Dear Mr. Neill:

On July 26, 1984, we met with you to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The subject grievance is settled based on the following understanding concerning documentation required to substantiate illness:

There may be situations in which an attending physician or other attending practitioner may authorize a staff member to sign a document on behalf of the attending physician or other practitioner (e.g. An attending physician or practitioner instructs his/her nurse to complete and sign a document for the attending physician or practitioner). Such documentation may be subject to verification, if the need arises.

Please sign and return the enclosed copy of this decision as acknowledgement of agreement to settle this case.

The time limits were extended by mutual consent.

Sincerely,

Daniel A. Kahn
Labor Relations Department
