Jr., and Kevin B. Rachel of the Office of Labor Law of the Postal Service. The NALC was represented by Keith E. Secular, Esquire. Full opportunity was afforded the parties to introduce evidence, present testimony, and to provide oral argument.

The Panel has assumed jurisdiction over all economic and non-economic matters with respect to the transitional employee classification. All proposals of the parties not dealt with specifically by this Award were either withdrawn or have not been adopted by this Panel.

The Panel makes the following Award:

1. The following principles shall apply to transitional employees:
 - a. The transitional work force will be comprised of non-

career, bargaining unit employees.

- b. Transitional employees will be hired for terms not to exceed 359 calendar days and will have a break in service of at least 6 days between appointments.
- c. The parties agree transitional employees will only be utilized consistent with the following principles:
 - (1) To cover the number of work hours which constitute the difference between the delivery unit baseline staffing analysis and the projected delivery unit staffing analysis as described in Part 2. (See Attachment A.)
 - (2) To cover duty assignments held pending reversion due to automation.
 - (3) To cover the vacancy created by a part-time flexible, reserve or unassigned letter carrier opting for the held pending reversion assignment or the subsequent vacancy created by multiple opts.
 - (4) To cover part-time flexible attrition.
 - (5) To cover, in addition to the hours determined in (1) above, residual vacancies withheld pursuant to Article 12.

The term "held pending reversion" is a vacant duty assignment which is due to be eliminated as a result of automation. The term "residual vacancies" are those positions that remain vacant after the completion of the voluntary bidding process.

- d. Transitional employees who are covering duty assignments held pending reversion or residual vacancies withheld pursuant to Article 12 will not be displaced from these assignments for the purpose of utilizing a casual employee.
- e. The applicability of Article 7.3C is not decided herein and these provisions are without prejudice to the parties' positions on this issue.
- f. Pursuant to 1.c.1. above, the use of transitional employees will be phased out within 90 days of when

ABC is on line and cost effective in terms of bar coding goals in the specific five digit delivery unit. Transitional employees covering positions withheld for career employees will be retained until the reassigned employees, who may require training, qualify for their new duty assignment.

- g. The employer will make every effort to ensure that available part-time flexible employees are utilized at the straight time rate prior to assigning such work to transitional employees working in the same work location and on the same tour provided the reporting guarantee is met for transitional employees.
2. Baseline staffing will be determined in delivery units by completing a Delivery Service Staffing Analysis (DSSA) (see Attachment A). Once the DSSA has been completed, the baseline staffing hours are set. The delivery unit impact will be determined by revising the DSSA to reflect the projected future workload and delivery unit automation savings, for advanced bar code delivery sequencing.

The difference between the two analyses will be the projected hourly impact for the delivery transition period. The projected DSSA will be reviewed and updated a appropriate or at least annually.

The acceptance by the parties of a methodology for implementing this item is without prejudice to the parties rights under Article 34 of the National Agreement, and shall not be cited by either party in the grievance or arbitration procedure or any other forum which does not pertain to the implementation of this agreement on transitional employees.

- 3. A. Management will supply the local union and the appropriate National Business Agent with the following information, which will be used to establish the impact on the Letter Carrier Craft, determine the length of time for the transition period, and define the specific site(s) that will be impacted when utilizing transitional employees pursuant to 1.C.14.
 - 1. The DSSA baseline and a projected DSSA (see

- Attachment A).
2. Delivery Unit Impact Statement (see Attachment B)
 3. Automation deployment schedule.
 4. Projected attrition for the letter carrier craft in the installation.
- B. On a quarterly basis, a listing of transitional employees by name and the job numbers on which these employees are working for positions withheld (see Attachment C1; Positions Withheld).
- C. On a quarterly basis, a listing of transitional employees by name and the job numbers on which these employees are working for positions held pending reversion (see Attachment C2; Positions Held Pending Reversion).
- D. On a quarterly basis, a listing of transitional employees by name who were assigned in accordance with l.c.3 and 4 above (see Attachment C3; Part-time Assignments).
4. A. Management will supply the local union and the appropriate National Business Agent with the following information when utilizing transitional employees pursuant to l.C.5.
1. Site impact information;
 2. Deployment schedule, (i.e., type of equipment, date of deployment, specific site);
 3. Projected attrition for the installation by craft.
- B. Management will supply the local union with a listing of all positions withheld in the impacted installation, and update this list on a quarterly basis.
5. On a quarterly basis, management will review the current status of items 3 and 4 above and make any changes, as appropriate, in the number of positions being held pending reversion or withheld pursuant to Article 12, in the Letter Carrier Craft.

6. Regional Determination Number of Withheld Vacancies:
 - a. Within 7 days from the effective date of this Award, the parties at the regional level will meet to determine the number of vacancies withheld during the 90-day period preceding December 3, 1991.
 - b. Solely for the purpose of applying this Award, withheld residual vacancies will be identified as those vacancies for which the union has received Article 12 notification at the regional level as being withheld for employees who may be involuntarily reassigned outside the installation. In order to be considered a withheld vacancy, the union, at the local level, had to be advised of the specific vacancy withheld by assignment number. This requirement must be accomplished by posted notice, letter to the local union, or verbally. Verbal notification can be considered only if the local union official agrees that such verbal notification occurred.
 - c. Once the withheld residual vacancies are identified, management may use transitional employees to backfill withheld vacancies consistent with the provisions of this Award.
7. Reassignment of Career Employees Outside of a Section, Craft, or Installation:
 - a. Prior to reassigning career employees outside of a section, the craft, or installation, management will offer impacted career employees, on a seniority basis, the opportunity to work any existing letter carrier craft transitional assignments within the installation.
 - b. There will be no out-of-schedule pay provided to the impacted employees for these temporary assignments .
8. Layoff of Career Employees:
 - a. Prior to laying off career employees, management will offer the impacted employees the opportunity to work any existing letter carrier craft transitional assignments within the installation.

- b. There will be no out-of-schedule pay provided to the impacted employees for these temporary assignments.

9. Article 15:

Transitional employees will have access to the grievance procedure for those provisions which apply to transitional employees.

- 10. Transitional employees are temporary N.T.E. (not to exceed) employees who may be terminated at any time prior to completion of the 359-day term as provided in paragraph 11 or as otherwise required by this Award.

- 11. Transitional employees may be separated at any time upon completion of their assignment or for lack of work. Such separation is not grievable except where the separation is pretextual.

Transitional employees may otherwise be removed for just cause and any such removal will be subject to the grievance-arbitration procedure. provided the employee has completed ninety (90) work days, or has been employed for 120 calendar days, whichever comes first. Further, in any such grievance, the concept of progressive discipline will not apply. The issue will be whether the employee is guilty of the charge against him or her. Where the employee is found guilty, the arbitrator shall not have the authority to modify the discharge.

In the case of removal for cause, a transitional employee shall be entitled to advance written notice of the charges against him/her in accordance with the provisions of Article 16 of the National Agreement.

- 12. Leave provisions for transitional employees are included in Attachment D.

A. Purpose. Annual leave is provided to transitional employees for rest, recreation, emergency purposes, and illness or injury.

1. Accrual of Annual Leave. Transitional employees earn annual leave based on the number of hours in which they are in a pay status in each pay period.

Rate of Accrual	Hours in Leave Earned Per Pay Period	Hours of Annual Leave	Pay Status
1 hour for each unit of 20 hours in pay status in each pay period	20 40 60 80	1 2 3 4(max.)	

2. Biweekly Crediting. Annual leave accrues and is in whole hours at the end of each biweekly pay period.

3. Payment For Accumulated Annual Leave. A separating transitional employee may receive a lump-sum payment for accumulated annual leave subject to the following condition:

a. A transitional employee whose separation is effective before the last Friday of a pay period does not receive credit or terminal leave payment for the leave that would have accrued that pay period.

II. AUTHORIZING ANNUAL LEAVE

A. General. Except for emergencies, annual leave for transitional employees must be requested on Form 3971 and approved in advance by the appropriate supervisor.

B. Emergencies and Illness or Injury. An exception to

the advance approval requirement is made for emergencies and illness or injury; however, in these situations, the transitional employee must notify appropriate postal authorities as soon as possible as to the emergency or illness/injury and the expected duration of the absence. As soon as possible after return to duty, transitional employees must submit Form 3971 and explain the reason for the emergency or illness/injury to their supervisor. Supervisors approve or disapprove the leave request. When the request is disapproved, the absence may be recorded as AWOL at the discretion of the supervisor as outlined in Section IV.B below.

III. UNSCHEDULED ABSENCE

- A. Definition. Unscheduled absences are any absences from work that are not requested and approved in advance.
- B. Transitional Employee Responsibilities. Transitional employees are expected to maintain their assigned schedule and must make every effort to avoid unscheduled absences. In addition, transitional employees must provide acceptable evidence for absences when required.

IV. FORM 3971, REQUEST FOR, OR NOTIFICATION OF, ABSENCE

- A. Purpose. Application for annual leave is made in writing, in duplicate, on Form 3971, Request for, or Notification of, Absence.
- B. Approval/Disapproval. The supervisor is responsible for approving or disapproving application for annual leave by signing Form 3971, a copy of which is given to the transitional employee. If a supervisor does not approve an application for leave, the disapproved block on Form 3971 is checked and the reasons given in writing in the space provided. When a request is disapproved, the reasons for disapproval must be noted. AWOL determinations must be similarly noted.

Re: Hearing Impaired

The U.S. Postal Service and the American Postal Workers Union, AFL-CIO, and the National Association of Letter Carriers, AFL-CIO, agree that the following will be included in the Personnel Operations Handbook, **EL-311**.

**REASONABLE ACCOMMODATION FOR THE
HEARING IMPAIRED**

MANAGEMENT'S RESPONSIBILITY

Management has an obligation to reasonably accommodate hearing impaired employees and applicants who request assistance in communicating with or understanding others in work related situations, such as:

- a. During investigatory interviews which may lead to discipline, discussions with a supervisor on job performance or conduct, or presentation of a grievance.
- b. During some aspects of training.
- c. During portions of EAP programs and EEO counselings.
- d. In critical elements of the selection process such as during testing and interviews.
- e. During employee orientations and safety talks.
- f. During the filing or meetings concerning an employee's OWCP claim.

IMPLEMENTATION

This obligation is met by selecting an appropriate resource from the variety of resources available. In selecting a resource, the following, among others, should be considered, as appropriate:

- The ability of the hearing impaired employee to understand various methods of communication and the ability of others to understand the hearing impaired employee.
- The importance of the situation as it relates to work requirements, job rights, and benefits.
- The availability and cost of the alternative resources under consideration.
- Whether the situation requires confidentiality.

Available resources which should be considered include:

- a. Installation heads are authorized to pay for certified interpreters. Every effort will be made to provide certified interpreters when deemed necessary by an application of the principles set forth herein.
- b. In some states, the Division of Vocational Rehabilitation (DVR) provides interpreters at no charge.
- c. Volunteer interpreters or individuals skilled in signing may be obtained from the work force or from the community.
- d. In some situations, written communications may be appropriate.
- e. Supervisors, training specialists, EAP, and EEO counselors may be trained in sign language.
- f. Hearing impaired applicants should normally be scheduled for a specific examination time when an interpreter will be available.

Management will provide the following assistance for hearing impaired employees:

- a. All films or videotapes designed for the training or instruction of regular work force employees developed

on or after October 1, 1987, shall be opened or closed captioned. To the extent practicable, existing films or videotapes developed nationally that will continue to be used by the hearing impaired with some frequency, will be opened or closed captioned.

- b. Special telecommunications devices for the hearing impaired will be installed in all postal installations employing hearing impaired employees in the regular work force. These devices will be available to hearing impaired employees for official business and in the case of personal emergencies. **As appropriate, Management will provide training to staff on the use of these special telecommunications devices.**
- c. **A visual alarm will be installed on all moving powered industrial equipment in all postal installations employing hearing impaired employees in the regular work force.**
- d. **Visual fire alarms will be installed in all new postal installations (installations for which the U.S. Postal , as of the effective date of this agreement, has not awarded a contract for the design of the building) where the Postal Service installs audible fire alarms. The parties will discuss and seek to agree at the local level about the installation in such other facilities as may be appropriate.**

JOINT LABOR-MANAGEMENT MEETINGS

Discussion of problem areas with regard to the use of certified sign interpreters, enhancement of job opportunities for the hearing impaired, **type of special telecommunications devices to be installed**, and installation of visual alarms at **other than new postal installations** are appropriate matters for consideration at Joint Labor-Management meetings. Discussion of such matters at Labor-Management meetings is not a prerequisite to the filing or processing of a grievance.

Re: Article 7.3

Part-time flexible employees with three (3) or more years of service in the same craft and same installation on the effective date of this award, who are employed in an office with 200 or more man years of employment will not have their average weekly workhours reduced as a result of the revision to Article 7.3 of the 1990 National Agreement.

Nothing shall preclude management from reducing such hours for other legitimate reasons.

The average weekly workhours for the part-time flexible employees with three (3) or more years of service will be the weekly workhour average for the 12 months prior to the effective date of this Agreement. The weekly workhour average cannot exceed forty (40) hours or be combined with any paid leave to exceed forty (40) hours.

A. It is understood by the parties that in applying the provisions of Articles 7, 12 and 13 of the 1990 National Agreement, cross craft assignments of employees, on both a temporary and permanent basis, shall continue as they were made among the six crafts under the 1978 National Agreement.

B. It is also agreed that where the 1990 Agreement makes reference to offices/facilities/installations with a certain number of employees or man years, that number shall include all categories of bargaining unit employees in the office/facility/installation who were covered by the 1978 National Agreement.

Where a part-time flexible has performed duties within his craft and occupational group within an installation at least 40 hours a week (8 within 9, or 8 within 10, as applicable), 5 days a week, over a period of 6 months, the senior part-time flexible shall be converted to full-time status.

This criteria shall be applied to postal installations with 125 or more man years of employment.

The parties will implement this in accordance with their past practice.

The parties also recognize that employees are to be converted to full-time consistent with the memorandum, provided the work being performed to meet maximization qualification in not being performed on assignment(s) described above.

(American Postal Workers Union, AFL-CIO, and

Re: Article 8

Recognizing that excessive use of overtime is inconsistent with the best interests of postal employees and the Postal Service, it is the intent of the parties in adopting changes to Article 8 to limit overtime, to avoid excessive mandatory overtime, and to protect the interests of employees who do not wish to work overtime, while recognizing that bona fide operational requirements do exist that necessitate the use of overtime from time to time. The parties have agreed to certain additional restrictions on overtime work, while agreeing to continue the use of overtime desired lists to protect the interests of those employees who do not want to work overtime, and the interests of those who seek to work limited overtime. The parties agree this memorandum does not give rise to any contractual commitment beyond the provisions of Article 8, but is intended to set forth the underlying principles which brought the parties to agreement.

The new provisions of Article 8 contain different restrictions than the old language. However, the new language is not intended to change existing practices relating to use of employees not on the overtime desired list when there are insufficient employees on the list available to meet the overtime needs. For example, if there are five available employees on the overtime desired list and five not on it, and if 10 workhours are needed to get the mail out within the next hour, all ten employees may be required to work overtime. But if there are 2 hours within which to get the mail out, then only the five on the overtime desired list may be required to work.

The parties agree that Article 8, Section 5.G.1., does not permit the Employer to require employees on the overtime desired list to work overtime on more than 4 of the employee's S scheduled days in a service week, over 8 hours on a

nonscheduled day, or over 6 days in a service week.

Normally, employees on the overtime desired list who don't want to work more than 10 hours a day or 56 hours a week shall not be required to do so as long as employees who do want to work more than 10 hours a day or 56 hours a week are available to do the needed work without exceeding the 12-hour and 60-hour limitations.

In the Letter Carrier Craft, where management determines that overtime or auxiliary assistance is needed on an employee's route on one of the employee's regularly scheduled days and the employee is not on the overtime desired list, the employer will seek to utilize auxiliary assistance, when available, rather than requiring the employee to work mandatory overtime.

In the event these principles are contravened, the appropriate correction shall not obligate the Employer to any monetary obligation, but instead will be reflected in a correction to the opportunities available within the list. In order to achieve the objectives of this memorandum, the method of implementation of these principles shall be to provide, during the 2-week period prior to the start of each calendar quarter, an opportunity for employees placing their name on the list to indicate their availability for the duration of the quarter to work in excess of 10 hours in a day. During the quarter the Employer may require employees on the overtime desired list to work these extra hours if there is an insufficient number of employees available who have indicated such availability at the beginning of the quarter.

The penalty overtime provisions of Article 8.4 are not intended to encourage or result in the use of any overtime in excess of the restrictions contained in Article 8.5.F.

Re: Annuity Protection

This will confirm our agreement that the Postal Service guarantees that no employee, whose basic pay is not increased by the amount of **\$2,517** (the annualized cost-of-living adjustments accumulated during the life of the **1987** National Agreement) before the first full pay period of **February 1995**, due to the provisions set forth in Article 9, Section 6, of the **1990** National Agreement, will suffer any diminution of annuity (e.g., optional, disability, or survivors benefits), by reason thereof.

Such annuity protection is subject to the right of the Postal Service to offset the employee contributions that would have been made had the COLA amount been added to basic pay in the first full pay period of **October 1991**. Such protection shall be afforded by either supplemental annuity payments or by a single lump sum discounted payment, at the option of the Postal Service.

Gentlemen:

During 1990 negotiations, the Unions made the Postal Service aware of possible problems concerning the adequacy of notification being provided to APP eligible individuals. In an effort to resolve any possible problems, the Postal Service will revise the notification information which is currently sent to Annuity Protection Plan (APP) recipients with the first APP payment. The purpose of the revision is to ensure that survivors or beneficiaries know to contact the Postal Service to receive all available APP benefits. Re: Leave Sharing

The Postal Service will establish a Leave Sharing Program under which career postal employees will be able to donate annual leave from their earned annual leave account to another career postal employee, within the same MSC. Single donations must be of 8 or more whole hours and may not exceed half of the amount of annual leave earned each year based on the leave earnings category of the donor at the time of donation. Sick leave, unearned annual leave, and annual leave hours subject to forfeiture (leave in excess of the maximum carryover which the employee would not be permitted to use before the end of the leave year), may not be donated, and employees may not donate leave to their immediate supervisors. To be eligible to receive donated leave, a career employee (a) must be incapacitated for available postal duties due to serious personal health conditions and (b) must be known or expected to miss at least 80 more hours from work than his or her own annual leave and/or sick leave balance(s), as applicable, will cover, and (c) must have his or her absence approved pursuant to standard attendance policies.

For purposes other than pay and legally required payroll deductions, employees using donated leave will be subject to regulations applicable to employees in LWOP status and will not earn any type of leave while using donated leave.

Donated leave may be carried over from one leave year to the next without limitation. Donated leave not actually used remains in the recipient's account (i.e., is not restored to donors). Such residual donated leave at any time may be applied against negative leave balances caused by a medical exigency. At separation, any remaining donated

leave balance will be paid in a lump sum.

Appropriate regulations and procedures will be issued and the program will be implemented within 180 days from the signing of this Agreement.

Re: Article 12.5.C.5.b(6)

. . . In the Clerk Craft, an employee(s) involuntarily reassigned **shall** be entitled at the time of such reassignment to file a written request to return to the first vacancy [in the same or lower salary level] in the craft and installation from which reassigned. Such request for retreat rights must indicate whether the employee(s) desires to retreat to the same, lower, and/or higher salary level assignment and, if so, what salary level(s). The employee(s) shall have the right to bid for vacancies within the former installation and the written request for retreat rights shall serve as a bid for vacancies in the level from which the employee was reassigned and for all residual vacancies in other levels for which the employee has expressed a desire to retreat. The employee(s) may retreat to only those [lower level] assignments for which the employee(s) would have been eligible to bid. If vacancies are available in the specified lower, higher or same salary level [and in the salary level], the employee will be given the option.

Repostings occurring pursuant to Article 37, Sections 3.A.3, 3.A.4, and 3.A.5, are specifically excluded from the application of this subsection.

Withdrawal of a bid or failure to qualify for a vacancy or residual vacancy terminates retreat rights to the level of the vacancy. Furthermore, employees(s) electing to retreat to a lower level are not entitled to salary protection.

THE JOINT BARGAINING COMMITTEE
(American Postal Workers Union, AFL-CIO,

Re: Transfers

The parties agree that the following procedures will be followed when career Postal Employees request reassignment from Postal installations in one geographical area of the country to Postal installations in another geographical area. Local reassignments (reassignments within the same MSC, Division, or to adjacent MSCs or Divisions) are covered by the provisions of Section 2 of this memorandum.

Section 1. Reassignments (Transfers) to other geographical areas.

A. Installation heads may continue to fill authorized vacancies first through promotion, internal reassignment and change to lower level, transfer from other agencies, reinstatements, etc., consistent with existing regulations and applicable provisions of the National Agreement.

B. Installation heads will afford full consideration to all reassignment requests from employees in other geographical areas within the Postal Service. The requests will be considered in the order received consistent with the vacancies being filled and type of positions requested. Such requests from qualified employees, consistent with the provisions of this memorandum, will not be unreasonably denied. Local economic and unemployment conditions, as well as EEO factors, are valid concerns. When hiring from entrance registers is justified based on these local conditions, an attempt should be made to fill vacancies from both sources. Except in the most unusual of circumstances, if there are sufficient qualified applicants for reassignment at least one out of every four vacancies will be filled by granting requests for reassignment in all offices of 100 or more man-years if sufficient requests from qualified applicants have been received. In offices of

less than 100 man-years a cumulative ratio of 1 out of 6 for the duration of the National Agreement will apply.

C. MSCs will maintain a record of the requests for reassignment received in the offices within their area of responsibility. This record may be reviewed by the Union on an annual basis upon request. Additionally, on a semiannual basis local Unions may request information necessary to determine if a 1 out of 4 ratio is being met between reassignments and hires from the entrance registers in all offices of 100 or more man-years.

D. Managers will give full consideration to the work, attendance, and safety records of all employees who are considered for reassignment. An employee must have an acceptable work, attendance, and safety record and meet the minimum qualifications for all positions to which they request reassignment. Both the gaining and losing installation head must be fair in their evaluations. Evaluations must be valid and to the point, with unsatisfactory work records accurately documented. An employee must have at least one-year of service in their present installation prior to requesting reassignment to another installation. Employees reassigned to installations under the provisions of this memorandum must remain in the new installation for a period of one year, unless released by the installation head earlier, before being eligible to be considered for reassignment again, except in the case of an employee who requests to return to the installation where he/she previously worked. Employees serving under craft lock-in periods per the provisions of the National Agreement must satisfy those lock-ins prior to being reassigned to other installations.

E. Installation heads considering employees for reassignment will contact the installation head of the losing installation and arrange for mutually agreeable reassignment and reporting dates. A minimum of thirty days' notice to the losing office will be afforded. Except in the event of unusual circumstances at the losing installations, reasonable time will be provided to allow the installation time to fill vacancies, however, this time should not exceed ninety days.

F. Reassignment granted to a position in the same grade will be at the same grade and step. Step increase anniversaries will be maintained. Where voluntary reassignments are to a position at a lower level, employees will be assigned to the step in the lower grade consistent with Part 420 of the Employee and Labor Relations Manual.

G. Employees reassigned under these provisions will be reassigned consistent with the provisions of the appropriate craft article contained in the National Agreement. Employees will not be reassigned to full-time regular positions to the detriment of career part-time flexible employees who are available for conversion at the gaining installation. Seniority for employees transferred per this memorandum will be established consistent with the provisions of the National Agreement.

H. Relocation expenses will not be paid by the Postal Service incident to voluntary reassignment. Such expenses, as well as any resulting interview expenses, must be borne by employees.

I. Under no circumstances will employees be requested or required to resign, and then be reinstated in order to circumvent these pay provisions, or to provide for an additional probationary period.

Section 2. Local Reassignments (Transfers)

A. For local reassignment(s), managers will give **full consideration** to the work, attendance, and safety records of all employees who are considered for reassignment. An employee must have an acceptable work, attendance, and safety record and meet the minimum qualifications for all positions to which he/she requests reassignment. Both the gaining and losing installation head must be fair in their evaluations. Evaluations must be valid and to the point, with unsatisfactory work records accurately documented. An employee must have at least eighteen months of service in his/her present installation prior to requesting reassignment to another installation. Employees reassigned to installations under the provisions of this paragraph must remain in the new installation for a period of eighteen months (unless released by the installation head

earlier) before being eligible to be considered for reassignment again, except in the case of an employee who requests to return to the installation where he/she previously worked. Employees serving under craft lock-in periods per the provisions of the National Agreement must satisfy those lock-ins prior to being reassigned to other installations. Local transfers are included in the 1 out of 4 ratio.

B. The provisions of Section I, paragraphs A, C, E, F, G, H and I are applicable to local reassignments.

C. In those instances where an employee can substantially increase the number of hours (8 hours or more per week) by transferring to another installation and the employee meets the other criteria the lock-in period will be 12 months.

Re: Joint Safety and Accident Control Teams

The United States Postal Service and the American Postal Workers Union and the National Association of Letter Carriers agree that it is in the best interest of all parties to have an effective health and safety program. Therefore, it is hereby agreed that representatives of the parties will meet at the national level for the purpose of developing an agenda to ensure the effectiveness of the Headquarters Joint Labor-Management Safety Committee.

The parties will establish as a pilot program in at least one large facility in each region a Joint Safety and Accident Control Team whose aim is to reduce accidents and injuries and promote improved safety performance. The Joint Safety and Accident Control Teams will consider

establishing where appropriate, local accident prevention guidelines and procedures for

- 1) reporting and abating hazardous conditions and practices,**
- 2) expediting resolution of local safety and health issues, and**
- 3) promoting safety awareness and investigating safety and health complaints.**

The Joint Safety and Accident Control Teams will develop periodic progress reports to the Headquarters Joint Labor-Management Safety Committee and will make recommendations regarding the pilot program structure where necessary. The Headquarters Joint Labor-Management Safety Committee will monitor the efforts of the local pilot programs with the aim of expanding the Joint Safety and Accident Control Teams if the program is deemed successful by the parties.

The local parties will issue a final report during the term of the 1990 National Agreement detailing their experiences in order to facilitate mutual determination by the Headquarters Labor-Management Safety Committee concerning whether further expansion of the program is warranted.

It is further understood that nothing in this Memorandum of Understanding is intended to infringe on management or union rights as found in the National Agreement.

Re: Centralized Uniform Program

The parties agree to the joint development, establishment, and phase-in through the National Joint Labor-Management Uniform Control Committee (Uniform Committee) of a centralized system of purchasing and distributing uniforms and work clothes. By allowing the U.S. Postal Service to procure the items directly from the manufacturer(s), uniform items can be acquired at a reduced cost, in comparison to the current system. As a result of such volume purchasing, the parties anticipate that employees can be supplied with more uniform items with the U.S. Postal Service realizing monetary savings in the Uniform Program.

- 1. Under this system, the U.S. Postal Service will enter into contract(s) with uniform manufacturer(s) for authorized uniform items which would provide for a controlled price on uniform items. The contract(s) will also address matters such as the quality of items and the method of distribution to the employees and other requirements as agreed upon by the Uniform Committee.**

- 2. Under the new program, the annual dollar allowance will be replaced by an allowance of points to be spent by employees on authorized uniform items. Upon the signing of the Memorandum of Understanding, the parties agree to meet for the purpose of negotiating the specific elements of the uniform and work clothes allowance, including, but not limited to, the points assigned to each authorized item, the allowance of total points or number of items available for eligible employees in the distribution of such items. The point value will remain constant for the life of the Agreement.**

3. **The parties agree to commence, through the Uniform Committee, the negotiations referred to in paragraph 2 of this Memorandum within 60 days of the effective date of the 1990 National Agreement. This negotiations process will be for a period of 60 days or such additional time as the parties decide. In the event that the parties are unable to resolve an issue, such disputed issue shall be submitted to final and binding arbitration.**
4. **Until phased in, the employees will acquire uniforms under the current system. It is further understood that the current system remains in effect until such time as the parties agree upon the matters enumerated above and the new system, meeting the requirements set by the Uniform Committee, is operational. During the phase-in period, the Uniform Committee will monitor the progress of the program to ensure the success of the new system and address matters of concern that may arise. Issues not resolved by this Memorandum will be discussed and resolved by the parties through the Uniform Committee.**
5. **It is understood by the parties that any increase in the existing uniform allowance in Article 26 of this Agreement will be credited toward the authorized uniform items to be negotiated as set forth in paragraph 2.**

Re: Reinstatement of OF-346

It is hereby agreed by the United States Postal Service; the American Postal Workers Union, AFL-CIO; and the National Association of Letter Carriers, AFL-CIO, that:

1. The safety and health of employees is of significant

concern to the parties signatory to this Memorandum of Understanding. Accordingly, the parties further agree that the following is not intended to provide driving privileges to an employee when such privilege would place the safety of the public or the employee at risk.

2. The mere fact that an employee was involved in a vehicle accident is not sufficient to warrant automatic suspension or revocation of driving privileges or the automatic application of discipline.
3. When an employee's OF-346 is temporarily suspended as a result of a vehicle accident, a full review of the accident will be made as soon as possible, but not later than fourteen (14) days, and the employee's OF-346 and driving privileges must either be reinstated, suspended for a specified period of time not to exceed sixty (60) days, or revoked as warranted. If the decision is to suspend or revoke the employee's OF-346, the employee will be provided, in writing, the reason(s) for such action.
4. If an employee requests that a revoked or suspended OF-346 be reinstated, Management will review the request and make a decision as soon as possible but not later than 45 days from the date of the employee's request. If the decision is to deny the request, the employee will be provided with a written decision stating the reasons for the decision.

The Management review must give careful consideration to:

- the nature, severity and recency of the incident(s) which led to the revocation or suspension;
- any driver's training or retraining courses completed from private schools, state sponsored courses, or Postal Service training programs, especially when directly relevant to the incident(s) that led to the revocation;
- successful participation in an EAP program, when relevant to the reasons for revocation;

- the employee's state driving record consistent with the criteria for initial issuance of an OF-346 as stated in Handbook EL-827, Driver, Selection, Training, Testing and Licensing. The Employer may waive these criteria if warranted in light of the other factors listed above.
- 5. This Memorandum of Understanding is not intended to define the conditions or circumstances for which an employee's OF-346 may be suspended or revoked.

Re: Subcontracting Cleaning Services

The parties agree that the following language will be incorporated into paragraph 535.261 of the Administrative Support Manual and that such language will not be changed during the life of the **1990** National Agreement.

.26 Cleaning Services

.261 Authorization

- a. When a vacancy as a result of an employee's voluntary attrition is identified in an independent installation with 39 hours or less of custodial cleaning, the following sequential actions will be taken:

A cost ascertainment study will be undertaken to determine if it is more economical to utilize a contract cleaning service or a career maintenance employee to perform the required work.

-- For purposes of the comparison, the salary of ,960 **and the benefits appropriate to that salary will be utilized.**

-- If the determination is made to utilize a contract cleaning service, the local APWU President will be provided a copy of the cost comparison and management's determination.

- b. When a vacancy as a result of an employee's voluntary attrition is identified in a station and/or branch of an independent installation with 39 hours or less of custodial cleaning, the following sequential actions will be taken:

-- Before proceeding to ascertain whether custodial cleaning services can be subcontracted, local management shall ascertain whether, consistent with the needs of the Service, the

work hours of the vacated position can be combined with that of another career service maintenance employee's position to constitute either a full-time regular or expanded part-time regular maintenance position.

- If the vacated work hours cannot be combined as discussed above, then management may proceed to develop a cost ascertainment study to determine if it is more economical to utilize a contract cleaning service or a career maintenance employee to perform the required work.
- For purposes of the comparison, the salary of **\$19,960 and the benefits appropriate to that salary will be utilized.**
- If the determination is made to utilize a contract cleaning service, the local APWU President will be provided a copy of the cost comparison and management's determination.

Re: Highway Contracts

In furtherance of ongoing application of Article 32, Section 3 of the National Agreement the parties agree to the following principles:

1. The U.S. Postal Service reaffirms its commitment to require compliance with the highway contract specifications including the Service Contract Act. Contracting officers and administrative officials at the local level, when advised by American Postal Workers Union officials of complaints and/or provided information con

cerning alleged violations of a specific contract(s), especially those that relate to vehicle schedules, wage rates, and safety violations will, in a business-like manner, acknowledge to the interested American Postal Workers Union official, receipt of said information and the action taken in response to the situation identified. Background information concerning scheduled routes will not be unreasonably denied.

2. The Postal Service recognizes the requirement to accurately reflect vehicle equipment needs when developing transportation service requirements. Reasonable efforts will continue to be made at the Transportation Management Service Center (TSMC) level to reconcile vehicle requirements to existing postal vehicle sizes. In those situations where it is determined that the vehicle needed substantially differs from that which is available in the U.S. Postal Service fleet, justification will be provided the Office of Transportation and International Services for those routes that otherwise meet the criteria of Article 32.
3. The Office of Transportation and International Services will continue to encourage all contractors to display clearly and conspicuously on all vehicles, while engaged in the transport of mail, their company name, address and the fact that they are contract vehicles.
4. When the Union is advised of the decision to award and/or renew a highway contract(s), the U.S. Postal Service will provide a reasonable explanation of its decision.

Re: Training Committee

The Postal Service reaffirms its commitment to provide employees with training consistent with organizational needs. Additionally, the Postal Service recognizes the desirability of affording employees opportunities for self-development and will make training programs available to meet such needs.

The Postal Service will afford the Unions, at the national level, the opportunity to discuss concerns about specific training opportunities or programs. A Joint Committee on Training is hereby established at the national level which will consist of representatives of both parties. The Committee shall meet to discuss matters of mutual interest and benefit relating to training programs and opportunities. The Assistant Postmaster General, Training and Development Department, shall be the Employer's chief representative on such Committee. The Committee may consider and develop pilot programs, improved training methods and strategies, and other matters related to employee training and educational opportunities. Issues concerning local training and educational opportunities including the use of postal facilities for noncompensable training in college accredited courses, publicity of self-development training opportunities, and other training and educational matters of mutual interest and benefit are appropriate subjects for resolution at local labor-management committee meetings.

Consistent with established regulations and operational needs, the Postal Service will give consideration to requests for leave without pay by employees for training and educational opportunities.

The parties agree to consult at the national level to define which specific training courses and/or programs are job-related and those which are self-developmental, including the

Re: Bids With Required Computer Skills

The following procedure will be followed when senior bidders, meeting the minimum qualifications (qualification standard), are assigned to administrative clerk craft assignments, PS-5, which require running of or interaction with computer programs:

1. The senior bidder will assume the hours and days of the and be provided with on-the-job training (OJT) for a period of five working days. No out-of-schedule premium will be paid as a result of this action.
2. By no later than the end of the five-day period. the bidder must demonstrate the ability to successfully run those pro/procedures for which he/she will be responsible in the performance of the duties of the assignment. The specific programs/procedures will be identified at the beginning of the period, and instruction will be provided for each during the five days of OJT.
3. If the bidder is unable to successfully demonstrate the ability to run the programs, the employee will be returned to his/her previous assignment and the assignment will be awarded to the next senior currently qualified bidder who can immediately demonstrate the ability to run the programs.
4. In the event that the senior bidder is not successful, the employee may request a schedule change to attain a reasonable amount of time between the end of the temporary assignment and the beginning of the employee's next regularly scheduled reporting time. This request is subject to the prior approval of the employee's supervisor and Union steward.

When an employee does not request a schedule change and the end of the assignment period provided for in item

1 above is within ten hours of the employee's regular scheduled tour, managers will (prior to the qualification period) identify the schedule of the qualification period as extending through the employee's first non-scheduled day following the end of the qualification period. This provision will not serve to extend the time allowed for qualification as provided for in item 2. The employee will not be eligible for out-of-schedule premium as a result of these schedule changes.

5. The parties recognize that the Employer may develop computer aptitude tests or other measures for use in determining minimum qualifications.

Re: Productive Distribution

It is agreed that, when the senior bidder completes 80% or more of the allotted training time for scheme qualification, the employee will have the opportunity to be tested on the items studied. This test may be taken at the option of the employee.

If the senior bidder scores at least 90% on the above test, the senior bidder may request assignment to productive distribution during the remainder of the deferment period. Such requests, including a voluntary request for a change in schedule in order to provide such productive distribution, will be granted if operationally feasible.

This test is taken only for the purpose of being assigned to

productive distribution and does not count as an attempt to qualify. Employees will be afforded the same opportunities for scheme qualifications as those established in the 1984-1987 National Agreement. Appropriate visual aids shall be provided during this period of productive distribution.

RE: INTERLEVEL BIDDING--SENIORITY LIST

The parties agree that local management will be responsible for the establishment of this seniority list consistent with this agreement. The application of the merged seniority list shall be effective April 30, 1992. However, clerk craft vacancies posted for bid on or after that date will not be awarded until programming changes to accommodate interlevel bidding procedure are completed. The list shall reflect the seniority of employees within the craft and installation. There will be no retroactive application of seniority for service outside the installation prior to April 30. Other applications (e.g., overtime desired list, holiday scheduling, etc.) will continue to be made from existing lists until June 1. Part-time flexible employees will be placed on the list when converted to full-time with seniority within the craft and installation.

Once the seniority list is established, local management will provide copies to the union. The parties will then meet and reconcile any differences found in the list. Re: Special Count and Inspection - City Delivery Routes

The United States Postal Service and the National Association of Letter Carriers, AFL-CIO, agree that it is in the best interests of the Postal Service for letter carrier routes to be in proper adjustment.

Therefore, where the regular carrier has requested a special mail count and inspection, and the criteria set forth in Part 271g of the Methods Handbook, M-39, have been met, such inspection must be completed within four weeks of the request, and shall not be delayed. If the results of the inspection indicate that the route is to be adjusted, such adjustment must be placed in effect within 52 calendar days of the completion of the mail count in accordance with Section 211.3 of the M-39 Methods Handbook. Exceptions may be granted by a Division General Manager only when warranted by valid operational circumstances, substantiated by a detailed written statement, which shall be submitted to the local union within seven days of the grant of the exception. Re: Child Care Task Force

The parties agree to **continue** at the national level a "Task Force on Child Care." The Task Force shall have two representatives of the American Postal Workers Union (APWU), AFL-CIO, two representatives of the National Association of Letter Carriers (NALC), AFL-CIO, and four representatives of the U.S. Postal Service (USPS).

The purpose of the Task Force shall be to evaluate and study the feasibility of providing child care assistance for USPS employees. Such study will assess the benefits of child care programs to employees and the USPS regarding issues such as improvements in attendance, productivity, morale, turnover, etc. Other issues to be considered include, but are not limited to, liability, usage, and equity.

The Task Force will explore a full range of options including, but not limited to, child care centers, referral services, parenting seminars, consortiums, and information services. The Task Force may also consider piloting child care services should the studies conducted above justify it, subject to the approval of the National Presidents of APWU, the NALC, and the Senior Assistant Postmaster General, Human Resources Group, USPS.

The parties agree to establish a Dependent Care Fund. The Postal Service will contribute \$1.3 million to the Dependent Care Fund. The Task Force will develop procedures for administering the Dependent Care Fund. No pilot program or consultant may be funded by the Dependent Care Fund except by approval of the Task Force. The Fund may be used to retain the services of a professional consultant(s) and to develop pilot child care programs through loans or grants. Pilot child care programs may

include referral services, parenting seminars, consortiums, information services, child care education and training activities, and child care centers. A professional consultant(s) may be retained to assist the Task Force in assessing proposals for pilot child care programs, to assist local management and employees in the development of pilot child care programs, and to assess the benefits of pilot child care programs, once established, to employees and the USPS.

Pilot child care programs may be funded by the Dependent Care Fund only where an assessment conducted by a professional chosen by the Task Force has been completed, presented to the Task Force, and demonstrates the need for the particular type of child care program contemplated and that the program will provide some benefit to postal employees and the USPS. Benefits to the USPS which will be evaluated include improvements in attendance, productivity, morale, turnover, etc.

Within an appropriate period after the initiation of any pilot child care program initiated during the term of the 1987 or 1990 National Agreements, the Task Force shall conduct a study to assess the benefits to employees and the USPS of the piloted program. Benefits to the USPS to be specifically evaluated include effects on attendance, productivity, morale, turnover, etc.

The **parties** shall **continue to** explore the feasibility of applying Section 129 of the Economic Recovery Tax Act of 1981 regarding a dependent care assistance program to the USPS. The Task Force shall convene periodically but at least quarterly, at such times and at such places as it deems appropriate during the term of the **1990** Agreement. No actions or recommendations may be taken by the Task Force except by consensus of its parties subject to the approval of the National Presidents of the APWU and NALC and the SAPMG of Human Resources, USPS.

LETTER OF INTENT

This letter memorandum sets forth our mutual intent regarding the attached Memorandum of Understanding relating to maximization.

1. The initial 6 month measuring period will begin on January 1, 1982, and end on June 30, 1982. Conversions based upon this initial period shall be completed within sixty (60) days. This conversion process shall not interfere with or delay conversions which would otherwise be implemented pursuant to the existing National Agreement. Henceforth, the 6 month measuring periods will be monitored on a continuing basis, and conversions required shall be implemented promptly.
2. Conversions, required pursuant to this Memorandum of Understanding shall be in addition to (but not duplicative of) conversions that may be required pursuant to existing provisions of the National Agreement. The criteria established by this Memorandum of Understanding are supplementary to, not in limitation or diminishment of, existing criteria in the National Agreement.
3. Subject to operational requirements, the intent of the parties is to avoid unnecessary disruptions in existing patterns of reporting times, non-scheduled days and reporting locations for those PTF's converted pursuant to these criteria, to the extent the duties of the position converted are consistent with those performed by the PTF during the measurement period.
4. Employees converted to full-time positions pursuant to this Memorandum of Understanding may bid on assignments posted for bids by employees in their craft, and shall be full-time regular employees under the National Agreement.
5. In those installations where conversions have been made under this Memorandum of Understanding, and there are subsequent reversions or excessing, any reductions in full-time employees' positions shall be from among those position(s) converted pursuant to this Memorandum of Understanding until they are exhausted.
6. The parties will establish a national level committee to review and resolve any problems relating to the initial period of implementation, in accordance with their mutually expressed intentions. Accordingly, grievances filed at the local level relating to the initial period of implementation shall be stayed without prejudice to either party, and the time limits deemed extended by mutual consent, in order to permit review by the national committee. Upon such review, questions of fact may be referred to the normal grievance machinery.

**MEMORANDUM OF UNDERSTANDING
BETWEEN THE

THE JOINT BARGAINING COMMITTEE
(American Postal Workers Union, AFL-CIO

The parties agree that no later than ninety (90) days from the effective date of the 1987 National Agreement, Management will issue the following clarifying instructions regarding Operation 110-129 and 180-189 of Regional Instruction 399. The Postal Service will not make any changes in R.I. 399 during the life of this Agreement without the agreement of the Unions.

The following provides additional guidelines to determine the appropriate craft designation and assignment for distribution and separation activities for Operation Numbers 110-129 and 180-189 unit activities.

The current language in Regional Instruction 399 for Operations 110-129 and 180-189 contains instructions to assign clerks to "Distribution of outgoing IPP's, newspapers, rolls, letter or flat bundles, slugs, Special Delivery or Special Handling parcel post."

Additional instructions are contained in the document to assign mail handlers to "Cull/separate mail by type/characteristics and make basic local/out-of-town splits to trays, hampers, gurneys, conveyers, nutting trucks, or other containers" in Operations 110-129 and 180-189.

There has been some confusion as to the distinction between "basic local/out-of-town splits," which is assigned to mail handlers, and distribution, which is assigned to clerks.

The term distribution, as defined in Section 521.2 of the M-32 Handbook, includes a sortation of mail to ADC's, states, sectional centers, cities, foreign countries, official mail, associate offices, stations, branches, carrier routes, holdouts (e.g., firms, addresses, institutions, boxes), box sections, ZIP Codes, uncoded mail, nixie, APO, FPO, or similar separations.

All distribution of mail in Operations 110-129 and 180-189 is the work of the Clerk Craft.

The Unions signatory to this Memorandum of Understanding are not bound by any other agreement or Letter of Intent between the Employer and any other Union.

REGIONAL INSTRUCTION 399 - **TRANSITIONAL PROCEDURES**

General Principles

This memorandum is intended to facilitate the transition to the new RI-399 Dispute Resolution Procedures (DRP). All grievances pending on the date of signing of the DRP Memorandum shall be processed in accordance with the Transitional Procedures contained in this memorandum.

Once the pending grievances have been processed in accordance with the transitional procedures contained in this memorandum, this memorandum shall no longer be effective.

As specified in this memorandum, the parties at all three levels, shall concurrently identify and inventory all pending jurisdictional grievances. The processing of the cases shall be from the top down, i.e., beginning at the national level, the regional level, and then the local level. This method will allow remanded cases to be considered along with other pending grievances at the appropriate level.

Local Level

All jurisdictional grievances pending at Step 1 or 2, in addition to jurisdictional cases remanded to the local level, will be referred to the Local Dispute Resolution Committee (LDRC). The LDRC will have thirty (30) calendar days from the implementation date of the new procedures to jointly identify pending jurisdictional cases and to assure that each of the parties has complete copies of all case files.

The three parties will execute and include in each case file a jointly developed diagram of the operation in question, with a narrative describing the duties performed in the disputed function. If the parties cannot agree regarding the diagram or narrative, the parties separately may present their views for inclusion in the file.

At the end of the thirty (30) day period from the implementation date of the new procedure, the LDRC shall have identified and categorized all pending cases at Step 1 or 2 involving jurisdictional disputes. At that point, the LDRC will have thirty (30) days to attempt to resolve all disputes identified as pending at that level.

In addition to identifying, processing and attempting to resolve jurisdictional assignments which are in dispute, the Local Committee will engage in a joint effort to inventory all jurisdictional assignments which are not in dispute utilizing Attachment 1. Such effort will begin no later than the implementation date of the new procedure and be completed no later than one hundred twenty (12) calendar days after that date. Local inventories will include the following information:

1. operation number/description;
2. function number/description;
3. craft assignment;
4. a diagram; and
5. a signature of the appropriate representative of each party.

If any party disputes part or all of the inventory that dispute may also be submitted to the Regional Committee in keeping with the time frame for appeal of a jurisdictional dispute.

The sole issue in inventory disputes to be determined by the Regional Committee is whether a grievance existed over the disputed operation/function on the date of the signing of the DRP Memorandum.

Regional Level

The Regional Dispute Resolution Committee (RDRC) will identify all jurisdictional cases pending at Step 3 or regional arbitration, and jurisdictional cases remanded to the regional level. The parties will categorize cases dealing with the same function in a given operation in each facility and the moving Union will select one of the cases to serve as the representative case, with all others challenging the same function within an operation placed on hold pending resolution of the representative case. Any case or group of cases may be remanded to the local level by mutual agreement of the parties. This review shall be completed within sixty (60) days of the implementation date of the new procedure.

The RDRC shall decide local appeals consisting of: 1. cases determined to properly be at that level in the review process mentioned above; and 2. questions appealed to it involving a determination as to whether or not a dispute existed on the date of signing the DRP Memorandum. The appeals will be processed in accordance with the time frames and procedures contained in the DRP Memorandum.

If a question is appealed to the Regional Committee involving a determination as to whether a dispute existed on the date of signing the DRP Memorandum and a determination is reached at the regional level that a dispute did exist over the operation/function, the local parties will be advised in writing to process the dispute in accordance with the new procedures. The time limits for such a dispute will commence on the date of receipt by the moving union of the regional determination.

In the event the Regional Committee is unable to agree as to whether a dispute existed on the date of signing the DRP Memorandum, the moving union may appeal that question to regional-level arbitration within twenty-one (21) calendar days of the date of receipt of the Regional Committee's written decision. The issue to be decided by the arbitrator will be

the same as the one presented to the Regional Committee.

National Level

The National Dispute Resolution Committee (NDRC) shall identify all cases pending at Step 4 or national arbitration. This review shall be completed within sixty (60) days of the implementation date of the DRP Memorandum. Any case or group of cases may be remanded to a lower level by mutual agreement of the parties. National level cases will be processed in accordance with the time frame and procedures contained in the DRP Memorandum.

REGIONAL INSTRUCTION 399 - DISPUTE RESOLUTION PROCEDURES

General Principles

The parties to this Agreement agree to a new procedure for resolving jurisdictional disputes under Regional Instruction 399 (hereafter "RI-399). The new procedures will be implemented sixty (60) calendar days after the effective date of this Agreement.

Effective with the signing of this Agreement, no new disputes will be initiated at the local level by either union challenging jurisdictional work assignments in any operations as they currently exist. Except as otherwise specifically provided in the New or Consolidated Facilities, New Work, or Operational Change sections contained in this memorandum, all local craft jurisdictional assignments which are not already the subject of a pending locally initiated grievance will be deemed as a proper assignment for that facility.

In order to provide for expeditious and efficient resolution of jurisdictional disputes only one representative case shall be processed for each operation/function in dispute. Multiple disputes arising out of the same or substantially similar issues or facts shall not be allowed.

Dispute Resolution Committees shall be established at the local, regional and national levels. The Committee shall be composed on one (1) representative from each of the three parties. The representative on the Committee may be assisted by a technician at any or all meetings if advance notice is given to the other two parties. At larger installations the local

parties may mutually agree to establish more than one (1) Committee; however, there shall not be more than one(1) Committee per facility. Committee decisions shall be by mutual agreement of all 3 parties.

Meetings of the Committee must be scheduled with sufficient frequency so that a decision can be rendered within the time limits contained in this Agreement. The time limits contained in this Agreement may be extended by mutual agreement of the parties. If a committee fails to render a decision within the time frames in this Agreement the moving union may appeal the dispute to the next step in the procedure.

Each party at the local level will be responsible for maintaining an inventory of jurisdictional assignments not in dispute. As jurisdictional disputes are resolved under this procedure, the results shall be added to the inventory.

The national parties shall mutually determine and implement a new numbering system to be utilized in this procedure.

All parties to this Agreement may participate in the arbitration proceedings at either level and all parties shall be bound by the arbitrator's award whether or not they participate in the arbitration proceedings. The arbitrator's award shall be final and binding.

Any settlement entered into at any level must be a tripartite settlement.

Local Level

The Local Dispute Resolution Committee (LDRC) will have thirty (30) calendar days after receipt of a properly filed dispute to attempt to resolve the dispute.

1. A dispute may be initiated by either Union. It must be submitted in writing to the other two parties. It must, at minimum, contain:
 - A. the operation number/description;
 - B. the function number/description;
 - C. what craft is presently assigned the work;
 - D. a diagram of the operation with a written narrative describing the disputed function;

- E. the contentions of the party filing the dispute;
 - F. the condition which permits the filing of the dispute; i.e., new or consolidated facility, new work, or operational changes.
2. If a dispute is resolved, a tripartite settlement agreement will be signed by the parties and the jurisdictional work assignment shall be added to the local inventory of agreed upon craft assignments. The settlement agreement will include the grievance number, the identification of the operation and functions involved and the determination of the appropriate craft. A diagram jointly prepared with a narrative describing the disputed operation/function will be attached to the settlement, if possible.
 3. If the dispute is unresolved at the end of the thirty (30) day period, a tripartite decision will be written by the Committee setting forth the position of each party. The moving Union may appeal the dispute to the Regional Committee within twenty-one (21) calendar days of the date the decision is reduced to writing and signed by the three parties. A copy of the appeal and the complete case file must be sent to each of the Regional parties by the appealing Union.

Regional Level

The Regional Dispute Resolution Committee (RDRC) shall have sixty (60) calendar days after receipt of a properly appealed dispute to attempt to resolve the dispute.

1. If a dispute is resolved a tripartite settlement agreement will be signed by the parties. The Agreement shall contain the same information specified in the section of this Agreement for local settlement of disputes. The Agreement will be sent to the local committee for implementation and the work assignment shall be added to the local inventory of agreed upon craft assignments.
2. If the dispute is unresolved at the end of the sixty (60) calendar day period, a tripartite decision will be written by the Committee setting forth the position of each party. The moving Union may appeal the dispute to regional

arbitration within twenty-one (21) calendar days of the date of receipt of the written decision of the Committee. Copies of the appeal will be provided to the other parties.

3. If any member of the Regional Committee identifies an appealed dispute as involving an interpretive issue which is of general application, that member shall inform the other members of the specific issue(s), in writing, prior to the issuance of a decision by the Committee on that dispute. The written decision by the Committee shall have this written notification attached to the decision. If such an issue is so identified and remains unresolved on the date of the Regional Committee decision, the moving union may only appeal such dispute to the National Committee. Failure of a party to identify such an issue prior to the date of the decision by the Regional Committee precludes appeal to the National Committee of that specific dispute.
4. The RDRC may, but mutual agreement, remand a case back to the LDRC with specific instructions.

National Level

The National Dispute Resolution Committee (NDRC) shall have sixty (60) calendar days after receipt of a properly filed or appealed dispute to attempt to resolve the dispute.

1. Either union party may initiate a dispute at the National level when such dispute involves an interpretive issue which under the National Agreement is of general application. Such disputes shall be provided to the National Committee, in writing, and must specify in detail the facts giving rise to the dispute, the precise interpretive issues to be decided and the contentions of the Union.
2. If a dispute is resolved, a tripartite settlement agreement will be signed by the parties.
3. If the dispute is unresolved at the end of the sixty (6) calendar day period, a tripartite decision will be written by the Committee setting forth the position of each party. The moving Union may appeal the dispute to National Arbitration within twenty-one (21) calendar days of the

date of receipt of the written decision of the Committee. Copies of the appeal will be provided to the other parties.

4. In the event the National Committee, after review, decides that a dispute appealed from the regional level does not involve an interpretive issue which is of general application, the dispute shall be remanded to the regional level and placed on the list of pending arbitration cases.

Regional Arbitration

A panel of two (2) arbitrators will be jointly selected by the parties for each of the five (5) regions. Additional arbitrators may be added to a regional panel up to a maximum of five (5) by mutual agreement of the parties. Selection of the arbitrators will be by a method and for a time period to be agreed upon by the parties. Such panel of arbitrators shall hear only jurisdictional cases. Their fees and expenses will be allocated on a basis of one-half (1/2) to management and one-half (1/2) shared equally by the participating unions. If any party decides not to participate in the arbitration proceedings, the remaining parties will equally divide the arbitrator's fees and expenses. The current practices of the parties related to allocation of cost for canceled dates will be continued.

Scheduling of regional arbitration cases will be jointly preformed by the parties from a list of dates submitted by the arbitrators. All scheduling correspondence with the arbitrators will be jointly signed by the parties. The method of scheduling will be jointly agreed to by the parties. The factors to be considered in establishing such a method shall be:

1. a first-in/first-out basis;
2. cost effectiveness of the system;
3. volume of cases in a particular geographic area;
4. availability of advocates for each party; and
5. a proportionate allocation of dates for each geographic area.

Cases will be scheduled and heard within ninety (90) calendar days after receipt of the appeal. Jurisdiction arbitrators will

provide their decisions to the parties within thirty (3) calendar days of the close of the record.

National Arbitration

One arbitrator will be jointly selected by the parties at the national level on the basis of mutual agreement. Once selected, the arbitrator will hear only jurisdictional disputes. The arbitrator's fees and expenses will be allocated on the basis on one-half (1/2) to management and on-half (1/2) shared equally by the participating unions. However, if a party decides not to participate in the arbitration proceedings, the remaining parties will equally divide the arbitrator's fees and expenses. Scheduling of cases will be jointly performed by the parties from a list of dates submitted by the national arbitrator. Time frames will be the same as those designated for regional arbitration. The method of scheduling will normally be on a first-in/first-out basis.

Pursuant to Article 15 of the National Agreement, only disputes involving interpretive issues under the National Agreement which are of general application will be arbitrated at the national level.

Additionally, the national-level arbitrator may be invited to participate in an advisory capacity at National Committee meetings on items related to problems of consistency of regional-level awards or other problems mutually determined by the committee. The arbitrator may be empowered by mutual agreement of the parties to issue instructions to the regional-level arbitrators which were consistent with any mutual understanding on these issues reached as a result of committee discussions. Payment for such services will be made as for an actual arbitration hearing.

New Or Consolidated Facilities

The following procedures shall apply to the opening of new or consolidated facilities.

Forty-five (45) calendar days prior to the opening of a new or consolidated facility, the members of the RDRC will be notified of the date on which activation will take place. Within ninety (90) calendar days of that activation, the LDRC designated for

the facility will conduct an inventory of jurisdictional assignments at the facility and will attempt to resolve any disputes which arise from these discussions. If necessary, representatives of the RDRC will assist the local parties with on-site reviews.

Jurisdictional assignments shall not be changed solely on the basis of moving operation(s) into a new facility. If jurisdictional assignments existed in a previous facility, they shall be carried forward into the new facility except where operational changes as described below result in the reassignment from one craft to another.

In a new or consolidated facility, the jurisdictional assignment in the previous facilities must be considered by the LDRC in the determination mentioned above, in the event the consolidated operation(s) had a mixed practice in the previous installations.

The decision of the LDRC will be processed in accordance with the decision and appeals procedures previously outlined, including appeals to the higher levels of the process.

New Work

This section refers to implementation of RI-399 involving work which had not previously existed in the installation.

The procedures for activation of a new or consolidated facility shall apply to the assignment of new work to an installation. The standards contained in Section II.E of RI-399 shall apply in making the craft determinations.

Operational Change

Management will not engage in operational changes for the purpose of affecting the jurisdictional assignments in a facility. It is the intent of the parties to continue craft jurisdictional assignments which are not already the subject of a grievance as indicated on page 1, paragraph 2, of this Agreement.

To the extent that operational changes are made that may result in the reassignment of functions from one craft to another management must present and discuss such changes with the LDRC thirty (30) days prior to the effective date of

the operational change. Within 14 days from the effective date, the adversely impacted union may appeal the operational change in arbitration. A tripartite arbitration shall be heard within sixty (60) days of the effective date of the operational change in order to resolve any jurisdictional disputes. The issue to be decided in cases involving operational changes will be whether the proposed change is consistent with RI-399 and/or the intent of this Agreement.
